All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

- a. General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
- b. Competition from existing and new entities may adversely affect our revenues and profitability;
- c. Political instability or changes in the Government could adversely affect economic conditions in India and consequently our business may get affected to some extent.
- d. Our business and financial performance is particularly based on market demand and supply of our Products/services;
- e. The performance of our business may be adversely affected by changes in, or regulatory policies of, the Indian national, state and local Governments;
- f. Any downgrading of India’s debt rating by a domestic or international rating agency could have a negative impact on our business and investment returns;
- g. Changes in Government Policies and political situation in India may have an adverse impact on the business and operations of our Company;
- h. The occurrence of natural or man-made disasters could adversely affect our results of operations and financial condition.
- i. Our ability to respond to technological changes;
- j. Our ability to attract and retain qualified personnel;
- k. Our ability to manage our growth effectively.

For further discussion of factors that could cause the actual results to differ from the expectations, see the sections/chapters “*Risk Factors*”, “*Our Business*” and “*Management’s Discussion and Analysis of Financial Position and Results of Operations*” beginning on page number 27, 133 and 228 respectively of this Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what occurs in the future. As a result, actual gains or losses could materially differ from those that have been estimated.

Forward looking statements reflect the current views as of the date of this Prospectus and are not a guarantee of future performance. These statements are based on the management’s beliefs and assumptions, which in turn are based on currently available information. Although our Company believes the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate, and the forward-looking statements based on these assumptions could be incorrect. None of our Company, the Directors, the LM, or any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. Our Company and the Directors will ensure that investors in India are informed of material developments until the time of the grant of listing and trading permission by the Stock Exchange.

We cannot assure investors that the expectations reflected in these forward-looking statements will prove to

be correct. Given these uncertainties, investors cautioned not to place undue reliance on such forward-looking statements and not to regard such statements as a guarantee of future performance.

Neither our Company, our Promoters, our Directors, KMPs, the Market Maker, the Syndicate Members nor any of their respective affiliates or advisors have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition.

In accordance with the requirements of SEBI, our Company shall ensure that investors in India are informed of material developments pertaining to our Company and the Equity Shares from the date of this Prospectus until the time of grant of listing and trading permission by the Stock Exchanges.

SUMMARY OF THE ISSUE DOCUMENT

This section is a general summary of the terms of the issue and of certain disclosures included in this Prospectus and is not exhaustive, nor does it purport to contain a summary of all the disclosures in this Prospectus or all details relevant to prospective Investors. This summary should be read in conjunction with, and is qualified in its entirety by, the more detailed information appearing elsewhere in this Prospectus, including the sections titled "Risk Factors", "Our Business", "Industry Overview", "Capital Structure", "The Issue", "Objects of the Issue", "Our Promoter and Promoter Group", "Financial Information", "Outstanding Litigation and Other Material Developments", "Management's Discussion and Analysis of Financial Condition and Results of Operation", "Issue Structure", "Main Provisions of the Article of Association" and "Issue Procedure" on pages 27, 133, 112, 76, 66, 89, 183, 195, 241, 228, 268, 308 and 270 respectively of this Prospectus.

A. Primary business of our Company

We are in the business of manufacturing Electric Vehicles which includes Electric Rickshaws, Passenger Rickshaws, E-Loaders, Cargo Rickshaws and Electric Scooters. Our portfolio extends beyond conventional offerings to include customized E-Three Wheelers, catering to specific needs such as Food Three Wheelers and Ice Cream Three Wheelers.

For Detailed information on our business, please refer to the chapter titled "Our Business" beginning from page 133 of this Prospectus.

B. Industry in which our Company operates

Our Company operates in electric vehicle industry. India's electric vehicle (EV) sector is experiencing rapid growth, fuelled by government incentives, rising environmental concerns, and technological advancements. With initiatives like the Faster Adoption and Manufacturing of Hybrid and Electric Vehicles (FAME) scheme, India aims to significantly increase EV adoption, revolutionizing its transportation landscape towards sustainability and innovation.

In 2023, the global electric vehicle market was valued at US\$ 255.54 billion. It is forecasted to reach approximately US\$ 2,108.80 billion by 2033, growing at a significant CAGR of 23.42% from 2024 to 2033. According to Fortune Business Insights, the Indian EV market is forecasted to expand from US\$ 3.21 billion in 2022 to US\$ 113.99 billion by 2029, with a 66.52% CAGR. In 2023, electric vehicle sales in India surged by 49.25%, reaching 1.52 million units.

India has established an objective to increase the proportion of electric vehicle (EV) sales to 30% in private cars, 70% in commercial vehicles, 40% in buses, and 80% in two-wheelers and three-wheelers by the year 2030. This equates to an ambitious objective of 80 million EVs on Indian roads by 2030 as per the estimates of CII. The global move towards electric vehicles is generating new opportunities for automotive suppliers. The Indian EV battery market is projected to surge from US\$ 16.77 billion in 2023 to a remarkable US\$ 27.70 billion by 2028.

For Detailed information on our industry, please refer to the chapter titled "Industry Overview" beginning from page 112 of this Prospectus.

SECTION II – RISK FACTORS

An investment in equity shares involves a high degree of risk. You should carefully consider all the information in this Prospectus, including the risks and uncertainties described below, before making an investment in the Equity Shares. If any of the following risks, or other risks that are not currently known or are now deemed immaterial, actually occur, our business, results of operations, cash flows and financial condition could suffer, the price of the Equity Shares could decline, and you may lose all or part of your investment. We have described the risks and uncertainties that we believe are material, but these risks and uncertainties may not be the only risks relevant to us, the Equity Shares, or the industry in which we currently operate or propose to operate in. In making an investment decision, prospective investors must rely on their own examination of us and the terms of the Issue including the merits and risks involved. Prospective investors should consult their tax, financial and legal advisors about consequences on them of an investment in the Issue.. The financial and other related implications of the risk factors, wherever quantifiable, have been disclosed in the risk factors mentioned below. However, there are certain risk factors where the financial impact is not quantifiable and, therefore, such financial impact cannot be disclosed in such risk Factors. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial or other implications of any of the risks described in this section.

*Our financial year ends on March 31 of each year, so all references to a particular “financial year” are to the 12-months period ended March 31 of that financial year. All references to a year are to that Financial Year, unless otherwise noted. Unless otherwise indicated, the financial information included herein is based on our Restated Financial Statements included in this Prospectus. For further information, please see “**Restated Financial Statements**” on page 195. We have, in this Prospectus, included various operational performance indicators, some of which may not be derived from our Restated Financial Statements and may not have been subjected to an audit or review by our Statutory Auditors. The manner in which such operational performance indicators are calculated and presented, and the assumptions and estimates used in such calculation, may vary from that used by other companies in same business as of our Company in India and other jurisdictions. Investors are accordingly cautioned against placing undue reliance on such information in making an investment decision and should consult their own advisors and evaluate such information in the context of the Restated Statements and other information relating to our business and operations included in this Prospectus.*

*This Prospectus also contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Prospectus. See section “**Forward-Looking Statements**” on page 17.*

Unless stated otherwise, industry data used throughout the Prospectus has been obtained or derived from industry and government publications, publicly available information and sources. Industry publications generally state that the information contained in those publications has been obtained from sources believed to be reliable but that their accuracy and completeness are not guaranteed, and their reliability cannot be assured. Although our Company believes that industry data used in the Prospectus is reliable, it has not been independently verified.

Further, the extent to which the industry and market data presented in the Prospectus is meaningful depends on the reader's familiarity with and understanding of, the methodologies used in compiling such data. There are no standard data gathering methodologies in the industry in which we conduct our business, and methodologies and assumptions may vary widely among different industry sources

*To obtain a complete understanding, prospective investors should read this section in conjunction with the sections “**Our Business**”, “**Industry Overview**” and “**Management’s Discussion and Analysis of Financial Condition and Results of Operations**” on pages 133, 112 and 228 respectively, as well as the other financial and statistical information contained in this Prospectus.*

INTERNAL RISKS

- 1. Our success depends on our ability to successfully develop, introduce, manufacture, market and deliver new electric vehicle models of high quality on schedule and on a large scale, which may expose us to new and increased challenges and risks.***

Our growth depends on our ability to successfully develop, introduce, manufacture, market and deliver new variants of EV scooters, EV motorcycles, etc. in the medium-to-long term. For details regarding our product variants please refer to “*Our Business*” chapter on page 133. This development of new EVs requires significant capital expenditure, including investments in engineers and other human capital, optimization of our supply chain, R&D costs and other intangibles, which may result in cost overruns, particularly given that we have no prior experience manufacturing such EVs. Factors affecting competition include, among others, technological innovation, product quality and safety, product pricing, sales efficiency, manufacturing efficiency, quality of services, brand value, design and styling. Increasing competition may lead to lower EV unit sales and increasing inventory. Our ability to successfully compete against other vehicle brands will be fundamental to our future success in existing and new markets and our market share.

Further, we may experience material delays in the launch and rollout of new EVs in the future and our growth prospects could be adversely affected as we may fail to maintain or grow our market share.

Developing and launching new products will need enhancements to be made to our technology platform may also involve significant risks and capital investments that may not generate commensurate returns on investment. We may not be able to innovate or innovate at the speed of some of our competitors. Hence, our technology or platform may become obsolete and this may result in a loss of market share. We may use new technologies ineffectively, or we may fail to adapt to emerging industry standards or regulatory requirements. Due to any of the reasons above, our customers may be dissatisfied with our EVs which in turn may cause a decline in our brand reputation and sales.

Our ability to successfully develop, introduce, manufacture, market and deliver new, high quality EVs on schedule and on a large scale depends on:

- our ability to generate cash flow, secure necessary funding and control expenses and investments in anticipation of expanded operations;
- our inability to manage a large work force in different divisions and geographies and implement and enhance administrative infrastructure, safety, systems and processes;
- our inability to secure the necessary EV components, services, or licenses on acceptable terms and in a timely manner;
- our inability to deliver final EV component designs to our suppliers in a timely manner;
- our inability to maintain effective and efficient quality and safety controls, including within our manufacturing processes;
- our inability to design and manufacture EVs without defects that require us to undertake repairs or take field actions, such as issuing product recalls or changing vehicle designs; and
- our inability to obtain the required regulatory approvals and certifications.

If we are unable to manage or prevent the above risks, our brand, reputation and results of operations will be negatively impacted.

- 2. If our electric vehicles contain defects, do not perform as per industry standards and/or fail to meet the performance levels advertised, our brand and reputation and our ability to develop, market and sell our electric vehicles could be adversely impacted, and we may be compelled to undertake product recalls or similar corrective actions and have legal actions taken against us.***

While any EVs that we deliver must meet the relevant EV standards prescribed by the International Centre for Automotive Technology (“ICAT”) as amended from time to time, these testing and approval protocols may not succeed in identifying and addressing all latent, potential and other defects. We cannot assure you that we will be able to detect and fix any defects in the EVs on a timely basis, or at all. Any defects or any

other failure of our EVs to perform or operate as advertised could harm our reputation and result in negative publicity, loss of revenue, delivery delays, product liability claims, harm to the ‘Victory’ brand, and significant expenses including warranty claims, cause us to be subject to potential lawsuits, diversion of our management’s attention and other resources that could materially and adversely affect our business, financial condition, results of operations and prospects. For details on litigation initiated by customers before consumer forums, please refer to “*Outstanding Litigation and Material Developments – Litigation involving our Company – Litigation against our Company – Other Matters*” on page 241. In addition, there could be mal-operation, negligence, or failure to follow protocols by our employees or our third-party service providers.

If any of our EVs or EV components procured from suppliers (including our cells) prove to be defective or noncompliant with applicable government motor vehicle safety standards, due to human error, or otherwise, we or our suppliers may be compelled to initiate product recalls. Such inspections, repairs and replacements involve significant expenses, the possibility of lawsuits, and diversion of management’s attention and other resources, which could adversely affect our brand image in our target market and our business, prospects, financial condition, results of operations, and cash flows.

3. *We depend on third parties for the supply of raw materials and do not have firm commitments for supply or exclusive arrangements with any of our suppliers. Loss of suppliers may have an adverse effect on our business, results of operations and financial condition.*

We do not have firm commitments for supply of raw materials and rely on regular purchase orders and delivery schedules for the procurement of all raw materials. We procure our raw materials by way of general purchase orders wherein the pricing, scheduling and delivery details are set out. We depend on third-party suppliers for all our raw materials and have no binding or general agreements with them and they could give defective and/or delayed supplies due to which our company could face losses or loss of reputation in the market for defective or delayed supplies. We may be unable to source such products from alternative suppliers on similar commercial terms and within a reasonable timeframe. Furthermore, as we are subject to applicable laws in relation to our operations including labelling, environmental and manufacturing, our supplier base is limited, which exacerbates the risk of being unable to make alternative arrangements. While our suppliers have not supplied any defective materials nor have they delayed any supply in the last three Fiscals, yet we may be unable to find suitable alternatives in the event they do so in the future.

Furthermore, as we typically do not have exclusive arrangements with our suppliers, our suppliers could engage with our competitors and prioritize supplies of them, which could adversely impact our ability to procure a sufficient quantity of raw materials at competitive rates and in time.

Ultimately, our success depends on the uninterrupted supply of raw materials to our manufacturing facility which is subject to various uncertainties and risks. A failure to maintain a continuous supply of raw materials may result in our inability to manufacture and supply products to our customers on a timely basis which could have a material and adverse effect on our business, results of operations and overall financial condition.

4. *If we are not able to provide regular repair services, attract and retain customers, our business, prospects, financial condition, results of operations, and cash flows would be materially harmed.*

Our success depends on our ability to attract a large number of customers to purchase our EVs and the associated services, such as EV servicing, regular repair services and road-side assistance. Our ability to attract customers is dependent on many factors, including our ability to design and manufacture EVs that satisfy the needs and preferences of customers and meet applicable industry standards, grow our brand and reputation in the EV market, provide after sale services, advertise and promote our EVs and increase the scale and efficiency of our sales network. In Fiscals 2024, 2023 and 2022, our advertising, marketing and sales promotion were minimal.

In the future we may allocate significant resources to advertising and promotional activities, but there can be no assurance that such efforts will yield their expected benefits in terms of attracting customers to us. Furthermore, if our charging infrastructure is not conveniently accessible to customers or if our aftersales services, such as EV servicing, are not efficient, our brand name and reputation could be negatively

impacted, thus leading to slower growth in new customers. Any deficiency in grievance redressal of our customers can also affect customer satisfaction which may impact our reputation and brand.

We provide our e-vehicle servicing at dealer points. We have limited experience servicing EVs and providing after-sales service to our customers in part through third-party service providers. We cannot assure you that our service arrangements will adequately address the service requirements of our customers to their satisfaction, or that we and our third-party service providers will have sufficient resources to meet these service requirements in a timely manner as the volume of EVs we deliver increases.

5. *Our Company, our Promoters and our Directors have pending litigations against them. Any adverse order on such pending litigations may adversely impact our business operations and financial statements.*

Our company, our promoters and our directors have pending litigations against them including both civil and criminal cases. A summary of outstanding litigation proceedings involving our Company, Promoter, Directors, and Group Companies as on the date of this Prospectus as disclosed in the section titled "***Outstanding Litigation and Other Material Developments***" on page 241 in terms of the SEBI ICDR Regulations, 2018.

Our company, our Promoters and our Directors are exposed to the risk of any adverse order against us in any of our pending litigation. If any order is passed against us, we may have material impact on our financials and business operations.

Criminal Case against our Promoter and Director Mr. Sanjay Kumar Popli

Our Promoter and Managing Director, Mr. Sanjay Kumar Popli was involved in a car accident near his residence. The victim succumbed to injuries and a few days later died in the hospital. The victim's family subsequently filed a criminal suit against Mr. Sanjay Kumar Popli in the Tis Hazari Court, New Delhi under section 279 and 304A of the Indian Penal Code. Mr. Sanjay Kumar Popli was arrested on March 26, 2018 and released on bail on the same date. According to the records of the court's online portal and the charge sheet, Mr. Sanjay Kumar Popli has been charged under Sections 279, 304A of the Indian Penal Code (IPC) and the case is still pending in the said court at prosecution evidence stage. The next date of hearing is June 09, 2025

If any adverse order is passed against our promoter director M. Sanjay Kumar Popli, our business operations will be materially affected due to non-availability of our key managerial personnel.

Case filed against our company before NCLT, Delhi under Insolvency & Bankruptcy Code, 2016

Cosmo World, one of our customers has filed an application against the Company on April 09, 2024 in National Company Law Tribunal, New Delhi, to initiate the corporate insolvency proceedings under Chapter II of the Indian Bankruptcy Code, 2016. Our Company was manufacturing different variants of two wheeler electric vehicles such as Ventura, Victory Vero, Victory Sport, Victory Auto and Victory Garage for Cosmo World. In the said case, Cosmo World has alleged that after receiving complaints in relation to the electric vehicles from its customers, our Company did not provide Cosmo World after sales services due to which Cosmos World has claimed an amount of INR 1,85,35,340 (Indian Rupees One Crore Eighty Five Lakhs Thirty Five Thousand Three Hundred and Forty) from our Company. Cosmos World has claimed the aforesaid amount as an operational debt owed by our Company to Cosmo World. The said matter is currently pending before the National Company Law Tribunal, New Delhi.

If any order is passed against us, we may have material impact on our financials and business operations.

6. *Our company receives customer complaints related to our product. There are pending unresolved customer complaints as on December 31, 2024.*

EV's that we deliver must meet the relevant EV standard prescribed by the International Centre for Automotive Technology (ICAT) as amended from time to time. However, these testing and approval protocols may not succeed in identifying and addressing all latent, potential and other defects. The below table shows number of complaints received, redressed, pending and remained unresolved for stub period

ended December 31, 2024 and Fiscal years 2024, 2023 and 2022:

Particulars	December 31, 2024	FY 2024	FY 2023	FY 2022
Number of Complaints Received	195	250	290	310
Number of Complaints Redressed	166	220	272	295
Number of Complaints Pending	15	20	6	10
Number of Complaints Unresolved	9	10	12	5

However, we have been very vigilant in adhering to customer complaints and providing after sales service and have been able to redress maximum number of complaints as mentioned in table above.

We have received customer complaints pertaining to product in the past. We cannot assure you that we will not receive such similar complaints in the future or that we will be able to address such customer complaints in a timely manner or at all.

Any defects or any any other failure of our EVs to perform or operate as advertised may result in any mishap which could lead to customer complaints and harm our reputation and result in negative publicity. We could experience loss of revenue, delivery delays or product liability claims.

7. *We could experience defects, quality issues or disruptions in the supply or increase in prices of components used in our electric vehicles thus increasing material costs and the price of our electric vehicles and impacting our projected manufacturing and delivery timelines.*

We majorly source our EV components from third-party domestic suppliers.

The table below shows the total cost of materials consumed for our EV rickshaws and scooters as a percentage of our expenses for the stub period ended December 31, 2024, Fiscals 2024, 2023 and 2022 respectively.

(₹ in lakhs)

	Stub Period Ended	For the Financial Year Ended		
Particulars	December 31, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Cost of materials consumed (₹ in lakhs)	2,901.94	3,846.02	4,358.66	4,574.34
Cost of materials consumed (%)	84.35%	91.17%	85.39%	96.86%
Total Expenses (₹ in lakhs)	3,440.52	4,218.62	5,104.38	4,722.26

While we provide our suppliers with the design specifications of certain of our EV components such as the body panels and frames of our EV Rickshaw and scooters and in some instances, necessary tools to manufacture our EV components, we cannot guarantee that the quality of the EV components manufactured by them will be consistent and maintained as per our design specifications and will be consistent across multiple suppliers. We also cannot guarantee the suppliers' compliance with ethical business practices, such as environmental responsibilities, industry standards on sustainability, fair wage practices and compliance with child labour laws, among others. While our suppliers provide product warranties, any defects or quality issues with these components or any incidents of non-compliance by these suppliers could result in quality issues with our EVs, interruptions or delays in the supply of EV components and consequently adversely impact our brand image and results of operations.

There can be no assurance that our existing suppliers will be able to provide adequate materials and EV components in a timely manner as we scale up our operations. If we are unable to successfully retain these suppliers on commercially favourable terms, we may have to seek alternative suppliers as replacement

which may result in increased cost, delays in EV production, EV component replacement and servicing and ultimately reduce our EV sales, which in turn could adversely affect our results of operations and brand image. In addition, delays in replacing our limited source suppliers could cause disruptions in our supply chain. If we seek to diversify suppliers in the future, we may not be able to do so within our preferred timeframe or budget. Furthermore, external factors such as currency fluctuations, tariffs or shortages in petroleum and other economic or political conditions may result in significant increases in freight charges and costs of raw materials and EV components thus, increasing our operating costs and reducing our margins, and in some cases, causing delays in procurement of such materials and EV components.

With respect to batteries in particular, we are exposed to multiple risks relating to availability and pricing of quality cells. Furthermore, although we have sought to work with reputed suppliers for each of our battery components, we may still face risks in receiving a steady supply of components. These risks include the inability or unwillingness of cell manufacturers to build or operate cell manufacturing plants to supply the numbers of cells (including the applicable chemistries) required to support the growth of the electric or plug-in hybrid vehicle industry as demand for EVs increases; disruption in the supply of cells due to quality issues or recalls by the cell manufacturers; and an increase in the cost, or decrease in the available supply of raw materials used in cell manufacturing, such as lithium, nickel, cobalt and manganese oxides, aluminium, graphite, copper and other minerals. The growth in popularity of EVs without a significant expansion in cell production capacity could result in shortages which would result in suppliers increasing their prices in response to increased demand thus leading to increased material costs, and would impact our projected manufacturing and delivery timelines, and adversely affect our business, prospects, financial condition, results of operations, and cash flows.

8. *We may not be able to accurately estimate the supply and demand for our electric vehicles leading to either a shortage or excess in inventory, which in turn could prevent us from effectively managing our manufacturing requirements, resulting in additional costs, production delays. Low demand for our vehicles and low-capacity utilization of our factory may limit our ability to leverage economies of scale.*

As the scale of our EV production increases, we need to accurately forecast, purchase, store, and manage transport of EV components to our factory to manage our production costs and avoid production delays. In a relatively nascent segment within the automotives industry, we have limited insights into consumer trends including customers' inclination to adopt EVs and the competitive landscape that may emerge and affect our business. It is therefore difficult to predict our future revenue and appropriately budget for our expenses. If we overestimate the demand of our EVs, we may have excess inventory of our EVs and/or product components and/or raw materials and incur unnecessary costs of manufacturing additional EVs and costs of storage. If we underestimate our requirements, our suppliers may supply inadequate inventory, which could result in delays in manufacturing due to shortage of raw materials/EV components thus leading to a delay in deliveries of our EVs and collection of revenues.

The lead times for materials and EV components that we order from our suppliers may vary significantly and depend on factors such as the specific supplier, contract terms and demand for each EV component at a given time. If we fail to order sufficient quantities of raw materials and/or product components in a timely manner, the delivery of EVs to our customers could be delayed, which would harm our business, prospects, financial condition, results of operations, and cash flows.

Below table shows company's year-wise installed capacity and utilisation details:

(₹ in lakhs except %)

Product	December 31, 2024		FY 23-24		FY 22-23		FY 21-22	
	Total Capacity (Proportionate)	Actual Utilisation (in %)	Total Capacity (Annual)	Actual Utilisation (in %)	Total Capacity (Annual)	Actual Utilisation (in %)	Total Capacity (Annual)	Actual Utilisation (in %)
E-Rickshaw	3,915	79.18%	5,220	73.66%	4,500	70.96%	4,080	81.99%
Two- Wheeler	630	94.44%	780	70.51%	780	16.15%	720	73.61%

Historically, we have tried to optimally utilise our total production capacity in lines with our demand. However, we may not be able to fully utilize such capacity if demand for our EVs does not meet our

expectations. We cannot assure you that we will be able to achieve high capacity utilization rates in the future which in turn could limit our ability to leverage economies of scale, thereby adversely affecting our margins and results of operations.

9. *Our Company earns majority of revenue from few states like Uttar Pradesh, Haryana, Bihar, Delhi and Madhya Pradesh. Change in customer preference or any adverse regulation from the state governments in these states will have a major impact on our revenue from operations.*

Our company earns majority of revenue from few states i.e. Uttar Pradesh, Haryana, Bihar, Delhi and Madhya Pradesh. While we typically have long term relationships with our dealers in these states, we have not entered into long term agreements with our dealers and the success of our business is accordingly significantly dependent on us maintaining good relationships with our dealers. The following table represents the percentage of revenue from these states as total revenue from operations:

STATE	FY 2022	FY 2023	FY 2024	December 31, 2024
Uttar Pradesh	24.55%	30.70%	38.41%	20.57%
Haryana	30.24%	23.32%	10.96%	6.60%
Delhi	10.03%	0.27%	1.77%	35.54%
Bihar	4.67%	13.65%	19.63%	6.29%
Madhya Pradesh	11.36%	9.59%	8.23%	2.95%

The actual sales by our company may differ from the estimates of our management due to the absence of long-term agreements. Further, state government approvals and regulations also have a major influence on our business operations. Any adverse regulations from the state authorities may have a major impact on our presence in these states. The loss of one or more revenue from any of the states from which we have major revenue or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows. We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Any decline in our quality standards, growing competition and any change in the demand, may adversely affect our ability to retain them. We cannot assure that we shall generate the same quantum of business, or any business at all, and the loss of business from one or more of them may adversely affect our revenues and results of operations.”

10. *Some of our Promoters Group Entities/Group Companies have objects which would allow them to engage in the line of business similar to our Company. There are no non-compete agreements between our Company and such Promoter Group/Group Companies. This exposes us to the risk of bidding for similar projects in which our Company is interested.*

At the time of our company’s incorporation, our promoter was involved in a similar business line through their partnership firm, Victory Electric International. However, as on the date of this Prospectus, the promoter has shifted their focus to manufacturing e-vehicles within our company. Also, one of our Promoter Group entities/Group Companies such as Future Star Energy Solutions Private Limited have objects which would allow them to engage in the line of business similar to ours. Though they are not manufacturers of the EVs, but their objects clause of the memorandum of association allows them to engage in the business of trading in electric vehicles and its components. Further, we have not entered into any non-compete agreement with any of these entities. We cannot assure that our promoter who has common interest in said entities will not favour the interest of the said entities. As a result, conflicts of interests may arise in allocating business opportunities amongst our Company and our promoter group entities/Group Companies in circumstances where our respective interests conflict. In cases of conflict, our Promoter may favour their companies in which our Promoter has interest. We cannot assure that our Promoter will not favour the interests of such Companies over our interest or that the said entities will not expand which may increase our competition, this dependency may adversely affect our growth, business operations and the financial condition of our Company.

There can be no assurance that our Promoter or our Group Companies or members of the Promoter Group will not compete with our existing business or any future business that we may undertake or that their interests will not conflict with ours. Our Company depends on the management skills and guidance of our Promoter for the development of the business strategies, monitoring of its successful implementation and meeting of future challenges. Our Promoter may become involved in ventures that may potentially compete with our Company. The interests of our Promoter may conflict with the interests of our other Shareholders, and our Promoter may, for business considerations or otherwise, cause our Company to take actions, or refrain from taking actions, in order to benefit their interests instead of our Company's interests or the interests of its other Shareholders. Any such present and future conflicts could have a material adverse effect on our reputation, business, results of operations and financial condition which may adversely affect our profitability and results of operations.

For details pertaining connection of our company with respect to common shareholding / directors in the group companies, please refer to “**Our Promoter and Promoter Group**” on page no. 183, “**Our Management**” on page no. 167 and “**Our Group Companies**” on page no. 190 of this Prospectus.”

11. We operate in a competitive environment, cheap substitutions, face fair competition and absence of entry barriers into electric vehicle industry from organized and unorganized players, which may adversely affect our business operations and financial condition

The industry in which the Company operates is fairly competitive and our results of operations and financial condition are sensitive to and may be materially adversely affected by competitive pricing and other factors. Competition may result in pricing pressures, reduced profit margins, lost market share or a failure to grow our market share, any of which could substantially harm our business and results of operations. The domestic segment which we cater to is fragmented and fairly competitive. We compete primarily on the basis of quality of our services, customer satisfaction and marketing. Thus, some of our competitors may have certain other advantages over us, including established track record, superior service offerings, larger portfolio of services, technology and greater market penetration, which may allow our competitors to better respond to market trends. They may also have the ability to spend more aggressively on marketing initiatives and may have more flexibility to respond to changing business and economic conditions than we do. We believe that in order to compete effectively, we must continue to maintain our reputation, be flexible and prompt in responding to rapidly changing market demands and customer preferences, and issue customer quality services at competitive prices. There can be no assurance that we can effectively compete with our competitors in the future, and any such failure to compete effectively may have a material adverse effect on our business, financial condition and results of operations.

The electric vehicle industry is highly fragmented with unorganized sector forming a significant portion which leads to cheaper products entering the market. With the reduction in trade barriers, there is an increase in production of cheaper products and copying of designs which pose a competition to the existing domestic organized players. This may directly impact our company's operations. Further there are low entry barriers for setting up electric vehicle manufacturing unit(s). Plant and machinery required for setting up a manufacturing unit could be easily made and installed at low cost and short time. Many players from the organized as well as the unorganized sector may enter into this industry. The entry of these players may result in competition and resultant price pressure on the products.”

12. The objects of the Issue include funding working capital requirements of our Company, which is based on certain assumptions and estimates.

The objects of the Issue include funding working capital requirements of our Company, which is based on management estimates and certain assumptions. For more information in relation to such management estimates and assumptions, please see “Objects of the Issue” on page 89 of this Prospectus.

Our working capital requirements may be subject to change due to factors beyond our control including force majeure conditions, an increase in defaults by our customers, non-availability of funding from banks or financial institutions. Accordingly, such working capital requirements may not be indicative of the actual requirements of our Company in the future and investors are advised to not place undue reliance on such estimates of future working capital requirements.

- 13. *Our Promoters have provided personal guarantees for loan facilities obtained by our Company and any failure or default to repay such loans in accordance with the terms and conditions of the financing documents could trigger repayment obligations on them, which may impact their ability to effectively to effectively service their role as a promoter and directors and thereby, impact our business and operations***

Our Promoters have provided personal guarantees for our borrowings to secure few of our loans by mortgaging their personal properties. For further information, please refer section “Guarantees given by Promoters offering their shares in the Offer for Sale” under the chapter titled “History and Certain Corporate Matters” on 162 of this Prospectus.

Any default or failure by our Company to repay the loans in a timely manner, or at all could trigger repayment obligations of our individual Promoters in respect of such loans, which in turn, could have an impact on their ability to effectively service their role as a promoter and directors, thereby having an effect on our business, results of operation and financial condition. Furthermore, in the event that our individual Promoters withdraw or terminate their guarantees, our lenders for such facilities may ask for alternate guarantees, repayment of amounts outstanding under such facilities, or even terminate such facilities. Accordingly, our business, results of operations, financial condition and prospects may be adversely affected by the revocation of the personal guarantee provided by our Promoters. Though there have not been any such instances in the last three Fiscals and the nine months ended December 31, 2024, we cannot assure you that in future we may not face such situation.

- 14. *Our electric vehicles make use of batteries which are made up of lithium-ion cells, and if such cells catch fire or vent smoke and flames, we could be subject to adverse publicity and our brand, business, financial condition, results of operations and prospects could be harmed.***

The battery packs that we purchase from third-party suppliers use lithium-ion cells. Lithium-ion cells have been known to occasionally release energy by venting smoke and flames in a manner that can ignite nearby materials as well as other lithium-ion cells, thereby causing explosion or fire. Also, battery packs may still experience failure which in turn can fail our EV’s which could subject us to lawsuits, product recalls, or redesign efforts, all of which would be time consuming and expensive. We may also become subject to product liability claims which could require us to pay substantial monetary compensation and our insurance coverage might not be sufficient to cover all such potential product liability claims. This in turn could affect our business and financial condition. In addition, negative public perceptions regarding the suitability of lithium-ion cells for automotive use or any future incident involving lithium-ion cells such as an EV catching on fire or other fire-related incidents not involving our EVs, could seriously harm our business.

In addition, we store the batteries at our facilities. While we have implemented safety procedures related to the handling of the cells, any mishandling of batteries could lead to a safety issue or a fire which could disrupt our operations. While there had been no such instances relating to safety procedures in the past, there can be no assurance that such incidents will not occur in the future. Such damage or injury could lead to adverse publicity and potentially a safety recall. Moreover, any failure of a competitor’s EV or energy storage product may cause indirect adverse publicity for us and our products. Such adverse publicity could negatively affect our brand and harm our business, financial condition, results of operations and prospects.

- 15. *Our business depends substantially on the continued efforts of our Key Managerial Personnel and other qualified personnel, and our operations may be disrupted if we lose their services.***

Our success is substantially dependent on the expertise and services of our Directors, Key Managerial Personnel and other key employees. Our continued success also depends upon our ability to attract and retain a large group of skilled professionals and staff, particularly project managers, engineers, and skilled workers. The loss of the services of our senior management or our inability to recruit, train or retain a sufficient number of skilled professionals could have a material adverse effect on our operations and profitability. We may lose skilled workers to competing employers who pay higher wages or be forced to increase the wages to be paid to our employees. If we cannot hire or retain enough skilled professionals or unskilled workers, our ability to apply for and execute new projects or to continue to expand our business will be impaired and consequently, our revenues could decline. They provide expertise which enables us

to take well informed decisions in relation to our business and prepare us for future challenges. Our future performance will depend upon the continued services of these persons. Demand for senior management personnel in the industry is intense. We cannot assure you that we will be able to retain any or all, or that our succession planning will help to replace, the key members of our management. The loss of the services of such key members of our management team and the failure of any succession plans to replace such key members could have an adverse effect on our business and the results of our operations. For information on our Directors and Key Managerial Personnel who have resigned from our Company in the last three (3) Financial Years, please see the section "*Our Management*" on page 167 of this Prospectus.

16. *If we are unable to anticipate, identify, understand and respond timely to rapidly evolving technological and market trends and preferences and develop new products to meet our customers' demands and to adapt to major changes and shifts in the automotive market, our business may be materially adversely affected.*

The automotive markets in which we operate are undergoing significant technological changes, with increasing focus on, among other things, electrification of vehicles, development of hybrid vehicles and advanced driver assistance technologies, power storage capacity etc. Our results of operations and financial condition may be impacted, by our inability in developing, engineering and manufacturing innovative and/or improved products. Our inability to anticipate changes in technology, successfully develop, engineer, and bring to market new and innovative and/or improved products, or successfully respond to evolving business models (including electric vehicle advances), may have a significant impact on our market competitiveness. Maintaining our competitive position is dependent on our ability to develop commercially-viable products that support the future technologies adopted by our customers and meet our customers demands in a timely manner.

17. *We depend on our distributors and dealers for our revenue, and any decrease in revenues or sales from any one of our key intermediaries may adversely affect our business and results of operations.*

Our Company has entered into formal agreements with certain of our distributors/dealers to market and sell our products on payment of a pre-decided commission, thereby making us highly dependent on them for entire portion of our revenue. Further, we operate on a purchase order basis with our distributors and dealers. The intermediaries forming part of our distribution network help us in marketing and selling our products domestically. Our distributors and dealers account for the entire portion of our sales, and consequently our revenue, and we expect that such key intermediaries will continue to represent entire portion of our revenue from sale of products in the foreseeable future. The revenue earned from the sale of our products through distributors and dealers under our key brands "Victory" during the period ended December 31, 2024 and year ended FY 2024, FY 2023 and FY 2022 have been provided below:

(₹ in lakhs)

	Stub Period Ended	For the Financial Year Ended		
Particulars	December 31, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Total Revenue	3,950.69	4,844.28	5,190.91	4,740.83
Revenue from Dealers/Distributors	3,950.69	4,844.28	5,190.91	4,740.83
Revenue from Dealers/Distributors (%)	100.00%	100.00%	100.00%	100.00%

In the event, we are unable to retain our intermediaries or if our intermediaries continue to decrease, we may have to associate with new intermediaries, on terms and prices which may not be acceptable to us. Further, we cannot assure you that the new intermediaries appointed would be reliable and contribute to our revenues in the same manner as our current intermediaries. Our competitors may approach our distributors and dealers resulting in loss of our intermediaries. Further, our intermediaries could also start working with our competitors and due to lack of formal agreements, we shall not be able to legally prosecute any of our intermediaries. On the occurrence of any of the aforementioned events, our business

and results of operations could be adversely affected.

While, we have entered into formal agreements with certain of our distributors and dealers, we cannot assure you that either of the parties will not terminate such agreement or breach any covenant of such agreements. Periodically we may have to discontinue business with the distributors and dealers, for reasons including delay in payments and inability to meet the expected sales targets, among others. Our ability to terminate our arrangements with certain distributors and dealers may be limited by the terms of our agreements with them. We may need to litigate the distributors and dealers or litigations may be filed against us for any breach or termination of the contract, such litigation could be time consuming and costly and the outcome cannot be guaranteed. We cannot assure you that occurrence of any future termination and associated events, would not materially affect our financial condition, results of operations and prospects.

We cannot assure you that we will be able to continue to renew the arrangements with these third parties on terms that are commercially acceptable to us, or at all. We cannot assure you that such third parties shall fulfil their obligations under such agreements entirely, or at all, shall not breach certain terms of their arrangements with us, including with respect to payment obligations or quality standards, or shall not choose to terminate their arrangements with our Company. Since, we do not deal with the end users of our products, such conflicts and non-renewal of such contracts may lead to depletion of our distribution network thereby adversely affecting our sales and consequently our business and results of operations.

18. Pricing pressure from our customers may adversely affect our gross margin and profitability. Inability to increase our prices, which may have a material adverse effect on our results of operations and financial condition.

We manufacture and supply high-quality E-rickshaws and two-wheeler. As per our past experience we may continue to experience pressure from our customers to reduce our prices, which may affect our profit margins going forward. If we reduce our prices, we must be able to reduce our operating costs and increase operating efficiencies in order to maintain profitability, we cannot assure that we will be able to do so as much is required and that could result into reduced profitability. As our business is very working capital intensive, requiring us to maintain a large inventory base, our profitability is dependent, in part, on our ability to achieve higher sales volume. If we are unable to offset customer price reductions in the future through improved operating efficiencies, new manufacturing processes, sourcing alternatives and other cost reduction initiatives, our results of operations and financial condition may be materially adversely affected.

19. Our company is dependent on few international suppliers for purchase of raw materials. Loss of any of these suppliers may affect our business operations.

Our imports accounts for nearly 9.42%,11.10%,7.17% and 45.50% for stub period ended December 31, 2024 and Fiscal 2024, 2023 and 2022 of our total purchase of raw materials. We cannot assure that we will be able to get the same quantum and quality of supplies, regularly or any supplies at all, and the loss of supplies from one or more of them may adversely affect our production and ultimately our revenue and results of operations. There can be no assurance that our existing suppliers will be able to provide adequate materials in a timely manner as we scale up our operations. If we are unable to successfully retain these suppliers on commercially favourable terms, we may have to seek alternative suppliers as replacement which may result in increased cost, delays in production, component/product replacement and servicing and ultimately reduce our sales, which in turn could adversely affect our results of operations and brand image. In addition, delays in replacing our suppliers could cause disruptions in our supply chain. If we seek to diversify suppliers in the future, we may not be able to do so within our preferred timeframe or budget. Furthermore, external factors such as currency fluctuations, tariffs or shortages in petroleum and other economic or political conditions may result in significant increases in freight charges and costs of raw materials. Thus, increasing our operating costs and reducing our margins and eventually sales.

20. *We may not be able to compete successfully in the highly competitive and fast evolving automotive market*

The India automotive market is highly competitive, and we cannot assure you that we will be able to compete successfully in our markets. Our existing and future competitors may have significantly greater financial resources that can be devoted to design, development, manufacturing, marketing, sales and support of their vehicles. They may also have technical and manufacturing capabilities and/or marketing, distribution and service network and brand recognition that is comparable to, or more developed than, our own. If products from our competitors surpass the quality or performance of our EVs or are offered at more competitive prices, or if this becomes the prevailing perception among consumers, our profitability and results of operations may be materially and adversely affected. Developments in alternative technologies in ICE vehicles such as advanced diesel, hydrogen, ethanol, fuel cells, or compressed natural gas, or improvements in the fuel economy or other features of ICE or the cost of gasoline, may materially and adversely affect our business and prospects. The novelty of EV technology has in the past been a source of resistance to faster adoption of EVs among customers. Additionally, customers may perceive ICE vehicles to be easier to repair as compared to EV scooters. Further, alternative cell technologies, fuels or sources of energy, including alternatives that are not dependent on charging infrastructure, may emerge as customers' preferred alternative to our EVs. Any failure by us to develop new or enhanced technologies or processes, or to react to changes in existing technologies, could materially delay our development of new and enhanced EVs, which could result in the loss of competitiveness of our EVs, decreased revenue and a loss of market share to competitors.

21. *We currently derive our revenue majorly from the sale of few electric vehicle rickshaws and scooter models. If our electric vehicle rickshaws and scooters are not well-received by the market, our business could be adversely affected.*

For the foreseeable future, we will be dependent on revenue generated from the sale of our EV rickshaws and scooters, which we currently produce in a limited number of models. We believe that automobile customers have come to expect manufacturers to offer a variety of vehicle models and introduce new and improved vehicle models on a regular basis. Given our sales dependence on few models of our EV rickshaws and scooters for the foreseeable future, if a particular rickshaw or scooter model is not well received by the market, our sales volume, business, prospects, financial condition, results of operations, and cash flows could be materially and adversely affected.

22. *Inadequate access to public charger stations for consumers could materially and adversely affect demand for our electric vehicles.*

Demand for our EVs will depend in part upon the availability of a public charging infrastructure, as EV users must rely on public charging infrastructure to charge their vehicles while travelling. We aim to build our charging station across India but, the establishment of our own charging infrastructure requires significant capital expenditure.

Charging Infrastructure in India are significantly less widespread than fuel pumps. This may deter some potential customers from purchasing our EVs. Additionally, the successful establishment of our charging stations depends upon the receipt of necessary government approvals, the criteria for which varies by state and location. The cost of setting up charging stations in each location also differs depending on the applicable electricity charge for such location.

Any failure of charging infrastructure, including quality of experience, could impact the demand for our EVs. For example, where charging station exist, the number of EVs could oversaturate the availability, leading to increased wait times and dissatisfaction for customers. In addition, given our limited experience in providing charging solutions, there could be unanticipated challenges, which may hinder our ability to provide our charging solutions or make the provision of our charging solutions costlier than anticipated.

23. *We do not own our Registered Office and Manufacturing Unit which have been taken on leave and license basis from our Promoter Ms. Seema and Promoter Group Entity M/s Victory Electric International respectively. Any revocation or adverse changes in the terms of the leave and license may have an adverse effect on our business, prospects, results of operations and financial condition*

Our Company has executed a leave and license agreement dated March 11, 2025 and September 03, 2024 for its registered office and factory with Ms Seema and M/s Victory Electric International for a tenure of 11 months respectively. Ms Seema is the promoter and non-executive director whereas M/s Victory Electric International is the promoter group entity. For further information, please refer chapter “*Our Promoter and Promoter Group*” on page 183 of this Prospectus. There can be no assurance that our Company will be able to successfully continue to use this premises. Further, there can be no assurance that we will not face any disruption or that we such arrangements may not be terminated prematurely by the owner. In case this arrangement is discontinued, it could lead to a disruption in operations which could have a material adverse impact on our business. Any such non-renewal or early termination or any disruption of our rights may require us to vacate the premises and relocate to a new premises on terms that may not be favourable to us thereby adversely affecting our business, financial conditions and results of operations. For further details on the properties of our Company, please refer to the section “*Our Business*” on page 133 of this Prospectus.

24. We are subject to counterparty credit risk and any delay in receiving payments or non-receipt of payments may adversely impact our results of operations

There is no guarantee that we will accurately assess the creditworthiness of our clients. Macroeconomic conditions, at a national level such as rise in the amount of stressed assets held by banks in India and at a global level, potential credit crisis in the global financial system, could also result in financial difficulties for our clients, including limited access to the credit markets, insolvency or bankruptcy. Such conditions could cause our clients to delay payment, request modifications of their payment terms, or default on their payment obligations to us, all of which could increase our receivables. Timely collection of dues from clients also depends on our ability to complete our contractual commitments and subsequently bill for and collect from our clients.

We receive our payments on periodical billing basis or based on milestone achievements according to the terms of our agreements with our clients which directly affects our cash flows. Our trade receivables includes Rs. 72.67 lakhs which is pending for more than 3 years and 50% of the receivables are pending for more than 6 months amounting to Rs. 652.92 lakhs We, therefore, face the risk associated with timely receipt of trade receivables. Any increase in the receivable cycles or defaults in receipt of payments from clients may strain our working capital limits. Our failure to maintain receivables cycle within acceptable limits could have an adverse impact on our cash flows, financial condition and business.

25. Our company does not have proof of payment of stamp duty on issuance/allotment of securities.

As the entire paid up Equity Shares Capital of the Company is in Demat mode, we do not have the copies of the share certificates and further we do not have the proof of payment of applicable stamp duty in relation to issuance/allotment of securities. Consequently, the absence of these physical share certificates and proof of payments, we are not in a position to ascertain, whether the applicable stamp duty have been paid by the company or not.

Further, as on date of this Prospectus, there have been no queries or penalties imposed by any authorities. In the event of any cognizance being taken by the concerned authorities in respect of above, actions may be taken against our Company and its directors, in which event the financials of our Company, Directors, Key Managerial Personnel, and if any officer in default may be affected.

26. Non-Compliance of procedural requirements of the provisions of Companies Act, 2013 on rights issue.

In the past, our company has allotted shares to promoters under rights issue where in our company had made errors in filing of ROC form as per section 39(4) of the Companies Act, 2013.

Our company had made an application of compounding in form GNL -1 vide SRN F96088661 . However, ROC officer has reported that compounding application filed as per sub section (5) of Section 39 of the Companies Act, 2013 provides for penalty and hence compounding application is not maintainable.

However, as per the provision ROC may impose penalty on our company and our directors Sanjay Kumar Popli, Seema and Palak Poply for a maximum amount of Rs. 1,00,000 each. If this penalty is levied by

the regulator on us, our financials will be negatively impacted by the penalty amount.

27. Our Company may face issue of bad debts due to dealing with many small dealers.

The end users of our electric vehicles are low income group people who buy our vehicles and generate their livelihood by using them as a public mode of transport. Our dealers include people who operate in rural and/or backward areas who are generally small in size. There is a likelihood of the inability of our dealers to pay their outstanding amounts. In the past, bad debts have been a part of our operating losses. The summary of bad-debts as a percentage of our total revenue for the stub period ended December 31, 2024 and fiscals 2024, 2023 and 2022 is shown in the table below:

(₹ in lakhs)

Particulars	Period Ended December 31 2024	FY 2024	FY 2023	FY 2022
Bad Debts	-	38.71	10.97	-
Revenue	3,950.69	4,844.28	5,190.91	4,740.83
Bad Debt as % of Revenue	-	0.80	0.21	-

Bad debts is an important consideration, as it can significantly impact the our business operations and financial results. We have been careful in identifying our dealers and distributors who are reliable and trustworthy. Further, we are careful in extending credit lines to our dealers and distributors. Even after reasonable care, we have been victims of bad debts in the past. We cannot assure that such bad debts will not occur in the future. In case our bad debts in future increases unreasonably high, the losses incurred due to bad debts may disrupt our working capital leading to financial losses and disruption of our business operations.

28. Significant security breaches in our computer systems and network infrastructure, fraud, systems failures and calamities would adversely impact our business.

We are required to protect our computer systems and network infrastructure from physical and online break-ins as well as security breaches and other disruptive problems caused by our increased internet connectivity. Computer break-ins and power disruptions could affect the security of information stored in and transmitted through these computer systems and networks. These concerns will intensify with our increased dependence on technology. We employ security systems, including firewalls and password encryption, designed to minimize the risk of security breaches but there can be no assurance that these security measures will be successful. Breaches of our security measures could affect the security of information stored in and transmitted through these computer systems and network infrastructure. A significant failure in security measures could have a material adverse effect on our business and our future financial performance.

29. We may not succeed in continuing to establish, maintain and strengthen the Victory brand and our reputation and brand could be harmed by complaints and negative publicity which could materially and adversely affect customer acceptance of our electric vehicles and our business revenue and prospects.

Our business and prospects depend on our ability to develop, maintain and strengthen the Victory brand which depends heavily on the success of our marketing efforts, in which we have limited experience as we have relied primarily on the distributors, salesman and word of mouth. To further promote our brand, we may be required to change our marketing practices, which could result in substantially increased advertising expenses, including the need to use traditional media such as television, radio and print. Many of our current and potential competitors, particularly automobile manufacturers headquartered in India, the US and Europe have greater name recognition, longer operating histories, broader customer relationships and substantially greater marketing resources than we do.

Furthermore, our reputation and brand are vulnerable to many threats that can be difficult or impossible to predict or control, and costly or unfeasible to remediate. Since we are a consumer facing brand, and

particularly given the popularity of social media, any negative publicity about us, such as complaints by our customers or reviews that compare us unfavourably to competitors, alleged misconduct, unethical business practices, safety breaches, or other improper activities, or rumours relating to our business, directors, officers, employees, or shareholders, can harm our reputation, business, and results of operations. These allegations, even if unproven, may lead to inquiries, investigations, or other legal actions against us by regulatory or government authorities as well as private parties and could cause us to incur significant costs to defend ourselves. Any negative market perception or publicity regarding our suppliers or other business partners that we closely cooperate with, or any regulatory inquiries or investigations and lawsuits initiated against them, may also have an impact on our brand and reputation, or subject us to regulatory inquiries or investigations or lawsuits. Further, perceived or actual concerns on battery deterioration that are often associated with EVs could also negatively impact customer confidence in EVs and our EVs in particular.

Any negative media publicity about the auto industry, especially the EV industry, or product or service quality problems (specifically in relation to the FAME Complaint) of other automakers in the industry in which we operate, including our competitors, may also negatively impact our reputation and brand. If we are unable to maintain a good reputation or further enhance our brand recognition, our ability to attract and retain a critical mass of customers, third-party partners, and key employees could be harmed and, as a result, our business, financial position, and results of operations could be materially and adversely affected.

30. *Our funding requirements and the proposed deployment of Net Proceeds are based on management estimates and we have not entered into any definitive arrangements to utilize certain portions of the Net Proceeds of the Issue.*

Our funding requirement is based management estimates, current circumstances of our business and prevailing market conditions, which are subject to changes in external factors, such as financial and market conditions, market feedback and demand of our products, competition, business strategy and interest/exchange rate fluctuations, which may not be within the control of our management. The objects of the Issue have not been appraised by any bank or financial institution. Based on the competitive nature of our industry, we may have to revise our business plan and/or management estimates from time to time and consequently our funding requirements may also change. Such internal estimates may differ from the value that would have been determined by third party appraisals, which may require us to reschedule or reallocate our expenditure, subject to applicable laws. In case of increase in actual expenses or shortfall in requisite funds, additional funds for a particular activity will be met by any means available to us, including internal accruals and additional equity and/or debt arrangements, and may have an adverse impact on our business, results of operations, financial condition and cash flows. Accordingly, investors in our Equity Shares will be relying on the judgment of our management regarding the application of the Net Proceeds.

Further, pursuant to Section 27 of the Companies Act and other applicable law, any variation in the Objects of the Issue would require a special resolution of the shareholders and the promoter or controlling shareholders will be required to provide an exit opportunity to the shareholders who do not agree to such proposal to vary the Objects of the Issue, at such price and in such manner in accordance with applicable law.

For details on the objects of the issue, please refer chapter “*Objects of the Issue*” on page 89 of this Prospectus.

Our Company, in accordance with the applicable law and to attain the objects set out above, will have the flexibility to deploy the Net Proceeds. Pending utilization of the Net Proceeds for the purposes described above, our Company may temporarily deposit the Net Proceeds within one or more scheduled commercial banks included in the Second Schedule of Reserve Bank of India Act, 1934 as may be approved by our Board.

31. *The range of our electric vehicles on a single charge declines over time which may negatively influence potential customers’ decisions whether to purchase our electric vehicles.*

The range of our EVs on a single charge declines principally as a function of usage, time, and charging patterns. In addition, as each individual customer will use our EV in a different manner and for a different

duration of time, the performance of the batteries in their EVs may vary and may decline at a faster rate than the manufacturer's estimate. For example, a customer's use of their EV as well as the frequency with which they charge the battery of their EV can result in additional deterioration of the battery's ability to hold a charge. Such battery deterioration and the related decrease in range may negatively influence potential customer decisions whether to purchase our EVs, which may harm our ability to market and sell our EVs.

32. *If electric vehicle owners customize our electric vehicles or change the charging infrastructure with aftermarket products, the electric vehicle may not operate properly which could harm our business.*

Customers may seek to alter our EVs to modify their performance which could compromise EV safety and security systems. Also, customers may customize their EVs with aftermarket parts that can compromise driver safety. We do not test, nor do we endorse, such changes or products. In addition, customers may attempt to modify our EVs' charging systems or use improper external cabling or unsafe charging outlets that can compromise the EV systems or expose our customers to injury from high voltage electricity. Such unauthorized modifications could reduce the safety and security of our EVs and any injuries resulting from such modifications could result in adverse publicity, which would negatively affect our brand and thus harm our business, prospects, financial condition, results of operations and cash flows.

33. *We are dependent on third party logistics for the transportation and timely delivery of our raw materials and finished products to customers.*

We rely on third parties for the transportation services for the timely delivery of our products. We also utilise third-party freight forwarders who contract with the relevant ocean carriers and airlines on our behalf and engage third-party logistics service providers to provide support on our transportation requirements for procurement of our raw materials. Therefore, we face a risk that there could be deficiency or interruption in these third-party services.

Disruptions of transportation services because of weather related problems, strikes, lockouts, inadequacy of road infrastructure, lack of containers or other events may affect our delivery schedules and impair our supply to our customers as well as affect our raw materials to our manufacturing plant. To the extent that our losses are not covered by insurance, this may have a material adverse effect on our business and results of operations. Delays (including delays in customs clearance) or non-delivery of our products may also have a material adverse effect on our business and results of operations. In addition, production in our manufacturing facilities may be adversely affected by supply chain disruptions due to COVID-19-induced lockdowns or any other lockdowns. We do not enter into formal contracts with our third-party logistic service providers. In the event that these logistic service providers are unable to continue to provide these necessary services for our operations for reasons which are beyond our control and we are unable to secure alternate transport arrangements in a timely manner and at an acceptable cost, or at all, our business, results of operations and reputation may be materially adversely affected.

34. *We require a number of approvals, NOCs, licenses, registrations and permits in the ordinary course of our business. Some of these approvals are required to be transferred in the name of "Victory Electric Vehicles International Limited" from "Victory Electric Vehicles International Private Limited" pursuant to conversion and name change of our company and any failure or delay in obtaining such approvals or renewal of the same in a timely manner may adversely affect our operations.*

We require a number of approvals, licenses, registrations and permits in ordinary course of our business. Additionally, we need to apply for renewal of approvals which expire, from time to time, as and when required in the ordinary course. We were a private limited company in the name of "Victory Electric Vehicles International Private Limited". After complying with the relevant provisions and procedures of Companies Act, 2013, our company was converted into public limited company, followed by the name change of our company to "Victory Electric Vehicles International Limited". We have/shall be taking necessary steps for transferring the approvals in new name of our company. In case we fail to transfer/obtain the same in name of our company same may adversely affect our business or we may not be able to carry our business.

Any failure to apply for and obtain the required approvals, licenses, registrations or permits in a timely manner, or any suspension or revocation of any of the approvals, licenses, registrations, and permits would result in a delay in our business operations which could otherwise adversely affect our financial condition, results of operations and prospects of our company. We cannot assure you that the approvals, licenses, registrations and permits issued to us would not be suspended or revoked in the event of non-compliance or alleged non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. In addition to same, our failure to comply with existing or increased regulations, or the introduction of changes to existing regulations, could adversely affect our business and results of operations. For further details, please refer the chapter titled “Government and Other Statutory Approvals” beginning on page 246 of this Prospectus.

35. *We are subject to various environmental, health and safety laws and regulations that could impose substantial costs upon us.*

Our production facilities are subject to a wide range of increasingly strict environmental, health and safety requirements. These requirements address, among other things, air emissions, wastewater discharges, releases into the environment, human exposure to hazardous materials, the storage, treatment, transportation and disposal of wastes and hazardous materials, the investigation and clean-up of contamination, process safety, and the maintenance of health and safety conditions in the workplace. Furthermore, many of our operations require permits and controls to monitor or reduce pollution. We have incurred, and will continue to incur, substantial ongoing capital and operating expenditures to ensure compliance with current and future environmental, health and safety laws and regulations or their more stringent enforcement. Violations of such laws and regulations could result in the imposition of significant fines and penalties, the suspension, revocation or non-renewal of our permits, production delays or limitations, imposition of terms of imprisonment, or the closure of our plants. Other environmental, health and safety laws and regulations could impose restrictions or onerous conditions on the availability or the use of raw materials we need for our manufacturing processes. Our manufacturing units must ensure compliance with various environmental statutes, including, in India, the Water (Prevention and Control of Pollution) Act 1974, the Air (Prevention and Control of Pollution) Act 1981, the Environment Protection Act 1986 and the Hazardous and Other Wastes (Management and Transboundary Movement) Rules, 2016, the Battery Waste Management Rules, 2022, as well as the rules and regulations implemented under such legislation. We are also required to comply with applicable battery disposal regulations and may face issues with the disposal and recycling of our lithium-ion cells and battery modules. Furthermore, in terms of the Battery Waste Management Rules, 2022, specifically, in relation to EV batteries, a producer has the obligation of extended producer responsibility for the batteries they introduce into the market, to ensure the attainment of the recycling or refurbishing obligations. Currently, we do not have any arrangement to collect our battery waste and are planning to enter into tie ups with various state battery waste collectors across India. For further details in connection with the applicable regulatory and legal framework within which we operate, see “*Key Regulations and Policies*” beginning on page 154.

36. *There are pending litigations against our Company, and group companies. Any adverse decision in such proceedings may render us/them liable to liabilities/penalties and may adversely affect our business, cash flows and reputation.*

As on date of this Prospectus, there are outstanding legal proceedings involving our Company and Group company. These proceedings are pending at different levels of adjudication before various courts, tribunals, enquiry officers and appellate tribunals.

We may in the future be, implicated in lawsuits including lawsuits and arbitrations involving compensation for loss due to various reasons including tax matters, civil disputes, labour and service matters, statutory notices, regulatory petitions and other matters. Litigation or arbitration could result in substantial costs to, and a diversion of effort by, us and/or subject us to significant liabilities to third parties.

We cannot provide any assurance that these legal proceedings will be decided in our favour. Any adverse decision may have a significant effect on our business, results of operations, financial condition and cash flows of our Company, delay in implementation of our current or future projects and results of operations. There can be no assurance that the results of such legal proceedings will not materially harm our business,

reputation or standing in the marketplace or that we will be able to recover any losses incurred from third parties, regardless of whether we are at fault. Even if we are successful in defending such cases, we may be subject to legal and other costs incurred pursuant to defending such litigation, and such costs may be substantial and not recoverable. There can be no assurance that losses relating to litigation or arbitration will be covered by insurance or that any such losses would not have a material adverse effect on our business, results of operations, financial condition and cash flows.

For detailed summary of the nature and number of outstanding material litigation as on the date of this Prospectus involving our Company and group company, along with the amount involved, to the extent quantifiable, as decided by our Board please refer chapter “*Outstanding Litigation and Material Developments*” on page 241 of this Prospectus.

37. *If we have contingent liabilities in the future, and they materialize, it may affect our results of operations, financial condition and cash flows.*

As of December 31, 2024, we had disclosed the following contingent liabilities in the Restated Summary Statements:

(₹ in lakhs)

Particulars	For the stub period ended	For the Financial year ended		
	December 31, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Contingent liabilities in respect of				
Bank Guarantee	14.05	1.55	-	-
Traces (TDS) demand against the Company as on date	0.04	0.62	0.01	-
Income Tax Demand	0.75	0.75	0.69	0.69
Total	14.84	2.91	0.69	0.69

We cannot assure you that we will not incur similar or increased levels of contingent liabilities in the future. If any of these contingent liabilities materialize or if at any time we are compelled to pay all or a material proportion of these contingent liabilities, our financial condition and results of operation may be adversely affected.

38. *Breaches in data security, failure of information security systems and privacy concerns could adversely impact our financial condition, subject us to penalties, damage our reputation and brand, and harm our business, prospects, results of operations and cash flows.*

We expect to face significant challenges with respect to information security and privacy, including in relation to the collection, storage, transmission and sharing of personal and sensitive information of our employees and customers, including names, accounts, customer IDs and passwords, EV information, and payment or transaction related information. Though we do not believe we experienced any losses or any sensitive or material information was compromised, we are unable to determine conclusively that this is the case. We have implemented remedial measures in response to such potential incidents. We cannot guarantee that such measures will prevent all incidents in the future.

We may face difficulties or delays in identifying or otherwise responding to any attacks or actual or potential security breaches or threats. A breach in our data security could create system disruptions or slowdowns and provide malicious parties with access to information including information on our product lines and EVs stored on our networks, resulting in data being publicly disclosed, altered, lost, or stolen, which could subject us to liability and adversely impact our financial condition. Such access could adversely impact the safety of our employees and customers.

Further, we also face risks relating to compliance with applicable laws, rules and regulations relating to the collection, storage, use, sharing, disclosure, protection and security of personal information, as well as requests from regulatory and government authorities relating to such data. These laws, rules, and regulations evolve frequently, and their scope may continually change, through new legislation, amendments to existing legislation, and changes in enforcement. In addition, many laws and regulations relating to privacy and the collection, storage, sharing, use, disclosure, and protection of certain types of data are subject to varying degrees of enforcement and new and changing interpretations by courts or regulators. For instance, in order to ensure data privacy, our Company is required to ensure compliance with the Information Technology Act, 2000 (“**IT Act**”) and the rules notified thereunder, including the Information Technology (Reasonable Security Practices and Procedures and Sensitive Personal Data or Information) Rules, 2011 (“**Privacy Rules**”), which prescribe, inter alia, directions for the collection, disclosure, transfer and protection of sensitive personal data. Further, the Government of India recently enacted the Digital Personal Data Protection Act, 2023 (“**Data Protection Act**”), which received President’s assent on August 11, 2023. The Act shall come into force on such date as the Central Government may, by notification in the Official Gazette, appoint and different dates may be appointed for different provisions of this legislation. The Data Protection Act, when notified, would require data fiduciaries (persons who alone or in conjunction with other persons determine purpose and means of processing of personal data), such as us, to implement organizational and technical measures to ensure compliance with obligations imposed under the Data Protection Act, protect personal data and impose reasonable security safeguards to prevent breach of personal data and establish mechanism for redressal of grievances of data principals. In case we are notified as a significant data fiduciary under the Data Protection Act, we may have additional obligations imposed on us. Overall, changes in laws or regulations relating to privacy, data protection, and information security, particularly any new or modified laws or regulations, such as the General Data Protection Regulation (“GDPR”) adopted by the European Union (“EU”), or changes to the interpretation or enforcement of such laws or regulations, that require enhanced protection of certain types of data or new obligations with regard to data retention, transfer, or disclosure, could require us to modify our existing systems or invest in new technologies to ensure compliance with such applicable laws, which may require us to incur additional expenses. Any actual, alleged or perceived failure to prevent a security breach or to comply with our privacy policies or privacy-related legal obligations, failure in our systems or networks, or any other actual, alleged or perceived data security incident we or our suppliers suffer, could result in damage to our reputation, negative publicity, loss of customers and sales, loss of competitive advantages over our competitors, increased costs to remedy any problems and provide any required notifications, including to regulators and/or individuals, and otherwise respond to any incident, regulatory investigations and enforcement actions, costly litigation such as civil claims including representative actions and other class action type litigation, and other liabilities.

In addition, we may incur significant financial and operational costs to investigate, remediate and implement additional tools, devices and systems designed to prevent actual or perceived privacy breaches and other privacy incidents, as well as costs to comply with any notification obligations resulting from any such incidents. Any of these negative outcomes could adversely impact the market perception of our products and customer and investor confidence in our company, and would materially and adversely affect our business, prospects, financial condition, results of operations, and cash flows.

39. Any failure to protect or enforce our rights to own or use our trademark could have an adverse effect on our business and competitive position.

As on date of this Prospectus, our Company has a registered trademark which is used for conducting its business in the name of our promoter Mr. Sanjay Kumar Popli. We have been assigned the trademark of “Victory” from our promoter through an assignment agreement dated June 28, 2024.

For further details on the trademark of our company, please refer page 151 of this Prospectus under the heading “Intellectual Property Rights”

If we do not maintain our brand identity, which is an important factor that differentiates us from our competitors, we may not be able to maintain our competitive edge. If we are unable to compete successfully, we could lose our customers, which would negatively affect our financial performance and profitability. Moreover, our ability to protect, enforce or utilize our brand is subject to risks, including

general litigation risks. Furthermore, we cannot assure you that our brand will not be adversely affected in the future by actions that are beyond our control, including customer complaints or adverse publicity from any other source. Any damage to our identity, if not immediately and sufficiently remedied, could have an adverse effect on our business and competitive position. Finally, while we take care to ensure that we comply with the intellectual property rights of others, we cannot determine with certainty whether we are infringing any existing third-party intellectual property rights, which may force us to alter our offerings.

We may also be susceptible to claims from third parties asserting infringement and other related claims. If similar claims are raised in the future, these claims could result in costly litigation, divert management's attention and resources, subject us to significant liabilities and require us to enter into potentially expensive royalty or licensing agreements. Any of the foregoing could have an adverse effect on our business and competitive position.

40. *We have entered into, and will continue to enter into, related party transactions that may involve conflicts of interest*

We have in the course of our business entered into transactions with related parties. Details of the related party transactions in Stub period ended December 31, 2024 Fiscals 2024, 2023 and 2022 respectively, are set out below.

(₹ in lakhs)

Nature of Transaction	For the stub period ended	For the Financial year ended		
	December 31, 2024	March 31, 2024	March 31, 2023	March 31, 2022
Remuneration	25.60	42	35	48.00
Sale of Goods	1,594.84	262.00	866.00	541.00
Purchase of Goods	1,734.75	988.00	1047.00	605.00
Loans and Advances Given	-	209.00	-	-
Repayment of loan	5.00	-	-	-

For more details of our related party transactions, please see section “**Restated Consolidated Financial Information - Notes forming part of the Restated Consolidated Financial Information - Note ZA: Related Parties**” on page 225 of this Prospectus.

While we believe that all such transactions have been conducted on an arm's length basis, we cannot assure you that we could not have achieved more favourable terms had such transactions not been entered into with related parties. It is likely that we may enter into related party transactions in the future. Although related party transactions that we may enter into post-listing would be subject to the Audit Committee, Board or Shareholder approval, as necessary under the Companies Act, 2013, and the SEBI Listing Regulations, we cannot assure you that our existing agreements and any such future transactions, will be in the interest of our Company and minority shareholders and in compliance with the SEBI Listing Regulations and individually or in the aggregate, will not have an adverse effect on our financial condition and results of operations. Furthermore, any future transactions with our related parties could potentially involve conflicts of interest which may be detrimental to our Company. There can be no assurance that we will be able to address such conflicts of interest in the future.

41. *Our Promoter, Directors and Key Managerial Personnel have interests in our Company in addition to their remuneration and reimbursement of expenses.*

Some of our Directors (including our Promoter) and Key Management Personnel may be interested in our Company to the extent of their shareholding and dividend entitlement in our Company, in addition to normal remuneration, incentives or benefits and reimbursement of expenses. We cannot assure you that our Directors or our Key Management Personnel would always exercise their rights as Shareholders to the benefit and best interest of our Company. As a result, our Promoter & our Directors will continue to exercise

significant control over our Company, including being able to control the composition of our board of directors and determine decisions requiring simple or special majority voting, and our other Shareholders may be unable to affect the outcome of such voting. Our Promoter and Directors may take or block actions with respect to our business, which may conflict with our best interests or the interests of other minority Shareholders, such as actions with respect to future capital raising or acquisitions. We cannot assure you that our Promoter and Directors will always act to resolve any conflicts of interest in our favor, thereby adversely affecting our business and results of operations and prospects. For further details of our transactions or interests of our Promoter / promoter group, please refer the sections titled “Our Promoter and Promoter Group” and “Group Entities of our Company”, “Related Party Transactions” and “Restated Financial Statements” beginning on page nos. 183, 190, 193 and 195 respectively, of this Prospectus.

42. We rely primarily on third-party insurance policies to insure our operations-related risks. If our insurance coverage is inadequate, it may have an adverse effect on our business, financial condition and results of operations.

We maintain insurance which we believe is typical in our industry in India and in amounts which we believe to be commercially appropriate for a variety of risks, including insurance policies related to terrorism, fire and Explosion or Implosion, Earthquake or volcanic eruption or other convulsions of nature, Riots or Strikes burglary and house breaking, Theft, marine insurance. We have also obtained business interruption insurance to cover losses related to material damages. However, such insurance may not be adequate to cover all losses or liabilities that may arise from our operations, particularly when the loss suffered is not easily quantifiable. Our insurance policies contain exclusions and limitations on coverage, and, accordingly, we may not be able to successfully assert claims for the full amount of any liability or losses. Additionally, there may be various other risks and losses for which we are not insured because such risks are either uninsurable or not insurable on commercially acceptable terms. Furthermore, there can be no assurance that in the future we will be able to maintain insurance of the types or at levels which we deem necessary or adequate or at premiums which we deem to be commercially acceptable. Even if our insurance coverage is adequate to cover our direct losses, we may not be able to take remedial actions or other appropriate measures in a timely manner or at all. Furthermore, our claim records may affect the premiums which insurance companies may charge us in the future. We may not be able to maintain insurance of the types or at levels which we deem necessary or adequate or at rates which we consider reasonable, in particular in case of significant increases in premium levels upon the renewal of our insurance policies. If we are unable to pass the effects of increased insurance costs on to our customers, the costs of higher insurance premiums could have a material adverse effect on our costs and profitability. Additionally, some of our insurance claims may be rejected by the insurance agencies in the future and there can be no assurance that any claim under the insurance policies maintained by us will be honoured fully, in part, or on time.

The occurrence of an event for which we are not insured, where the loss is in excess of insured limits or where we are unable to successfully assert insurance claims from losses, could result in uninsured liabilities. Any uninsured losses or liabilities could result in an adverse effect on our business operations, financial conditions and results of operations.

43. We may need to seek additional financing in the future to support our growth strategies. Any failure to raise additional financing could have an adverse effect on our business, results of operations, financial condition and cash flows.

We will continue to incur significant expenditure in maintaining and growing our existing infrastructure, developing and implementing new technologies as part of our platform and solutions. In past we have successfully raised funds to meet the business requirements and as part of our strategy to grow our business may require us to raise additional funds for our long-term business plans. We cannot assure you that we will have sufficient capital resources for our current operations or any future expansion plans that we may have. If our internally generated capital resources and available credit facilities are insufficient to finance our capital expenditure and growth plans, we may, in the future, have to seek additional financing from third parties, including banks, venture capital funds, joint-venture partners and other strategic investors. Our ability to arrange financing and the costs of capital of such financing are dependent on numerous factors, including general economic and capital market conditions, credit availability from banks, investor confidence, the continued success of our operations and other laws that are conducive to

our raising capital in this manner. If we decide to meet our capital requirements through debt financing, we may be subject to certain restrictive covenants. Our financing agreements may contain terms and conditions that may restrict our ability to operate and manage our business, such as terms and conditions that require us to maintain certain pre-set debt service coverage ratios and leverage ratios and require us to use our assets, including our cash balances, as collateral for our indebtedness. If we are unable to obtain such financing in a timely manner, at a reasonable cost and on acceptable terms or at all, we may be forced to delay our expansion plans, downsize or abandon such plans, which may materially and adversely affect our business, financial condition and results of operations, as well as our future prospects. We may also be required to finance our growth, whether organic or inorganic, through future equity offerings, which may lead to the dilution of investors' shareholdings in us. See, "– Any future issuance of Equity Shares, or convertible securities or other equity linked instruments by us may dilute your shareholding and sale of Equity Shares by shareholders with significant shareholding may adversely affect the trading price of the Equity Shares." below. We may also be restrained from raising funds from foreign investors as a result of regulatory policies and frameworks.

44. The activities carried out at factory can cause injury to people or property in certain circumstances.

The activities carried out presently at our factory involve health and safety risks. Our factories require individuals to work with chemicals, equipment and other hazardous materials. While we employ and will continue to employ safety procedures in the operation of our factories and maintain what we believe to be adequate insurance including insurance policies for accidents, there is a risk that an accident may occur at any of our factories. An accident may result in personal injury to our employees, or the labour deployed at our factories, destruction of property or equipment, manufacturing or delivery delays, environmental damage, or may lead to suspension of our operations and/or imposition of liabilities. While we have not faced any such accidents in the past, any such accident in the future may result in disruption to our operation, legal and regulatory consequences and reputational damage, which may have a negative effect on our business, results of operations, financial condition, cash flows and prospects.

45. Our results of operations may vary significantly from period to period due to the seasonality of our business and fluctuations in our operating costs.

Our results of operations may vary significantly from period to period due to many factors, including seasonal factors that may affect the demand for our EVs. Demand FOR 2W increases again during the festive season between September and November, with a decline in December as customers choose to defer purchases to the following year. Such seasonal factors may also impact demand for our EVs. It is difficult for us to judge the exact nature or extent of the seasonality of our business. Also, any unusually severe weather conditions in certain regions may impact demand for our EVs. Our results of operations could also suffer if we do not achieve revenue consistent with our expectations for this seasonal demand because many of our expenses are based on anticipated levels of annual revenue.

We also expect our period-to-period results of operations to vary based on our operating costs, which we anticipate will increase significantly in future periods as we, among other things, design, develop, and manufacture newer models of our EVs, expand and further equip our manufacturing facilities to produce such EVs, open new experience centres, increase our sales and marketing activities, and increase our general and administrative functions to support our growing operations. Any increases in our operating costs may also lead to an increase in price of our EVs which may lead to a resultant decrease in demand for our EVs.

As a result of these factors, we believe that period-to-period comparisons of our results of operations are not necessarily meaningful and that these comparisons cannot be relied upon as indicators of future performance. Moreover, our results of operations may not meet expectations of equity research analysts or investors. If this occurs, the trading price of our shares could fall substantially either suddenly or over time.

46. If we cannot maintain our culture as we grow, we could lose the innovation, teamwork, and passion that we believe contribute to our success and our business may be harmed.

We have invested substantial time and resources into building our culture, and we believe it serves as a critical component of our success. We believe in building an innovative and engineering-focused culture.

We hope to sustain this culture through our employee induction efforts, utilizing cross functional teams and projects. As we continue to grow, including geographical expansion, and developing the infrastructure associated with being a public company, we will need to maintain our culture among a larger number of employees, dispersed across various geographic regions. Any negative publicity surrounding our culture or our failure to preserve our culture could negatively affect our future success, including our ability to retain and recruit personnel and to effectively focus on and pursue our corporate objectives.

47. *Our business may be adversely affected by labour unrest and union activities.*

Although none of our employees are currently represented by a labour union, it is common throughout the automobile industry generally for employees to belong to a union, which can result in higher employee costs, operational restrictions, and increased risk of disruption to operations. We may also directly and indirectly depend upon other companies with unionized work forces, such as raw material and EV component suppliers and trucking and freight companies, and work stoppages or strikes organized by such unions including contract labourers who are engaged by us for production of our E Rickshaes and Scooters, could have a material adverse impact on our business, prospects, financial condition, results of operations, and cash flows.

48. *Our ability to pay dividends in the future will depend on our earnings, financial condition, working capital requirements, capital expenditures and restrictive covenants of our financing arrangements.*

Our ability to pay dividends in the future will depend on our earnings, financial condition, cash flow, working capital requirements, capital expenditure and restrictive covenants of our financing arrangements. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board in accordance with the dividend distribution policy adopted by our Company on July 01, 2024 and will depend on factors that our Board deems relevant, including among others, our future earnings, financial condition, cash requirements, business prospects and any other financing arrangements.

49. *We have issued Equity Shares during the preceding 12 months at prices that may be lower than the Issue Price.*

We have, in the 12 months preceding the filing of this Prospectus, issued Equity Shares at price that is lower than the Issue Price, details of which are set out below:

Date of transfer/ allotment of Equity Shares	Number of Equity Shares allotted/ transferred	Nature of transaction	Nature of consideration	Face Value per Equity Share (In Rs.)	Transfer Price/ Issue Price Value per Equity Share (In Rs.)
August 26, 2024	1,04,40,000	Bonus	N.A	5.00	Nil

For further details, see “Capital Structure – Build-up of Promoter shareholding, Minimum Promoter’s Contribution and lock-in” on page 76 of this Prospectus. The price at which our Company has issued the Equity Shares in the past is not indicative of the price at which they will be issued or traded.

50. *If we are unable to manage our growth effectively or if our estimates or assumptions used in developing our strategic plan are inaccurate or we are unable to execute our strategic plan effectively, our business and prospects may be materially and adversely affected.*

Our revenue and our business operations have grown in recent years. Although we plan to continue to expand our scale of operations, we may not be able to sustain these rates of growth in future periods due to a number of factors, including, among others, our execution capability, our ability to retain, maintain

new suppliers, our ability to maintain customer satisfaction, our ability to mobilize sufficient working capital, macroeconomic factors beyond our control such as decline in global economic conditions, competition with other players in the organized and unorganized segments, the greater difficulty of growing at sustained rates from a larger revenue base, our inability to control our expenses and the availability of resources for our growth. There can be no assurance that we will not suffer from capital constraints, operational difficulties, or difficulties in expanding existing business operations.

Our development and expansion strategies will require substantial managerial efforts and skills and the incurrence of additional expenditures may subject us to new or increased risks. We may not be able to implement our growth strategies efficiently or effectively or manage the growth of our operations, and any failure to do so may limit future growth and have an adverse effect on our business. Further, our strategy to improve our debt – equity ratio may not be capitalized in the manner we intend to, and we may be required to obtain additional debt to meet immediate capital requirements, resulting in unfavourable ratios.

Also, the fund requirement and deployment for our strategies are based purely on management estimates and assumptions considering the current market scenario and are subject to revision in the light of changes in external circumstances or costs. If we are unsuccessful in executing our strategic plan, or if the underlying estimates or assumptions used to develop our strategic plan are materially inaccurate, our business and financial condition would have an adverse impact.

The success of our business depends substantially on our ability to implement our business strategies effectively. Even though we have successfully executed our business strategies in the past, there is no guarantee that we can implement the same on time and within the estimated budget going forward, or that we will be able to meet the expectations of our targeted clients. Changes in regulations applicable to us may also make it difficult to implement our business strategies. Failure to implement our business strategies would have a material adverse effect on our business and results of operations.

51. Our electric vehicles are subject to motor vehicle standards as laid down by the Automotive Research Association of India and any changes in such standards or failure to satisfy such standards could materially and adversely affect our business and results of operations.

Our EVs must meet or exceed all mandated safety standards in India as laid down by the ICAT. For issuance of the certificate of compliance with Central Motor Vehicle Rules, 1989, the ICAT tests compliance with safety standards of components under Rule 124 of the Central Motor Vehicle Rules, 1989, such as automobile lamps, indicators, signalling/ lighting devices, wheel rims, spray suppression, horn, tyre, bulb and retro reflectors. Our EVs are certified by the following testing agencies: (a) International Centre for Automotive Technology – ICAT. However if we are unable to meet the homologation criteria as laid down by the ARAI, our EVs will not be considered roadworthy and thus will not be allowed to launch to the public. Further, in the event that our certification fails to be renewed upon expiry, a certified EV has a defect resulting in quality or safety accidents, or consistent failure of certified EVs to comply with certification requirements is discovered during follow-up inspections, the certification may be suspended or even revoked. With effect from the date of revocation or during suspension of the certification, any EV that fails to satisfy the requirements for certification may not continue to be delivered, sold, imported, or used in any commercial activity. Failure by us to satisfy motor vehicle standards would materially and adversely affect our business and results of operations.

52. We may not be able to protect our intellectual property rights and prevent the unauthorized use of our intellectual property, which could harm our business and competitive position.

We regard our trademarks, service marks, patents, domain names, trade secrets, proprietary technologies, and similar intellectual property as critical to our success. We rely on trademark and patent law, trade secret protection and confidentiality and license agreements with our employees and others to protect our proprietary rights. We have invested significant resources to develop our own intellectual property. Failure to maintain or protect these rights could harm our business. In addition, any unauthorized use of our intellectual property by third parties may adversely affect our current and future revenues and our reputation.

Protection of intellectual property rights in India may not be as effective as in the United States or other developed countries. Furthermore, policing unauthorized use of proprietary technology is difficult and expensive. We rely on a combination of patent, copyright, trademark, and trade secret laws and restrictions on disclosure to protect our intellectual property rights. Despite our efforts to protect our proprietary rights, third parties may attempt to copy or otherwise obtain and use our intellectual property or seek court declarations that they do not infringe upon our intellectual property rights. Monitoring unauthorized use of our intellectual property is difficult and costly, and we cannot assure you that the steps we have taken or will take will prevent misappropriation of our intellectual property. From time to time, we may have to resort to litigation to enforce our intellectual property rights, which could result in substantial costs and diversion of our resources.

53. *We face risks associated with potential international operations, including unfavourable regulatory, political, currency, tax, and labour conditions, which could harm our business, prospects, financial condition, results of operations, and cash flows.*

Our business plan includes expansion of our operations in international markets. Heightened tensions in international economic relations may affect our ability to expand internationally. As we depend on parts and EV components from suppliers, most of which are overseas, tariffs by the Indian government on such suppliers may also affect the costs of our products.

Furthermore, conducting and launching operations on an international scale requires close coordination of activities across multiple jurisdictions and time zones and consumes significant management resources. We will be subject to a number of risks associated with international business activities that may increase our costs, impact our ability to sell our EVs and require significant management attention. These risks include:

- a) conforming our EVs to various international regulatory requirements where our EVs are sold and serviced, which requirements may change over time;
- b) expenditures related to foreign lawsuits and liability;
- c) difficulty in staffing and managing foreign operations and complying with foreign labour laws and regulation;
- d) difficulties establishing relationships with, or disruption in the supply chain from, international suppliers;
- e) difficulties attracting customers in new jurisdictions;
- f) foreign government taxes, regulations and permit requirements;
- g) fluctuations in foreign currency exchange rates and interest rates, including risks related to any foreign currency swap or other hedging activities we undertake;
- h) United States and foreign government trade restrictions, tariffs and price or exchange controls;
- i) changes in diplomatic and trade relationships;
- j) laws and business practices favouring local companies;
- k) difficulties protecting or procuring intellectual property rights;
- l) political instability, natural disasters, war or events of terrorism and health epidemics, such as the COVID-19 pandemic; and
- m) the strength of international economies.

If we fail to successfully address these risks, our business, prospects, financial condition, results of operations, and cash flows could be materially harmed.

54. *Upon completion of the Issue, our Promoter / Promoter Group may continue to retain significant control, which will allow them to influence the outcome of matters submitted to the shareholders for approval.*

After completion of the Issue, our Promoter and Promoter Group will collectively own 1,52,55,500 of the total post issue Equity Shares. As a result, our Promoter together with the members of the Promoter Group will be able to exercise a significant degree of influence over us and will be able to control the outcome of any proposal that can be approved by a majority shareholder vote, including, the election of members to our Board, in accordance with the Companies Act and our Articles of Association. Such a concentration of ownership may also have the effect of delaying, preventing, or deterring any strategic decision favourable to our Company or effecting a change in control of our Company for the betterment of the

stakeholders.

In addition, our Promoter will continue to have the ability to cause us to take actions that are not in, or may conflict with, our interests or the interests of some or all of our creditors or minority shareholders, and we cannot assure you that such actions will not have an adverse effect on our future financial performance or the price of our Equity Shares.

55. *Employee misconduct, errors or fraud could expose us to business risks or losses that could adversely affect our business prospects, results of operations and financial condition.*

Employee misconduct, errors or frauds could expose us to business risks or losses, including regulatory sanctions, penalties, and serious harm to our reputation. Such employee misconduct includes breach in security requirements, misappropriation of funds, hiding unauthorized activities, failure to observe our operational standards and processes, and improper use of confidential information. It is not always possible to detect or deter such misconduct, and the precautions we take to prevent and detect such misconduct may not be effective. In addition, losses caused on account of employee misconduct or misappropriation of petty cash expenses and advances may not be recoverable, which we may end in writing-off of such amounts and thereby adversely affecting our results of operations. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions in which case, our reputation, business prospects, results of operations and financial condition could be adversely affected.

56. *The deployment of funds raised through this Issue shall not be subject to any Monitoring Agency and shall be purely dependent on the discretion of the management of our Company.*

Since the Issue size is less than Rs.10,000 Lakhs, there is no mandatory requirement of appointing an Independent Monitoring Agency for overseeing the deployment of utilization of funds raised through this Issue. The deployment of these funds raised through this Issue, is hence, at the discretion of the management and the Board of Directors of our Company and will not be subject to monitoring by any independent agency. However, as per the Section 177 of the Companies Act, 2013 and applicable laws, the Audit Committee of our Company would be monitoring the utilization of the Issue Proceeds. Any inability on our part to effectively utilize the Issue proceeds could adversely affect our finances.

57. *Our ability to pay dividends in the future will depend upon our future earnings, financial condition, cash flows, working capital requirements, capital expenditure and restrictive covenants in our financing arrangements.*

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, working capital requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our dividend history, see "Dividend Policy" on page 194 of this Prospectus.

58. *The requirements of being a public listed company may strain our resources and impose additional requirements.*

With the increased scrutiny of the affairs of a public listed company by shareholders, regulators, and the public at large, we will incur significant legal, accounting, corporate governance and other expenses that we did not incur in the past. We will also be subject to the provisions of the listing agreements signed with the Stock Exchange which require us to file unaudited financial results on a half yearly basis. In order to meet our financial control and disclosure obligations, significant resources and management supervision will be required. As a result, management's attention may be diverted from other business concerns, which could have an adverse effect on our business and operations. There can be no assurance that we will be able to satisfy our reporting obligations and/or readily determine and report any changes to our results of

operations in a timely manner as other listed companies. In addition, we will need to increase the strength of our management team and hire additional legal and accounting staff with appropriate public company experience and accounting knowledge, and we cannot assure that we will be able to do so in a timely manner.

59. *Our Promoters and the Promoter Group will jointly continue to retain majority shareholding in our Company after the Issue, which will allow them to determine the outcome of the matters requiring the approval of shareholders.*

Our promoters along with the promoter group will continue to hold collectively approximately 71.60% of the equity share capital of our company. As a result of the same they will be able to exercise significant influence over the control of the outcome of the matter that requires approval of the majority shareholders vote. Such a concentration of the ownership may also have the effect of delaying, preventing or deterring any change in the control of our company. In addition to the above, our promoters will continue to have the ability to take actions that are not in, or may conflict with our interest or the interest of some or all of our minority shareholders, and there is no assurance that such action will not have any adverse effect on our future financials or results of operations.

60. *Our business is substantially affected by prevailing economic, political and other prevailing conditions in India.*

Our Company is incorporated in India, and our assets and employees are located in India. As a result, we are highly dependent on prevailing economic conditions in India and our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy, and hence our results of operations, may include: -
any increase in Indian interest rates or inflation;

- any scarcity of credit or other financing in India, resulting in an adverse impact on economic conditions in India and scarcity of financing for our expansions;
- prevailing income conditions among Indian consumers and Indian corporations
- volatility in, and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighbouring countries;
- occurrence of natural or man-made disasters
- prevailing regional or global economic conditions, including in India's principal export markets; and
- Other significant regulatory or economic developments in or affecting India or its IT sector.
-

Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely impact our business, results of operations and financial condition and the price of the Equity Shares

61. *Presently we do not have any access to third party funding, NBFCs who can provide loans for purchase of unregistered vehicles.*

Funding for a registered E-vehicles is a challenge as none of the current NBFCs that we have approached are ready to lend for this sector. Loans in the form of unsecured loans or personal loans may be taken to purchase the same. This reduces the options available to our customers for making the purchase who are based out of tier-3 and tier-4 towns with new entrance in the fintech centre, we hope that this growing sector may get a solution in the near future which shall facilitate higher sales for the industry at large in which we operate.

EXTERNAL RISKS

62. *Changes in government regulations or their implementation could disrupt our operations and adversely affect our business and results of operations.*

Our business and industry are regulated by different laws, rules and regulations framed by the Central and State Government. These regulations can be amended/ changed on a short notice at the discretion of the Government. If we fail to comply with all applicable regulations or if the regulations governing our business or their implementation change adversely, we may incur increased costs or be subject to penalties, which could disrupt our operations and adversely affect our business and results of operations.

63. *You may be subject to Indian taxes arising out of capital gains on the sale of the Equity Shares.*

Under current Indian tax laws, capital gains arising from the sale of equity shares within 12 months in an Indian company are classified as short-term capital gains and generally taxable. Any gain realized on the sale of listed equity shares on a stock exchange that are held for more than 12 months is considered as long-term capital gains and is taxable at 10%, in excess of Rs. 1,00,000. Any long-term gain realized on the sale of equity shares, which are sold other than on a recognized stock exchange and on which no STT has been paid, is also subject to tax in India. Capital gains arising from the sale of equity shares are exempt from taxation in India where an exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident. Generally, Indian tax treaties do not limit India's ability to impose tax on capital gains. As a result, residents of other countries may be liable to pay tax in India as well as in their own jurisdiction on a gain on the sale of equity shares.

64. *Natural disasters, fires, epidemics, pandemics, acts of war, terrorist attacks, civil unrest and other events could materially and adversely affect our business.*

Global pandemics or epidemics, or fear of spread of contagious diseases, such as Ebola or Nipah virus disease, coronavirus disease 2019 (“COVID-19”), Middle East respiratory syndrome, severe acute respiratory syndrome, H1N1 flu, H7N9 flu, and avian flu could disrupt our business operations, reduce or restrict our supply of materials and services, incur significant costs to protect our employees and facilities, or result in regional or global economic distress, which may materially and adversely affect our business, financial condition, and results of operations. Actual or threatened war, terrorist activities, political unrest, civil strife, and other geopolitical uncertainty could have a similar adverse effect on our business, financial condition, and results of operations. Any one or more of these events may impede our production and delivery efforts and adversely affect our sales results, which could materially and adversely affect our business, financial condition and results of operations.

Any future global spread of the COVID-19 pandemic may result in global economic distress, and the extent to which it may affect our results of operations will depend on future developments, which are highly uncertain and cannot be predicted. We cannot assure you that the COVID-19 pandemic can be eliminated or contained in the near future, or at all, or a similar outbreak will not occur again. If the COVID-19 pandemic and the resulting disruption to our business were to extend over a prolonged period, it could materially and adversely affect our business, financial condition, and results of operations.

We are also vulnerable to natural disasters, including but not limited to hurricanes, earthquakes, tsunamis, fires and other calamities. We cannot assure you that any backup systems will be adequate to protect us from the effects of such unexpected events. Any of the foregoing events may give rise to interruptions, damage to our property, delays in production, breakdowns, system failures, technology platform failures, or internet failures, which could cause the loss or corruption of data or malfunctions of software or hardware as well as adversely affect our business, financial condition, and results of operations.

65. *We cannot guarantee the accuracy or completeness of facts and other statistics with respect to India, the Indian economy and industry in which we operate contained in this Prospectus.*

While facts and other statistics in the relating to India, the Indian economy, and the industry in which we operate has been based on various web site data and IBEF that we believe are reliable, we cannot guarantee the quality or reliability of such materials. While we have taken reasonable care in the reproduction of

such information, industry facts and other statistics have not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore we make no representation as to their accuracy or completeness. These facts and other statistics include the facts and statistics included in the section titled “Industry Overview” beginning on page 112 of this Prospectus. Due to possibly flawed or ineffective data collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced elsewhere and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy, as the case may be, elsewhere.

66. *Changing regulations in India could lead to new compliance requirements that are uncertain.*

The regulatory and policy environment in which we operate is evolving and is subject to change. The Government of India may implement new laws or other regulations and policies that could affect EVs or vehicles in general, which could lead to new compliance requirements, including requiring us to obtain approvals and licenses from the government and other regulatory bodies, or impose onerous requirements. New compliance requirements could increase our costs or otherwise adversely affect our business, financial condition, cash flows and results of operations. Furthermore, the manner in which new requirements will be enforced or interpreted can lead to uncertainty in our operations and could adversely affect our operations. Any changes to such laws, including the instances mentioned below, may adversely affect our business, financial condition, results of operations, cash flows and prospects.

Additionally, the Government of India has introduced (a) the Code on Wages, 2019 (“**Wages Code**”); (b) the Code on Social Security, 2020 (“**Social Security Code**”); (c) the Occupational Safety, Health and Working Conditions Code, 2020; and (d) the Industrial Relations Code, 2020 (Collectively, the “**Labour Codes**”) which consolidate, subsume and replace numerous existing central labour legislations. The Government of India has deferred the effective date of implementation of the respective Labour Codes, and they shall come into force from such dates as may be notified. Different dates may also be appointed for the coming into force of different provisions of the Labour Codes. While the rules for implementation under these codes have not been notified in its entirety, as an immediate consequence, the coming into force of these codes could increase the financial burden on our Company, which may adversely impact our profitability. We are yet to determine the impact of all or some such laws on our business and operations which may restrict our ability to grow our business in the future. For example, the Social Security Code aims to provide uniformity in providing social security benefits to the employees which was earlier segregated under different acts and had different applicability and coverage. Furthermore, the Wages Code limits the amounts that may be excluded from being accounted toward employment benefits (such as gratuity and maternity benefits) to a maximum of 50% of the wages payable to employees. The implementation of such laws has the ability to increase our employee and labour costs, thereby adversely impacting our results of operations, cash flows, business and financial performance.

Unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. We may incur increased costs and other burdens relating to compliance with new requirements, which may also require significant management time and other resources, and any failure to comply may adversely affect our business, results of operations, financial condition, cash flows and prospects. Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy in the jurisdictions in which we operate, including by reason of an absence, or a limited body of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of our current business or restrict our ability to grow our business in the future.

Additionally, if we are affected, directly or indirectly, by the application or interpretation of any provision of such laws and regulations or any related proceedings, or are required to bear any costs in order to comply with such provisions or to defend such proceedings, our business and financial performance may be adversely affected.

67. *Terrorist attacks, civil unrest and other acts of violence or war involving India or other countries could adversely affect the financial markets, our business, financial condition, and the price of our Equity Shares.*

Any major hostilities involving India or other acts of violence, including civil unrest or similar events that are beyond our control, could have a material adverse effect on India's economy and our business. Incidents such as the terrorist attacks in India, other incidents such as those in US, and other countries and other acts of violence may adversely affect the Indian stock markets where our Equity Shares will trade the global equity markets as well generally. Such acts could negatively impact business sentiment as well as trade between countries, which could adversely affect our Company's business and profitability. Additionally, such events could have a material adverse effect on the market for securities of Indian companies, including the Equity Shares.

68. *If inflation were to rise in India, we might not be able to increase the prices of our services at a proportional rate in order to pass costs on to our customers and our profits might decline.*

Inflation rates in India have been volatile in recent years, and such volatility may continue in the future. India has experienced high inflation in the recent past. Increased inflation can contribute to an increase in interest rates and increased costs to our business, including increased costs of salaries, and other expenses relevant to our business.

High fluctuations in inflation rates may make it more difficult for us to accurately estimate or control our costs. Any increase in inflation in India can increase our expenses, which we may not be able to pass on to our customers, whether entirely or in part, and the same may adversely affect our business and financial condition. In particular, we might not be able to reduce our costs or increase our rates to pass the increase in costs on to our customers. In such case, our business, results of operations, cash flows and financial condition may be adversely affected.

Further, the GoI has previously initiated economic measures to combat high inflation rates, and it is unclear whether these measures will remain in effect. There can be no assurance that Indian inflation levels will not worsen in the future.

69. *Adverse geopolitical conditions such as an increased tension between India and its neighbouring countries, Russia-Ukraine conflict, could adversely affect our business, results of operations and financial condition.*

Adverse geopolitical conditions such as increased tensions between India and its neighbouring countries, resulting in any military conflict in the region could adversely affect our business and operations. Such events may lead to countries including the Government of India imposing restrictions on the import or export of products or components, among others, and affect our ability to procure raw materials required for our business operations. We could also be affected by the introduction of or increase in the levy of import tariffs in India, or changes in trade agreements between countries. For instance, the government of India has imposed additional tariffs in the nature of countervailing duty and anti-dumping duty on a number of items imported from China. Any such measure or reciprocal duties imposed on Indian products by China or other countries may adversely affect our results of operations and financial condition. Further, prolonged Russia- Ukraine conflict that is currently impacting, inter alia, global trade, prices of oil and gas could have an inflationary impact on the Indian economy.

70. *A downgrade in ratings of India, may affect the trading price of the Equity Shares.*

Any adverse revisions to India's credit ratings for domestic and international debt by international rating agencies may adversely impact our ability to raise additional financing and the interest rates and other commercial terms at which such financing is available, including raising any overseas additional financing. A downgrading of India's credit ratings may occur, for example, upon a change of government tax or fiscal policy, which are outside our control. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial

performance and the price of our Equity Shares.

- 71. Pursuant to listing of the Equity Shares, we may be subject to pre-emptive surveillance measures like Additional Surveillance Measure (“ASM”) and Graded Surveillance Measures (“GSM”) by the Stock Exchanges in order to enhance market integrity and safeguard the interest of investors.**

SEBI and the Stock Exchanges have introduced various pre-emptive surveillance measures in order to enhance market integrity and safeguard the interests of investors, including ASM and GSM. ASM and GSM are imposed on securities of companies based on various objective criteria such as significant variations in price and volume, concentration of certain client accounts as a percentage of combined trading volume, average delivery, securities which witness abnormal price rise not commensurate with financial health and fundamentals such as earnings, book value, fixed assets, net worth, price / earnings multiple, market capitalization etc.

Upon listing, the trading of our Equity Shares would be subject to differing market conditions as well as other factors which may result in high volatility in price, low trading volumes, and a large concentration of client accounts as a percentage of combined trading volume of our Equity Shares. The occurrence of any of the abovementioned factors or other circumstances may trigger any of the parameters prescribed by SEBI and the Stock Exchanges for placing our securities under the GSM and/or ASM framework or any other surveillance measures, which could result in significant restrictions on trading of our Equity Shares being imposed by SEBI and the Stock Exchanges. These restrictions may include requiring higher margin requirements, requirement of settlement on a trade for trade basis without netting off, limiting trading frequency, reduction of applicable price band, requirement of settlement on gross basis or freezing of price on upper side of trading, as well as mentioning of our Equity Shares on the surveillance dashboards of the Stock Exchanges. The imposition of these restrictions and curbs on trading may have an adverse effect on market price, trading and liquidity of our Equity Shares and on the reputation and conditions of our Company.

Issue Specific Risks

- 72. The Equity Shares of our company have never been publicly traded, and, after the Issue, the Equity Shares may experience price and volume fluctuations, and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile, and you may be unable to resell the Equity Shares at or above the Issue Price, or at all.**

Prior to the Issue, there has been no public market for our Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. Our Company and the Lead Manager have appointed Alacrity Securities Limited as Designated Market Maker for the Equity Shares of our Company. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in the Emerge Platform of NSE, securities markets in other jurisdictions, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications, and changes in economic, legal and other regulatory factors.

- 73. Our Promoter will be able to exercise substantial control over our Company and may have interests that are different from those of our other Shareholders.**

Upon completion of this offering, our Promoters Sanjay Kumar Popli, Seema and Palak Poply will approximately hold 71.59% collectively of our outstanding shares of common stock as the controlling Shareholder. Sanjay Kumar Popli, Seema and Palak Poply will collectively hold 1,52,54,000 equity shares representing 71.59% of our post-issue issued and paid up equity share capital, on a fully diluted basis. As a result, our Promoters will be able to exercise a significant level of control over all matters requiring shareholder approval, including the election of directors, amendment of our constitutional documents and approval of significant corporate transactions and any other approvals which require a majority vote of shareholders eligible to vote. This control could have the effect of delaying or preventing a change of control of our Company or changes in management and will make the approval of certain transactions

difficult or impossible without the support of such Controlling Shareholder. The interests of our Promoter could conflict with our interests or the interests of our other Shareholders. While the actions carried out by our Company post-listing will be subject to Board and Shareholder approval, as required under the Companies Act, 2013, and the SEBI Listing Regulations, any such conflict may adversely affect our ability to execute our business strategy or to operate our business.

- 74. *Any future issuance of Equity Shares, or convertible securities or other equity linked securities by our Company may dilute the shareholding and any sale of Equity Shares by our Promoter or members of our Promoter Group may adversely affect the trading price of the Equity Shares.***

Any future issuance of the Equity Shares, convertible securities or securities linked to the Equity Shares by our Company may dilute the shareholding, which may have adverse bearing on the trading price of the Equity Shares. The disposal of Equity Shares by any of our Promoter and Promoter Group, or the perception that such sales may occur may significantly affect the trading price of the Equity Shares. We cannot assure you that our Promoter and Promoter Group will not dispose of, pledge, or encumber their Equity Shares in the future.

- 75. *Fluctuation in the exchange rate between the Indian Rupee and foreign currencies may have an adverse effect on the value of our Equity Shares, independent of our operating results.***

On listing, our Equity Shares will be quoted in Indian Rupees on the Stock Exchanges. Any dividends in respect of our Equity Shares will also be paid in Indian Rupees and subsequently converted into the relevant foreign currency for repatriation, if required. Any adverse movement in currency exchange rates during the time that it takes to undertake such conversion may reduce the net dividend to foreign investors. In addition, any adverse movement in currency exchange rates during a delay in repatriating outside India the proceeds from a sale of Equity Shares, for example, because of a delay in regulatory approvals that may be required for the sale of Equity Shares may reduce the proceeds received by equity shareholders. For example, the exchange rate between the Rupee and the U.S. dollar has fluctuated substantially in recent years and may continue to fluctuate substantially in the future, which may have an adverse effect on the trading price of our Equity Shares and returns on our Equity Shares, independent of our operating results.

- 76. *Rights of shareholders under Indian laws may be more limited than under the laws of other jurisdictions.***

Indian legal principles related to corporate procedures, directors' fiduciary duties and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights including in relation to class actions, under Indian law may not be as extensive as shareholders' rights under the laws of other countries or jurisdictions. Investors may have more difficulty in asserting their rights as shareholder in an Indian company than as shareholder of a corporation in another jurisdiction.

- 77. *There is no guarantee that the Equity Shares issued pursuant to the Issue will be listed on the NSE Emerge in a timely manner or at all.***

In accordance with Indian law and practice, permission for listing and trading of the Equity Shares issued pursuant to the Issue will not be granted until after the Equity Shares have been issued and allotted. Approval for listing and trading will require all relevant documents authorizing the issuing of Equity Shares to be submitted. There could be a failure or delay in listing the Equity Shares on the NSE Emerge. Any failure or delay in obtaining the approval would restrict your ability to dispose of your Equity Shares.

- 78. *Any future issuance of Equity Shares may dilute your shareholding and sale of our Equity Shares by our Promoter or other shareholders may adversely affect the trading price of the Equity Shares.***

Any future equity issuances by us, including in a primary offering, may lead to the dilution of investors' shareholdings in our Company. Any future equity issuances by us or sales of our Equity Shares by our Promoter or other major shareholders may adversely affect the trading price of the Equity Shares. In addition, any perception by investors that such issuances or sales might occur could also affect the trading

price of our Equity Shares.

- 79. *There are restrictions on daily weekly monthly movement in the price of the equity shares, which may adversely affect the shareholder's ability to sell for the price at which it can sell, equity shares at a particular point in time.***

Once listed, we would be subject to circuit breakers imposed by the stock exchange, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based market-wide circuit breakers generally imposed by SEBI. The percentage limit on circuit breakers is said by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. The stock exchange does not inform us of the percentage limit of the circuit breaker in effect from time to time, and may change it without our knowledge. This circuit breaker limits the upward and downward movements in the price of the Equity Shares. As a result of the circuit breaker, no assurance may be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

- 80. *Our Equity Shares have never been publicly traded and after this offering, our Equity Shares may experience price and volume fluctuations and an active trading market for our Equity Shares may not develop. Further, this offering Price may not be indicative of the market price of our Equity Shares after this offering.***

Prior to this Issue, there has been no public market for our Equity Shares. We cannot assure you that an active trading market for our Equity Shares will develop or be sustained after this Issue. The Issue Price of our Equity Shares is proposed to be determined by our Company, in consultation with the Selling Shareholders and the Lead Manager through a fixed price process and may not be indicative of the market price of our Equity Shares at the time of commencement of trading of our Equity Shares or at any time thereafter. The market price of our Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions specific to the industry we operate in, developments relating to India and volatility in the stock exchanges and securities markets elsewhere in the world. These broad market fluctuations and industry factors may materially reduce the market price of our Equity Shares, regardless of our Company's Performance. In addition, following the expiry of the one-year locked-in period on certain portions of the pre-Issue Equity Share capital, the pre-Issue shareholders may sell their shareholding in our Company, depending on market conditions and their investment horizon. Any perception by investors that such sales might occur could additionally affect the trading price of our Equity Shares. Consequently, the price of our Equity Shares may be volatile, and you may be unable to sell your Equity Shares at or above the Issue Price, or at all. A decrease in the market price of our Equity Shares could cause investors to lose some or all of their investment.

- 81. *Investors may be subject to Indian taxes arising out of income arising on the sale of and dividend on our Equity Shares.***

Capital gains arising from the sale of our Equity Shares are generally taxable in India. Any gain realized on the sale of our Equity Shares on a stock exchange held for more than 12 months is subject to long term capital gains tax in India. Such long-term capital gains exceeding Rs. 1,00,000 arising from the sale of listed equity shares on a stock exchange subject to tax at a rate of 10% (plus applicable surcharge and cess). A security transaction tax ("STT") will be levied on and collected by an Indian stock exchange on which our Equity Shares are sold. Any gain realized on the sale of our Equity Shares held for more than 12 months by an Indian resident, which are sold other than on a recognized stock exchange and as a result of which no STT has been paid, will be subject to long-term capital gains tax in India. Further, any gain realized on the sale of our Equity Shares held for a period of 12 months or less will be subject to short-term capital gains tax in India. Further, any gain realized on the sale of listed equity shares held for a period of 12 months or less which are sold other than on a recognized stock exchange and on which no STT has been paid, will be subject to short-term capital gains tax at a higher rate compared to the transaction where STT has been paid in India. Capital gains arising from the sale of our Equity Shares will be exempt from taxation in India in cases where an exemption is provided under a treaty between India and the country of which the seller is a resident.

As a result, subject to any relief available under an applicable tax treaty or under the laws of their own jurisdictions, residents of other countries may be liable for tax in India as well as in their own jurisdictions on gains arising from a sale of our Equity Shares.

The Finance Act, 2019 amended the Indian Stamp Act, 1899 with effect from July 1, 2020 and clarified that, in the absence of a specific provision under an agreement, the liability to pay stamp duty in case of sale of securities through stock exchanges will be on the buyer, while in other cases of transfer for consideration through a depository, the onus will be on the transferor. The stamp duty for transfer of securities other than debentures on a delivery basis is specified at 0.015% and on a non-delivery basis is specified at 0.003% of the consideration amount. The Finance Act, 2020, has, inter alia, amended the tax regime, including a simplified alternate direct tax regime and that dividend distribution tax will not be payable in respect of dividends declared, distributed or paid by a domestic company after March 31, 2020, and accordingly, that such dividends not be exempt in the hands of the shareholders, and that such dividends are likely to be subject to tax deduction at source. Investors should consult their own tax advisors about the consequences of investing or trading in the Equity Shares.

The Government of India announced the union budget for Fiscal 2024 and the Finance Bill in the Lok Sabha on February 1, 2023. The Finance Bill has received assent from the President of India on March 30, 2023 and has been enacted as the Finance Act 2023. We cannot predict whether any amendments made pursuant to the Finance Bill would have an adverse effect on our business, financial condition, future cash flows and results of operations. Unfavourable changes in or interpretations of existing, or the promulgation of new laws, rules and regulations, governing our business and operations could result in us being deemed to be in contravention of such laws requiring us to apply for additional approvals.

82. We cannot assure that prospective investors will be able to sell immediately on an Indian stock exchange any of our Equity Shares they purchase in the Issue.

In accordance with Indian law and practice, final approval for listing and trading of our Equity Shares will not be granted until after certain actions have been completed in relation to this Issue and until our Equity Shares have been issued and allotted. Such approval will require the submission of all other relevant documents authorizing the issuance of our Equity Shares. In accordance with current regulations and circulars issued by SEBI, our Equity Shares are required to be listed on the Stock Exchanges within a prescribed time. Accordingly, we cannot assure you that the trading in our Equity Shares will commence in a timely manner or at all and there could be a failure or delay in listing our Equity Shares on the Stock Exchanges, which would adversely affect your ability to sell our Equity Shares.

83. Rights of shareholders of companies under Indian law may be more limited than under the laws of other jurisdictions.

Our Articles of Association, composition of our Board, Indian laws governing our corporate affairs, the validity of corporate procedures, directors' fiduciary duties, responsibilities and liabilities, and shareholders' rights may differ from those that would apply to a company in another jurisdiction. Shareholders' rights under Indian Law may not be as extensive and widespread as shareholders' rights under the laws of other countries or jurisdictions. Investors may face challenges in asserting their rights as shareholder in an Indian company than as shareholders of an entity in another jurisdiction.

84. Global economic, political, and social conditions may harm our ability to do business, increase our costs and negatively affect our stock price.

Global economic and political factors that are beyond our control, influence forecasts and directly affect performance. These factors include interest rates, rates of economic growth, fiscal and monetary policies of governments, inflation, deflation, foreign exchange fluctuations, consumer credit availability, fluctuations in commodities markets, consumer debt levels, unemployment trends and other matters that influence consumer confidence, spending and tourism. Increasing volatility in financial markets may cause these factors to change with a greater degree of frequency and magnitude, which may negatively affect our stock prices.

DETAILS OF MARKET MAKING ARRANGEMENT

Our Company in consultation with the Lead Manager, to ensure compulsory Market Making for a minimum period of three years from the date of listing of our equity shares on NSE Emerge or for a period as may be notified by any amendment in the SEBI ICDR Regulations, have entered into a tripartite agreement dated May 13, 2025 with Alacrity Securities Limited, the Market Maker for this Issue, duly registered with NSE EMERGE to fulfil the obligations of Market Making for the issue in accordance with Regulation 261 of the SEBI ICDR Regulations.

Our company, in consultation with the Lead Manager, shall allot at least 5% of the Issue to the Market Maker under the Market Maker Reservation Portion as per the Regulation 261 (4) of the SEBI ICDR Regulations:

Name	Alacrity Securities Limited
Correspondence Address	101, Hari Darshan, B-Wing, Bhogilal Fadia Road, Kandivali (West), Mumbai- 400067
Contact No.	+91 9594499983
E-Mail	alacritysec@gmail.com
Website	www.alacritysec.com
Contact Person	Kishore V Shah
SEBI Registration No.	INZ000215936

Pursuant to NSE Circular no. 54/2023 dated August 31, 2023, the Market Maker shall confirm that it has sufficient net worth to enable them to discharge their respective market making obligations in full.

The Market Maker shall at all times adhere to the byelaws, rules and regulations of NSE and shall comply with such operational parameters, rulings, notices, guidelines and instructions of NSE as may be applicable from time to time. The Market Maker shall also comply with the SEBI ICDR Regulations, circulars issued by SEBI from time to time and such other rules, regulations and or guidelines issued by SEBI from time to time.

In terms of Regulation 261(1) of SEBI ICDR Regulations, the market making arrangement through the Market Maker will be in place for a period of three years from the date of listing of our Equity Shares and shall be carried out in accordance with SEBI ICDR Regulations and the circulars issued by the NSE Emerge and SEBI regarding this matter from time to time.

In terms of Regulation 261(2) of SEBI ICDR Regulations, the Market Maker or Issuer, in consultation with the Lead Manager may enter into agreements with the nominated investors for receiving or delivering the specified securities in market making, subject to the prior approval of the NSE Emerge.

In terms of regulation 261(3) of SEBI ICDR Regulations, flowing is a summary of the key details pertaining to the Market Making arrangement:

The Market Maker “Alacrity Securities Limited”, shall be required to provide a two-way quote for 75% of the time in a day. The same shall be monitored by the Stock Exchange. Further, the Market Maker(s) shall inform the Stock Exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).

The prices quoted by Market Maker shall be in compliance with the market maker spread requirements and other particulars as specified or as per the requirements of NSE Emerge and SEBI from time to time.

The minimum depth of the quote shall be 1,00,000. However, the investors with holdings of value less than 1,00,000 shall be allowed to offer their holding to the Market Maker in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker. There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, NSE Emerge may intimate the same to SEBI after due verification.

The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on SME Platform (in this case currently the minimum trading lot size is 1,600 Equity Shares; however, the same may be changed by the NSE from time to time).

The shares of the Company will be traded in Trade for Trade Segment for the first 10 days from commencement of trading (as per SEBI Circular no: CIR/MRD/DP/ 02/2012 dated January 20, 2012) on the Emerge Platform of NSE and market maker will remain present as per the guidelines mentioned under the NSE Emerge and SEBI circulars.

The Market Maker shall start providing quotes from the day of the listing / the day when designated as the Market Maker for the respective scrip and shall be subject to the guidelines laid down for market making by the SEBI.

There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

The Inventory Management and Buying/Selling Quotations and its mechanism shall be as per the relevant circulars issued by SEBI and NSE Emerge from time to time.

Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker, for the quotes given by him.

There would not be more than five Market Makers for the Company's Equity Shares at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.

The shares of the company will be traded in continuous trading session from the time and day the company gets listed on NSE Emerge Platform and market maker will remain present as per the guidelines mentioned under NSE and SEBI Circulars.

In terms of regulation 261(6) of SEBI ICDR Regulations, Market Maker shall not buy the Equity Shares from the Promoters or persons belonging to Promoter Group of the Company or any person who has acquired equity shares from such Promoters or person belonging to Promoter Group, during the compulsory market making period.

In terms of regulation 261(7) of SEBI ICDR Regulations, the Promoters' holding of the Company shall not be eligible for offering to the Market Maker during the compulsory market making period. However, the promoters' holding of our Company which is not locked-in as per the SEBI ICDR Regulations, can be traded with prior permission of the NSE, in the manner specified by SEBI from time to time.

The Lead Manager may be represented on the Board of the Issuer Company in compliance with Regulation 261 (8) of SEBI ICDR Regulations.

The Market Maker shall not be responsible to maintain the price of the Equity Shares of the Issuer Company at any particular level and is purely supposed to facilitate liquidity on the counter of our Company via its 2-way quotes. The price of the Equity Shares shall be determined and be subject to market forces.

Risk containment measures and monitoring for Market Maker: The Emerge platform of NSE will have all margins which are applicable on the NSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. NSE Emerge may impose other margins as deemed necessary from time-to-time.

Punitive Action in case of default by Market Maker: The Emerge platform of NSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties / fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case they are not present in the market (offering two-way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties / fines / suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.

The Market Maker shall have the right to terminate said arrangement by giving 3 (three) months' notice or on mutually acceptable terms to the Lead Manager, who shall then be responsible to appoint a replacement Market Maker.

In case of termination of the above-mentioned market making agreement prior to the completion of the compulsory market making period, it shall be the responsibility of the Lead Manager to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI ICDR Regulations. Further the Company and the Lead Manager reserve the right to appoint other Market Maker either as a replacement of the current Market Maker or as an additional Market Maker subject to the relevant laws and regulations applicable at that particular point of time.

On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.

Price Band and Spreads: SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Offer size up to ₹250 Crores, the applicable price bands for the first day shall be:

- In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
- In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Offer price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the Market Maker Spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

The following spread will be applicable on the NSE Emerge:

Sr. No	Market Price Slab (in ₹)	Proposed spread (in % to sale price)
1.	Upto 50	9
2.	50 to 75	8

Our Promoter has given consent to include such number of Equity Shares held by it as may constitute 20% of the fully diluted post-Issue Equity Share capital of our Company as promoter's Contribution. Our Promoter has agreed not to dispose, sell, transfer, charge, pledge or otherwise encumber, in any manner, the Minimum Promoter's Contribution from the date of filing this Prospectus, until the expiry of the lock-in period specified above, or for such other time as required under SEBI ICDR Regulations, except as may be permitted, in accordance with the SEBI ICDR Regulations.

Further, since the post Issue shareholding of our promoters is more than 20.00%, alternative investment funds or foreign venture capital investors or scheduled commercial banks or public financial institutions or insurance companies registered with Insurance Regulatory and Development Authority of India or any non-individual public shareholder holding at least 5.00% of the post Issue capital or any entity (individual or non-individual) forming part of our promoter group other than the promoter(s), do not require to contribute to meet the shortfall in minimum Promoters' contribution as specified in the SEBI ICDR Regulations.

Our Company undertakes that the Equity Shares that are being locked-in are not and will not be ineligible for computation of Minimum Promoter's Contribution in terms of Regulation 237 of the SEBI ICDR Regulations. In this connection, our Company confirms the following:

- The Equity Shares offered for Minimum Promoter's Contribution do not include Equity Shares acquired in the three immediately preceding years (a) for consideration other than cash involving revaluation of assets or capitalisation of intangible assets; or (b) resulting from a bonus issue of Equity Shares out of revaluation reserves or unrealised profits of our Company or from a bonus issuance of equity shares against Equity Shares, which are otherwise ineligible for computation of Minimum Promoter's Contribution
- The Minimum Promoter's Contribution does not include any Equity Shares acquired during the immediately preceding one year at a price lower than the price at which the Equity Shares are being offered to the public in the Issue.
- Our Company has not been formed by the conversion of a partnership firm or a limited liability partnership firm; and
- The Equity Shares forming part of the Minimum Promoter's Contribution are not subject to any pledge.
- Our Promoter has agreed not to sell, transfer, charge, pledge or otherwise encumber in any manner, the Minimum Promoter's contribution from the date of filing of this Prospectus, until the expiry of the lock-in specified above, or for such other time as required under SEBI ICDR Regulations, except as may be

permitted, in accordance with the SEBI ICDR Regulations.

(ii) **Details of Equity Shares locked-in for one year**

In terms of Regulation 239 of the SEBI ICDR Regulations, the entire pre-Issue Equity Share capital held by persons other than our Promoters will be locked-in for a period of one year from the date of Allotment in the Issue, except Offered Shares and any other categories of shareholders in accordance with Regulation 238(b) of and as exempted under Regulation 239 of the SEBI ICDR Regulations.

4. **Lock-in Requirements**

- a) Pursuant to the SEBI ICDR Regulations, the entire pre-Issue capital of our Company shall be locked-in for a period of from the date of Allotment, except for (i) the Equity Shares Allotted pursuant to the Offer for Sale; (ii) any Equity Shares held by a VCF or Category I AIF or Category II AIF or FVCI, as applicable, provided that such Equity Shares shall be locked in for a period of at least six months from the date of purchase by such shareholders, and (iii) as otherwise permitted under the SEBI ICDR Regulations. Further, any unsubscribed portion of the Offered Shares will also be locked in, as required under the SEBI ICDR Regulations. Additionally, in accordance with Regulation 8A of the SEBI ICDR Regulations, as the Issue is in compliance with Regulation 6(2), the relaxation from lock-in period provided under Regulation 17(c) of the SEBI ICDR Regulations shall not be available to any Shareholder(s) holding, individually or with persons acting in concert, more than 20% of pre-Offer shareholding of our Company on fully diluted basis.
- b) Pursuant to Regulation 243 of the SEBI ICDR Regulations, Equity Shares held by persons prior to the Issue and locked in for a period of one year, may be transferred to any other person holding Equity Shares which are locked-in along with the Equity Shares proposed to be transferred, subject to the continuation of the lock-in in the hands of such transferee and compliance with the applicable provisions of the Takeover Regulations

5. **Recording on non-transferability of Equity Shares locked-in**

As required under Regulation 241 of the SEBI ICDR Regulations, our Company shall ensure that the details of the Equity Shares locked-in are recorded by the relevant Depository.

(i) **Other requirements in respect of lock-in**

- a. Pursuant to Regulation 242 of the SEBI ICDR Regulations, Equity Shares held by our Promoter and locked-in as per the provisions of Regulation 238 of the SEBI ICDR Regulations, as mentioned above, may be pledged as collateral security for a loan with a scheduled commercial bank, a public financial institution, Systemically Important Non-Banking Financial Company or a housing finance company, subject to the following:
- With respect to the Equity Shares locked-in for One Year from the date of Allotment in terms of sub-regulation (b) of Regulation 238 of the SEBI ICDR Regulations, such pledge of the Equity Shares must be one of the terms of the sanction of the loan.
 - With respect to the Equity Shares locked-in as Minimum Promoter's Contribution for 3 Years from the date of Allotment in terms of sub-regulation (a) of Regulation 238 of the SEBI ICDR Regulations, the loan must have been granted to our Company for the purpose of financing one or more of the Objects of the Issue and pledge of such Equity Shares is one of the terms of sanction of the loan, which is not applicable in the context of this Issue.

However, the relevant lock-in period shall continue post the invocation of the pledge referenced above, and the relevant transferee shall not be eligible to transfer to the Equity Shares till the relevant lock-in period has expired in terms of the SEBI ICDR Regulations.

An oversubscription to the extent of 1% of the Issue may be made, in consultation with the Designated Stock Exchange, for the purposes of rounding off to make allotment in minimum lots.

In terms of Regulation 243 of the SEBI ICDR Regulations, Equity Shares held by our Promoter and

locked-in as per regulation 238 of the SEBI ICDR Regulations, may be transferred to any member of our Promoter Group or a new promoter, subject to continuation of lock-in applicable with the transferee for the remaining period and compliance with provisions of the Takeover Regulations.

Further, in terms of Regulation 243 of the SEBI ICDR Regulations, Equity Shares held by persons other than our Promoter as per regulation 239 of the SEBI ICDR Regulations, prior to the Issue and locked-in for a period of One Year, may be transferred to any other person holding Equity Shares which are locked in along with the Equity Shares proposed to be transferred, subject to the continuation of the lock in with the transferee for the remaining period and compliance with the provisions of the Takeover Regulations.

Particulars	Estimated Amount (₹ in lakh)
Gross Proceeds from the Issue*	4,065.84
(Less) Issue Related Expenses**	611.55
Net Proceeds	3,454.29

*Subject to full subscription of the Issue component

**See "*Objects of the Issue - Issue Related Expenses*" on page 99.

Requirement of Funds and Utilization of Net Proceeds

The Net Proceeds are proposed to be utilised in accordance with the details provided in the following table:

Particulars	Amount (in ₹ lakhs)
Capital Expenditure	500.00*
Working Capital Requirement	2200.00
General Corporate Purposes	754.29
Net Proceeds	3,454.29

*the amount mentioned herein are inclusive of GST

The amount to be utilised for general corporate purposes shall not in aggregate exceed 25% of the amount raised.

As indicated above, our company proposes to deploy the entire Net Proceeds towards the objects as described in the FY 2026 and FY 2027. In the event that the estimated utilization of the Net Proceeds in FY 2026 and FY 2027 is not completely met, the same shall be utilized, in part or full, in the next financial year or a subsequent period i.e. FY 2028 towards the objects.

The fund requirements, the deployment of funds and the intended use of the Net Proceeds as described herein

are based on our current business plan, management estimates, and other commercial and technical Factors. Given the dynamic nature of our business, we may have to revise our expenditure and fund requirement as a result of variations in cost estimates on account of variety of factors such as changes in our financial condition, business or strategy as well as external factors which may not be in our control and may entail rescheduling and revising the planned expenditure and funding requirement and increasing or decreasing the expenditure for a particular purpose from the planned expenditure at the discretion of our management.

These fund requirements have not been appraised by any bank, financial institution or any other external agency. Our Company may have to revise its funding requirements and deployment on account of a variety of factors, including but not limited to our financial and market condition, business and strategy, competition, interest or exchange rate fluctuations and other external factors, which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of our management, subject to applicable law. See Risk factor no 30 on page 41 titled ***“Our funding requirements and the proposed deployment of Net Proceeds are based on management estimates and we have not entered into any definitive arrangements to utilize certain portions of the Net Proceeds of the Issue”*** in the chapter titled ***“Objects of the Offer”*** under the Section titled ***“Risk Factors”*** on page 27 of this Prospectus.

In the event of any shortfall of funds for the activities proposed to be financed out of the Net Proceeds as stated above, our Company may re-allocate the Net Proceeds to the activities where such shortfall has arisen, subject to availability and compliance with applicable laws. Further, in case of shortfall in the Net Proceeds or cost overruns, our management may explore a range of options including utilizing our internal accruals or seeking additional equity and/or debt arrangements from existing and future lenders or any combination of them. If the actual utilisation towards any of the Objects is lower than the proposed deployment such balance will be used for (i) general corporate purposes to the extent that the total amount to be utilised towards general corporate purposes will not exceed 25% of the Gross Proceeds in accordance with the SEBI ICDR Regulations; or (ii) towards any other object where there may be a shortfall, at the discretion of the management of our Company and in compliance with applicable laws.

In case of any surplus after utilization of the Net Proceeds for the stated objects, including any surplus unutilized Issue related expenses, we may use such surplus towards general corporate purposes. To the extent our Company is unable to utilize any portion of the Net Proceeds towards the aforementioned objects of the Issue, as per the estimated schedule of deployment specified above, our Company shall deploy the Net Proceeds in subsequent financial years towards the aforementioned objects.

In case of variations in the actual utilization of funds earmarked for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be done through internal accruals through cash flows from our operations and debt. In case of a shortfall in raising requisite capital from the Net Proceeds towards meeting the objects of the Issue, we may explore a range of options including utilizing our internal accruals and seeking additional debt from existing and future lenders. We believe that such alternate arrangements would be available to fund any such shortfalls.

In the event that the estimated utilization of the Net Proceeds in a scheduled financial year is not completely met, due to the reasons stated above, the same shall be utilized in the next financial year, as may be determined by our Company, in accordance with applicable laws. Subject to applicable laws, in the event of any increase in the actual utilization of funds earmarked for the purposes set forth above, such additional funds for a particular activity will be met by way of means available to us, including from internal accruals and any additional equity and/or debt arrangements. Further, if the actual utilisation towards any of the Objects is lower than the proposed deployment such balance will be used towards general corporate purposes to the extent that the total amount to be utilized towards general corporate purposes will not exceed 25% of the Gross Proceeds in accordance with the SEBI ICDR Regulations.

PROPOSED SCHEDULE OF IMPLEMENTATION AND UTILIZATION OF NET PROCEEDS

We propose to deploy the Net Proceeds for the aforesaid purposes in accordance with the estimated schedule of implementation and deployment of funds set forth in the table below:

Particulars	Amount to be funded from Net Proceeds (₹ In Lakhs)	Estimated schedule of deployment of Net Proceeds in FY2026 (₹ In Lakhs)	Estimated schedule of deployment of Net Proceeds in FY2027 (₹ In Lakhs)
Capital Expenditure	500.00	500.00	-
Funding of Working Capital requirements	2,200.00	1,100.00	1,100.00
General Corporate Expenses	754.29	754.29	-
Total	3,454.29	2,354.29	1,100.00

As per Management estimation, the total amount proposed to be utilized from the IPO Proceeds for the above-mentioned purpose is to be deployed by March 31, 2027, subject to getting approvals from regulatory authorities in a timely manner.

Since such expenditure does not involve the implementation of any specific project, a schedule of deployment of funds in relation to such an object has not been provided. If the Net Proceeds towards any of the Objects are not completely utilized towards such objects by March 31, 2027, such amounts will be utilized (in part or full) in subsequent periods as determined by us, in accordance with applicable law.

Any expenditure after filing of Prospectus till the listing for the above-mentioned objects, will be reimbursed to the Company on actual basis from the IPO Proceeds.

MEANS OF FINANCE

Our Company proposes to meet the entire requirement of funds for the objects of the Issue from the following means:

1. Issue of Equity Shares through this Prospectus.
2. Internal Accruals of the Company.

The requirements of the objects detailed above are intended to be funded from the Proceeds of the Issue. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance under Regulation 230(1)(e) and 9 (C) of Part A of Schedule VI of SEBI (ICDR) Regulations, through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed public Issue or through existing identifiable internal accruals.

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs, other financial conditions, business, or strategy, as discussed further below. See Risk factor no 30 on page 41 titled ***“Our funding requirements and the proposed deployment of Net Proceeds are based on management estimates and we have not entered into any definitive arrangements to utilize certain portions of the Net Proceeds of the Issue”*** as mentioned in the chapter titles ***“Objects of the Offer”*** under the section titled ***“Risk Factors”*** on page 27 of this Prospectus.

In case of variations in the actual utilization of funds allocated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be through our internal accruals and/or debt.

We may have to revise our fund requirements and deployment as a result of changes in commercial and other external factors, which may not be within the control of our management. This may entail scheduling, revising, or cancelling the fund requirements and increasing or decreasing the fund requirements for a particular purpose from its fund requirements mentioned below, at the discretion of our management. In case of any shortfall or cost overruns, we intend to meet our estimated expenditure from internal accruals and/or debt. In case of any such re-scheduling, it shall be made by compliance of the relevant provisions of the Companies Act, 2013.

1. Installation of Optical CNC Cutting Machine

Company is planning to invest in Fiber Laser Cutting Machine -Single Table which will atomise the process which currently the company is doing manually. The installation of Fiber laser cutting machine will save time and effectively increase production and reduce labour cost. Further, investing in a suitable laser cutting machine can significantly enhance our EV manufacturing process, improving precision and efficiency while reducing waste.

Company has obtained quotation from JIATAI INTERNATIONAL COMPANY INDIA dated April 25, 2025 with 6 months validity at an estimated cost of Rs. 43.07 lakhs, inclusive of GST.

The product description with technical parameters are detailed below:

Product Description:

LC3015-CNC cutting machine brief

Laser cutting is the best cutting method of what we knew at present, the advantages of laser cutting is: Tiny thermal deformation, high accuracy, low noise, no pollution, low running cost and high efficient, as advanced cutting technics the laser cutting have widely application scope.

Fiber laser is focus technology at laser field in recent years, it rapid to replacement the YAG AND CO2 laser in laser cutting process industry, the media power of laser will be the most popular in third generation laser cutting machine, because it have best quantity of laser beam, smaller volume, free maintenance, easy operate, lower environment requirement etc. It have widely application in manufacturing industry .

Material : Special for cutting various sheet Metal like as carbon steel sheet, stainless steel sheet, galvanized sheet, Mild steel Etc .

Product ID	JFC -D-1530-1.5 CNC Cutting M/C
Holistic Power	17 KW
Power Supply	380V AC 50Hz 3 PHASES
X/Y Positioning	0.05 mm/m
X/Y Repeated Positioning	±0.05 mm
Working Area	3000*1500 mm
Orientation	Yes (Infrared)
Purpose of Apply	Almost all type of metal cut i.e MS , SS , G.I etc

Main features:

1. Excellent beam quality (BPP) , constant BP in full power range, a very small spot can still be got using long focal length.
2. Special wavelength (1070nm), unique ability to cut high reflective materials such as aluminum, copper and brass.
3. Laser electro-optic conversion rate > 25%, far greater than CO2 (< 10%), reduces greatly the power loss.
4. Laser transmission through optical fiber, almost no transmission loss.
5. Modular design, "plug and play", Compact, easy to install, no need for laser and beam transmission system maintenance.

2. Conveyorized Liquid Painting Plant – 1.5 MT/min With Dip Type PT Line

Company plans to install Conveyorized Liquid Painting Plant – 1.5 MT/min With Dip Type PT Line. This is a pre-coating system used before painting of any auto. This new painting system is of high quality which is estimated to increase the life of paint by more than 10 years.

Company has obtained quotation from DTRA Engineers dated April 01, 2025 with 6 months validity at an estimated cost of Rs. 194.70 lakhs, inclusive of GST.

The product description with technical parameters are detailed below:

Sr.No	Description/Item	Quantity
1.	Component/Product	L-5 Three-Wheeler & E Rickshaw
2.	Material of construction	CR / HR / Pipes / Frames
3.	Max weight / hanger	80 Kgs. / Jig, for conveyor selection and as well heat load calculation.
4.	Productivity	As per conveyor speed of 1.5 mar. / Mins.
5.	Convey Designed or Speed.	Plant designed at a speed of 1 m/m. However, a variable frequency drive shall be provided to vary the speed as per your requirement within the given parameters.
6.	Envelop Size	<ul style="list-style-type: none"> 1500 mm Across the conveyor, 2500 mm along the conveyor 1500 mm height, hanger size 1000 mm
7.	Applicator	Spray Guns/Applicators
8.	Material handling	Four Wheel Conveyor
9.	Heating system	TSA / PU / Stoving Paint Baking – Direct fired
10.	Hanging Pitch	Considered – 500 mm – Multiples
11.	Paint Curing Schedule	<ul style="list-style-type: none"> EMT – 150 +/- 5 degree for 20 min., however residence time considered in curing Oven 30 minutes.
12.	Heating load	For Paint Baking Oven – Approx.

16.	Electrical data	415 V, 50 Hz. 3 Phase (4 Wire System) 240 V, 50 Hz, 1 Phase.

3. Supply & Erection of Steel Structure- Pre-Engineered Building

Company plans to start a new assembly line for the new products under L5 category which was launched few months back. For more details on the products in the L5 category, please refer page 138 of *Business chapter*. please Setting up a completely new assembly line without affecting current production line will increase the production by saving time.

Company has obtained quotation from Gargi Engineering dated April 01,2025 with 6 months validity at an estimated cost of Rs. 331.34 lakhs, inclusive of GST. The detailed description is given below:

A. Design Criteria:

A.1 Main Design Building Codes:

1. Frame members will be designed in accordance with AISC-89 edition of the **American Institute of Steel Construction (AISC-89):**” Manual of Steel Construction, Allowable Stress Design”.
2. Cold Formed members will be designed in accordance with the 1996 edition of the **American Iron and steel Institute (AISI):**” Cold Formed Steel Design Manual”
3. All welding will be done in accordance with the 2000 Edition of the **American Welding Society (AWS);** Structural Welding Code-Steel. All Welders are qualified for the type of weld performed.
4. Manufacturing dimensional tolerance will be in accordance with the requirements of the 1996 Edition of the **Metal Building Manufacturer Association (MBMA-1996)** of the USA.; Low rise building systems Manual”.

Justification for “Holding Period” levels derived from our Restated Financial Statements

S. No.	Particulars
Current Assets	
Inventory	The holding levels of inventories was 45 days in Fiscal 2022, 33 days in Fiscal 2023 and 25 days in Fiscal 2024. Inventory levels generally tend to vary depending on the factors such as order book status, delivery schedules, etc. Hence, we consider the holding period of 90 days as for Fiscal 2025 and 90 days for Fiscal 2026 and 90 days for Fiscal 2027.
Trade Receivables	The holding levels of trade receivable increased from 55 days for Fiscal 2022 to 58 days in Fiscal 2023 and further decreased to 71 days in Fiscal 2024. We expect the holding level will be 60 days and 60 days for Fiscal 2025, 2026 and 2027 respectively.
Current Liabilities	
Trade Payables	Company generally made purchase on credit basis. The holding levels of trade payables were 52 days in Fiscal 2022, 72 days in Fiscal 2023 and 45 days in Fiscal 2024. We expect the holding level of Trade Payables will be 15 days and 15 days for Fiscal 2025, 2026 and 2027 respectively.

DETAILS OF FUNDS ALREADY DEPLOYED TILL DATE AND SOURCES OF FUNDS DEPLOYED

The Company has confirmed that till the date of this Prospectus that no funds have been deployed for the proposed objects of the Issue.

INTERIM USE OF FUNDS

Pending utilisation for the purposes described above, we undertake to temporarily invest the funds from the Net Proceeds only with scheduled commercial banks included in the second schedule to the Reserve Bank of India Act, 1934. In accordance with Section 27 of the Companies Act 2013, our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any other listed company or for any investment in the equity markets.

SHORTFALL OF FUNDS

Any shortfall in meeting the objects will be met by way of internal accruals.

BRIDGE FINANCING

Our Company has not raised any bridge loans from any bank or financial institution as on the date of this Prospectus, which are required to be repaid from the Net Proceeds.

MONITORING OF UTILIZATION OF FUNDS

There is no requirement for a monitoring agency as the Issue size is less than ₹ 10,000 lakhs. Pursuant to Regulation 41 of the SEBI (LODR) Regulations, the Company shall on a half yearly basis disclose to

the Audit Committee the uses and application of the Issue Proceeds. Until such time as any part of the Issue Proceeds remains unutilized, the Company will disclose the utilization of the Issue Proceeds under separate heads in the Company's balance sheet(s) clearly specifying the amount of and purpose for which Issue Proceeds have been utilized so far, and details of amounts out of the Issue Proceeds that have not been utilized so far, also indicating interim investments, if any, of such unutilized Issue Proceeds. In the event that the Company is unable to utilize the entire amount that we have currently estimated for use out of the Issue Proceeds in a fiscal year, we will utilize such unutilized amount in the next fiscal year.

VARIATION IN OBJECTS

In accordance with Sections 13(8) and 27 of the Companies Act, 2013, our Company shall not vary the Objects of the Issue unless our Company is authorised to do so by way of a special resolution passed in a general meeting of its Shareholders or through a postal ballot and such variation will be in accordance with the applicable laws including the Companies Act, 2013 and the SEBI ICDR Regulations. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution shall specify the prescribed details and be published in accordance with the Companies Act, 2013. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in Hindi, the Hindi being national and regional language of the jurisdiction where our Registered Office is situated. Our Promoter will be required to provide an exit opportunity to such Shareholders who do not agree to the above stated proposal to vary the objects, at a price and in such manner as may be prescribed in SEBI ICDR Regulations and other applicable law.

APPRAISAL BY APPRAISING AGENCY

None of the Objects have been appraised by any bank or financial institution or any other independent organization. The funding requirements of our Company and the deployment of the proceeds of the Issue are currently based on management estimates. However, the funding requirements of our Company are dependent on a number of factors which may not be in the control of the management of our Company, including variations in interest rate structures, changes in our financial condition and current commercial conditions and are subject to changes in light of changes in external circumstances or in our financial condition, business, or strategy.

OTHER CONFIRMATIONS

No part of the Net Proceeds will be paid to our Promoter, members of the Promoter Group, Directors and our Key Managerial Personnel, except the part of the offer for sale as disclosed above and in the ordinary course of business and in compliance with applicable law.

There are no existing or anticipated transactions in relation to the utilisation of the Net Proceeds entered into or to be entered into by our Company with our Promoter, Promoter Group, Directors and/or Key Managerial Personnel. Our Company has not entered into nor has planned to enter into any arrangement/agreements with our Directors and our Key Management Personnel in relation to the utilisation of the Net Proceeds of the Issue.

7. Key Performance Indicators:

In evaluating our business, we consider and use certain KPIs, as disclosed below which have been used historically by our Company to review and analyse the business performance, which help us in analysing the growth of our business. The Bidders can refer to the below-mentioned KPIs to make an assessment of our Company's performance and make an informed decision. These KPIs have limitations as analytical tools. Further, these KPIs may differ from the similar information used by other companies and hence their comparability may be limited. Therefore, these metrics should not be considered in isolation or construed as an alternative to Ind AS measures of performance or as an indicator of our operating performance, liquidity or results of operation. Although these KPIs are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that it provides an additional tool for investors to use in evaluating our ongoing operating results and trends because it provides consistency and comparability with past financial performance, when taken collectively with financial measures prepared in accordance with Ind AS. Investors are encouraged to review the Ind AS financial measures and to not rely on any single financial or operational metric to evaluate our business.

The tables below set forth the details of our KPIs that our Company considers have a bearing for arriving at the basis for Issue Price.

Our Company considers the following KPIs to have a bearing for arriving at the basis for the Issue Price. STATEMENT OF POSSIBLE SPECIAL TAX BENEFITS

STATEMENT OF SPECIAL TAX BENEFITS AVAILABLE TO VICTORY ELECTRIC VEHICLES INTERNATIONAL LIMITED AND THE SHAREHOLDERS OF THE COMPANY UNDER THE DIRECT AND INDIRECT TAX LAWS IN INDIA

To,
The Board of Directors
Victory Electric Vehicles International Limited
Plot No. 6, Second Floor, Block A-5,
Maa Bhagwati Apartment, Paschim Vihar,
West Delhi, New Delhi, Delhi, India, 110063

Dear Sirs,

Sub: Statement of Tax Benefits ('The Statement') available to Victory Electric Vehicles International Limited ('The Company') and its shareholders under the Direct and Indirect Tax Laws in India

We hereby report that the enclosed annexure prepared by the management of **Victory Electric Vehicles International Limited**, states the special tax benefits available to the Company and the shareholders of the Company under the Income-Tax Act, 1961, the Central Goods and Services Tax Act, 2017, the Integrated Goods and Services Tax Act, 2017, the Union Territory Goods and Services Tax Act, 2017, respective State Goods and Services Tax Act, 2017 (collectively the "GST Act") presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits is dependent upon fulfilling such conditions which, based on business imperatives which the Company may face in the future, the Company may or may not choose to fulfil.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and do not cover any general tax benefits available to the Company. Further, the preparation of enclosed statement and the contents stated therein is the responsibility of the Company's management. We are informed that, this Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the proposed initial public offering of Equity shares ("the Issue") by the Company.

We do not express any opinion or provide any assurance as to whether:

- a) The Company or its shareholders will continue to obtain these benefits in future; or
- b) The conditions prescribed for availing the benefits have been/would be met.

The contents of the enclosed statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

Our views are based on facts and assumptions indicated to us and the existing provisions of tax law and its interpretations, which are subject to change or modification from time to time by subsequent legislative, regulatory, administrative, or judicial decisions. Any such changes, which could also be retrospective, could have an effect on the validity of our views stated herein.

We assume no obligation to update this statement on any events subsequent to its issue, which may have a material effect on the discussions herein.

Restriction of Use

Our views are based on the information, explanations and representations obtained from the Company and our independent verification of thereof. This certificate is issued for the purpose of the Offer, and can be used, in full or part (without disturbing the essence of the certificate), for inclusion in the draft prospectus, , prospectus and other material used in connection with the offer (together, the “Offer Documents”) which may be filed by the Company with Securities and Exchange Board of India (“SEBI”), and National Stock Exchange of India Limited (collectively, “the Stock Exchange”), Registrar of Companies, Delhi & Haryana at New Delhi (“Registrar of Companies”) and/or any other regulatory or statutory authority.

We hereby consent to our name and the aforementioned details being included in the Offer Documents and /or consent to the submission of this certificate as may be necessary, to any regulatory/statutory authority, stock exchanges, any other authority as may be required and /or for the records to be maintained by the LMs in connection with the offer and in accordance with applicable law.

This certificate may be relied on by the LMs, their affiliates and legal counsel in relation to the offer and to assist the LMs in conducting and documenting their investigation of the affairs of the Company in connection with the offer. We hereby consent to this certificate being disclosed by the LMs, if required (i) by reason of any law, regulation, order or request of a court or by any governmental or competent regulatory authority, or (ii) in seeking to establish a defence in connection with, or to avoid, any actual, potential or threatened legal, arbitral or regulatory proceeding or investigation. ANNEXURE TO THE STATEMENT OF SPECIAL TAX BENEFITS

The information provided below sets out the special tax benefits available to the Company and the Equity Shareholders under the Income Tax Act, 1961 presently in force in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have a different interpretation on the benefits, which an investor can avail.

A. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE COMPANY

The Company is not entitled to any special tax benefits under the Income Tax Act, 1961 and GST Act.

B. SPECIAL DIRECT AND INDIRECT TAX BENEFITS TO THE SHAREHOLDERS

The Shareholders of the Company are not entitled to any special tax benefits under the Income Tax Act, 1961 and GST Act.

Notes:

1. For the purpose of reporting here, we have not considered the general tax benefits available to the company or shareholders.
2. The above statement covers only certain relevant direct tax law benefits and indirect tax law benefits or benefit.
3. No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility to update the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

MACROECONOMIC OVERVIEW

Forces Shaping the Outlook

The global economic recovery from the COVID-19 pandemic, Russia’s invasion of Ukraine, and the cost-of-living crisis is proving surprisingly resilient. Inflation is falling faster than expected from its 2022 peak, with a smaller-than-expected toll on employment and activity, reflecting favorable supply-side developments and tightening by central banks, which has kept inflation expectations anchored. At the same time, high interest rates aimed at fighting inflation and a withdrawal of fiscal support amid high debt are expected to weigh on growth in 2024.

Growth resilient in major economies. Economic growth is estimated to have been stronger than expected in the second half of 2023 in the United States, and several major emerging market and developing economies. In several cases, government and private spending contributed to the upswing, with real disposable income gains supporting consumption amid still-tight—though easing—labor markets and households drawing down on their accumulated pandemic-era savings. A supply-side expansion also took hold, with a broad-based increase in labor force participation, resolution of pandemic-era supply chain problems, and declining delivery times. The rising momentum was not felt everywhere, with notably subdued growth in the euro area, reflecting weak consumer sentiment, the lingering effects of high energy prices, and weakness in interest-rate-sensitive manufacturing and business investment. Low-income economies continue to experience large output losses compared with their prepandemic (2017–19) paths amid elevated borrowing costs.

Inflation subsiding faster than expected. Amid favorable global supply developments, inflation has been falling faster than expected, with recent monthly readings near the prepandemic average for both headline and underlying (core) inflation (Figure 1). Global headline inflation in the fourth quarter of 2023 is estimated to have been about 0.3 percentage point lower than predicted in the October 2023 WEO on a quarter-over-quarter seasonally adjusted basis. Diminished inflation reflects the fading of relative price shocks—notably those to energy prices—and their associated pass-through to core inflation.¹ The decline also reflects an easing in labor market tightness, with a decline in job vacancies, a modest rise in unemployment, and greater labor supply, in some cases associated with a strong inflow of immigrants. Wage growth has generally remained contained, with wage-price spirals—in which prices and wages accelerate together—not taking

(Month-over-month annualized percent change, seasonally adjusted)

Note: The figure plots the median of a sample of 57 economies that accounts for 78 percent of World Economic Outlook world GDP (in weighted purchasing-power-parity terms) in 2023. Vertical axes are cut off at -4 percent and 16 percent. The bands depict the 10th to 90th percentiles of inflation across economies. “Core inflation” is the percent change in the consumer price index for goods and services, excluding food and energy (or the closest available measure). AEs = advanced economies; EMDEs = emerging market and developing economies.

hold. Near-term inflation expectations have fallen in major economies, with long-term expectations remaining anchored.

¹ The annual average oil price is estimated to have declined by about 16 percent in 2023. In October 2023, in the context of the conflict in Gaza and Israel, oil prices initially increased, followed by a retrenchment as concerns about a regional escalation of the conflict declined.

High borrowing costs cooling demand. To reduce inflation, major central banks raised policy interest rates to restrictive levels in 2023, resulting in high mortgage costs, challenges for firms refinancing their debt, tighter credit availability, and weaker business and residential investment. Commercial real estate has been especially under pressure, with higher borrowing costs compounding post pandemic structural changes. But with inflation easing, market expectations that future policy rates will decline have contributed to a reduction in longer-term interest rates and rising equity markets (Box 1). Still, long-term borrowing costs remain high in both advanced and emerging market and developing economies, partly because government debt has been rising. In addition, central banks' policy rate decisions are becoming increasingly asynchronous. In some countries with falling inflation—including Brazil and Chile, where central banks tightened policy earlier than in other countries—interest rates have been declining since the second half of 2023. In China, where inflation has been near zero, the central bank has eased monetary policy. The Bank of Japan has kept short-term interest rates near zero.

Fiscal policy amplifying economic divergences. Governments in advanced economies eased fiscal policy in 2023. The United States, where GDP had already exceeded its prepandemic path, eased policy more than did euro area and other economies in which the recovery was incomplete. In emerging market and developing economies, in which output has on average fallen even further below the prepandemic trend, on average the fiscal stance is estimated to have been neutral. The exceptions include Brazil and Russia, where fiscal policy eased in 2023. In low-income countries, liquidity squeezes and the elevated cost of interest payments—averaging 13 percent of general government revenues, about double the level 15 years ago—crowded out necessary investments, hampering the recovery of large output losses compared with prepandemic trends. In 2024, the fiscal policy stance is expected to tighten in several advanced and emerging market and developing economies to rebuild budgetary room for maneuver and curb the rising path of debt, and this shift is expected to slow growth in the near term.

The Forecast

Growth Outlook: Resilient but Slow

Global growth, estimated at 3.1 percent in 2023, is projected to remain at 3.1 percent in 2024 before rising modestly to 3.2 percent in 2025 (Table 1). Compared with that in the October 2023 WEO, the forecast for 2024 is about 0.2 percentage point higher, reflecting upgrades for China, the United States, and large emerging market and developing economies. Nevertheless, the projection for global growth in 2024 and 2025 is below the historical (2000–19) annual average of 3.8 percent, reflecting restrictive monetary policies and withdrawal of fiscal support, as well as low underlying productivity growth. Advanced economies are expected to see growth decline slightly in 2024 before rising in 2025, with a recovery in the euro area from low growth in 2023 and a moderation of growth in the United States. Emerging market and developing economies are expected to experience stable growth through 2024 and 2025, with regional differences.

World trade growth is projected at 3.3 percent in 2024 and 3.6 percent in 2025, below its historical average growth rate of 4.9 percent. Rising trade distortions and geoeconomic fragmentation are expected to continue to weigh on the level of global trade. Countries imposed about 3,200 new restrictions on trade in 2022 and about 3,000 in 2023, up from about 1,100 in 2019, according to Global Trade Alert data.

These forecasts are based on assumptions that fuel and nonfuel commodity prices will decline in 2024 and 2025 and that interest rates will decline in major economies. Annual average oil prices are projected to fall by about 2.3 percent in 2024, whereas nonfuel commodity prices are expected to fall by 0.9 percent. IMF staff projections are for policy rates to remain at current levels for the Federal Reserve, the European Central Bank, and the Bank of England until the second half of 2024, before gradually declining as inflation moves closer to targets. The Bank of Japan is projected to maintain an overall accommodative stance.

Advanced Economies

For advanced economies, growth is projected to decline slightly from 1.6 percent in 2023 to 1.5 percent in 2024 before rising to 1.8 percent in 2025. An upward revision of 0.1 percentage point for 2024 reflects stronger-than-expected US growth, partly offset by weaker-than-expected growth in the euro area.

- In the United States, growth is projected to fall from 2.5 percent in 2023 to 2.1 percent in 2024 and 1.7 percent in 2025, with the lagged effects of monetary policy tightening, gradual fiscal tightening, and a softening in labor markets slowing aggregate demand. For 2024, an upward revision of 0.6 percentage point since the October 2023 WEO largely reflects statistical carryover effects from the stronger-than-expected growth outcome for 2023.
- Growth in the euro area is projected to recover from its low rate of an estimated 0.5 percent in 2023, which reflected relatively high exposure to the war in Ukraine, to 0.9 percent in 2024 and 1.7 percent in 2025. Stronger household consumption as the effects of the shock to energy prices subside and inflation falls, supporting real income growth, is expected to drive the recovery. Compared with the October 2023 WEO forecast, however, growth is revised downward by 0.3 percentage point for 2024, largely on account of carryover from the weaker-than-expected outcome for 2023.

Among other advanced economies, growth in the United Kingdom is projected to rise modestly, from an estimated 0.5 percent in 2023 to 0.6 percent in 2024, as the lagged negative effects of high energy prices wane, then to 1.6 percent in 2025, as disinflation allows an easing in financial conditions and permits real incomes to recover. The markdown to growth in 2025 of 0.4 percentage point reflects reduced scope for growth to catch up in light of recent upward statistical revisions to the level of output through the pandemic period. Output in Japan is projected to remain above potential as growth decelerates from an estimated 1.9 percent in 2023 to 0.9 percent in 2024 and 0.8 percent in 2025, reflecting the fading of one-off factors that supported activity in 2023, including a depreciated yen, pent-up demand, and a recovery in business investment following earlier delays in implementing projects.

In emerging market and developing economies, growth is expected to remain at 4.1 percent in 2024 and to rise to 4.2 percent in 2025. An upward revision of 0.1 percentage point for 2024 since October 2023 reflects upgrades for several regions.

Growth in emerging and developing.

- Growth in emerging and developing Asia is expected to decline from an estimated 5.4 percent in 2023 to 5.2 percent in 2024 and 4.8 percent in 2025, with an upgrade of 0.4 percentage point for 2024 over the October 2023 projections, attributable to China's economy. Growth in China is projected at 4.6 percent in 2024 and 4.1 percent in 2025, with an upward revision of 0.4 percentage point for 2024 since the October 2023 WEO. The upgrade reflects carryover from stronger-than-expected growth in 2023 and increased government spending on capacity building against natural disasters. Growth in India is projected to remain strong at 6.5 percent in both 2024 and 2025, with an upgrade from October of 0.2 percentage point for both years, reflecting resilience in domestic demand.
- Growth in emerging and developing Europe is projected to pick up from an estimated 2.7 percent in 2023 to 2.8 percent in 2024, before declining to 2.5 percent in 2025. The forecast upgrade for 2024 of 0.6 percentage point over October 2023 projections is attributable to Russia's economy. Growth in Russia is projected at 2.6 percent in 2024 and 1.1 percent in 2025, with an upward revision of 1.5 percentage points over the October 2023 figure for 2024, reflecting carryover from stronger-than-expected growth in 2023 on account of high military spending and private consumption, supported by wage growth in a tight labor market.
- In Latin America and the Caribbean, growth is projected to decline from an estimated 2.5 percent in 2023 to 1.9 percent in 2024 before rising to 2.5 percent in 2025, with a downward revision for 2024 of 0.4 percentage point compared with the October 2023 WEO projection. The forecast revision for 2024 reflects negative growth in Argentina in the context of a significant policy adjustment to restore macroeconomic stability. Among other major economies in the region, there are upgrades of 0.2 percentage point for Brazil and 0.6 percentage point for Mexico, largely due to carryover effects from stronger-than-expected domestic demand and higher-than-expected growth in large trading-partner economies in 2023.

- Growth in the Middle East and Central Asia is projected to rise from an estimated 2.0 percent in 2023 to 2.9 percent in 2024 and 4.2 percent in 2025, with a downward revision of 0.5 percentage point for 2024 and an upward revision of 0.3 percentage point for 2025 from the October 2023 projections. The revisions are mainly attributable to Saudi Arabia and reflect temporarily lower oil production in 2024, including from unilateral cuts and cuts in line with an agreement through OPEC+ (the Organization of the Petroleum Exporting Countries, including Russia and other non-OPEC oil exporters), whereas non-oil growth is expected to remain robust.
- In sub-Saharan Africa, growth is projected to rise from an estimated 3.3 percent in 2023 to 3.8 percent in 2024 and 4.1 percent in 2025, as the negative effects of earlier weather shocks subside and supply issues gradually improve. The downward revision for 2024 of 0.2 percentage point from October 2023 mainly reflects a weaker projection for South Africa on account of increasing logistical constraints, including those in the transportation sector, on economic activity.

Inflation Outlook: Steady Decline to Target

Global headline inflation is expected to fall from an estimated 6.8 percent in 2023 (annual average) to 5.8 percent in 2024 and 4.4 percent in 2025. The global forecast is unrevised for 2024 compared with October 2023 projections and revised down by 0.2 percentage point for 2025. Advanced economies are expected to see faster disinflation, with inflation falling by 2.0 percentage points in 2024 to 2.6 percent, than are emerging market and developing economies, where inflation is projected to decline by just 0.3 percentage point to 8.1 percent. The forecast is revised down for both 2024 and 2025 for advanced economies, while it is revised up for 2024 for emerging market and developing economies, mainly on account of Argentina where the realignment of relative prices and elimination of legacy price controls, past currency depreciation, and the related pass-through into prices is expected to increase inflation in the near term. The drivers of declining inflation differ by country but generally reflect lower core inflation as a result of still-tight monetary policies, a related softening in labor markets, and pass-through effects from earlier and ongoing declines in relative energy prices.

Overall, about 80 percent of the world's economies are expected to see lower annual average headline and core inflation in 2024. Among economies with an inflation target, headline inflation is projected to be 0.6 percentage point above target for the median economy by the fourth quarter of 2024, down from an estimated gap of 1.7 percentage points at the end of 2023. Most of these economies are expected to reach their targets (or target range midpoints) by 2025. In several major economies, the downward revision to the projected path of inflation, combined with a modest upgrade to economic activity, implies a softer-than-expected landing.

Indian Economic Overview

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. Nominal GDP or GDP at Current Prices in the year 2023-24 is estimated at Rs. 293.90 lakh crores (US\$ 3.52 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 269.50 lakh crores (US\$ 3.23 trillion). The growth in nominal GDP during 2023-24 is estimated at 9.1% as compared to 14.2% in 2022-23. Strong domestic demand for consumption and investment, along with the Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. During the period January-March 2024, India's exports stood at US\$ 119.10 billion, with Engineering Goods (25.01%), Petroleum Products (17.88%) and Organic and Inorganic Chemicals (7.65%) being the top three exported commodity. Rising employment and increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable because of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

MARKET SIZE

Real GDP or GDP at Constant (2011-12) Prices in the year 2023-24 is estimated at Rs. 172.90 lakh crores (US\$ 2.07 trillion), against the First Revised Estimates (FRE) of GDP for the year 2022-23 of Rs. 160.71 lakh crores (US\$ 1.92 trillion). The growth in real GDP during 2023-24 is estimated at 7.6% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time period. India's current account deficit (CAD) narrowed to 1.2% of GDP in the October-December quarter. The CAD stood at US\$ 10.5 billion for the third quarter of 2023-24 compared to US\$ 11.4 billion or 1.3% of GDP in the preceding quarter. This was largely due to higher service exports.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- According to HSBC Flash India PMI report, business activity surged in April to its highest level in about 14 years as well as sustained robust demand. The composite index reached 62.2, indicating continuous expansion since August 2021, alongside positive job growth and decreased input inflation, affirming India's status as the fastest-growing major economy.

India rose from 81st position in 2015 to 40th position in 2023. India ranks 3rd position in the global number of scientific publications.
- In March 2024, the gross Goods and Services Tax (GST) stood at second highest monthly revenue collection at Rs.1.78 lakh crore (US\$ 21.35 billion), of which CGST is Rs. 34,532 crore (US\$ 4.14 billion), SGST is Rs. 43,746 crore (US\$ 5.25 billion).
- Between April 2000–December 2023, cumulative FDI equity inflows to India stood at US\$ 971.52 billion.
- In February 2024, the overall IIP (Index of Industrial Production) stood at 147.2. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 139.6, 144.5 and 187.1, respectively, in February 2024.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.69% in December 2023.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 8.06 billion) in India during January-April 2024.

- The wheat procurement during RMS 2023-24 (till May) was estimated to be 262 lakh metric tonnes (LMT) and the rice procured in KMS 2023-24 was 385 LMT. The combined stock position of wheat and rice in the Central Pool is over 579 LMT (Wheat 312 LMT and Rice 267 LMT).

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. - India is expected to attract investment of around US\$ 100 billion in developing the oil and gas infrastructure during 2019-23.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025

ROAD AHEAD

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2023-24, capital expenditure took lead by steeply increasing the capital expenditure outlay by 37.4 % in BE 2023-24 to Rs.10 lakh crore (US\$ 120.12 billion) over Rs. 7.28 lakh crore (US\$ 87.45 billion) in RE 2022-23. The ratio of

revenue expenditure to capital outlay increased by 1.2% in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels. In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

Overview of EV Sector in India

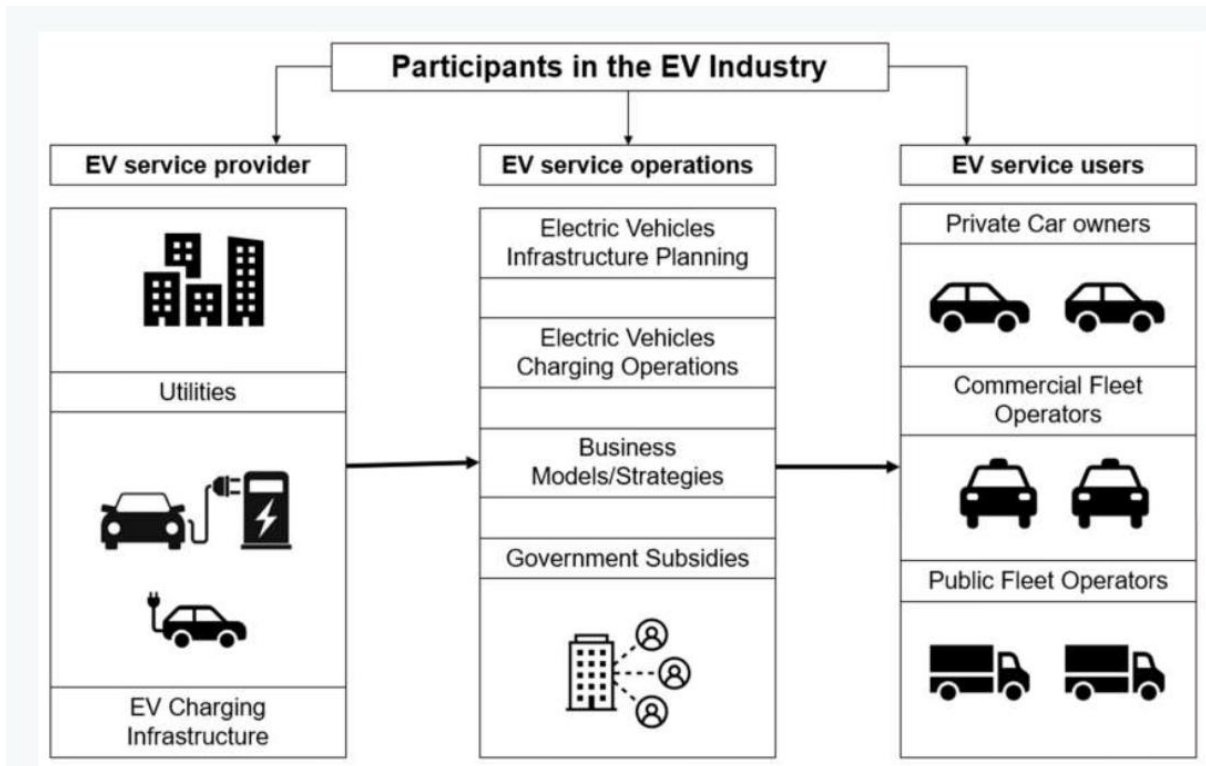

India's electric vehicle (EV) sector is experiencing rapid growth, fuelled by government incentives, rising environmental concerns, and technological advancements. With initiatives like the Faster Adoption and Manufacturing of Hybrid and Electric Vehicles (FAME) scheme, India aims to significantly increase EV adoption, revolutionizing its transportation landscape towards sustainability and innovation.

Executive Summary

- In 2023, the global electric vehicle market was valued at US\$ 255.54 billion. It is forecasted to reach approximately US\$ 2,108.80 billion by 2033, growing at a significant CAGR of 23.42% from 2024 to 2033.
- India's electric vehicle (EV) sector is experiencing rapid growth, fueled by government incentives, rising environmental concerns, and technological advancements. With initiatives like the Faster Adoption and Manufacturing of Hybrid and Electric Vehicles (FAME) scheme, India aims to significantly increase EV adoption, revolutionizing its transportation landscape towards sustainability and innovation.
- According to Fortune Business Insights, the Indian EV market is forecasted to expand from US\$ 3.21 billion in 2022 to US\$ 113.99 billion by 2029, with a 66.52% CAGR.
- In 2023, electric vehicle sales in India surged by 49.25%, reaching 1.52 million units.

- India has established an objective to increase the proportion of electric vehicle (EV) sales to 30% in private cars, 70% in commercial vehicles, 40% in buses, and 80% in two-wheelers and three-wheelers by the year 2030. This equates to an ambitious objective of 80 million EVs on Indian roads by 2030 as per the estimates of CII.
- The global move towards electric vehicles is generating new opportunities for automotive suppliers.
- The Indian EV battery market is projected to surge from US\$ 16.77 billion in 2023 to a remarkable US\$ 27.70 billion by 2028.
- The primary emphasis lies in establishing a robust and dependable infrastructure, alongside ensuring that home charging is both reliable and accessible at an affordable cost.
- With over 700 electric vehicle startups based in India, the industry's dynamic nature is underscored.

Sector Composition

- In 2023 E2W constituted the largest share of the total electric vehicles sold (by volume), accounting for 56%. It is projected to surpass one million units in 2024, driven by growing demand, enhanced manufacturing capabilities, and cost-effectiveness.
- Additionally, numerous original equipment manufacturers are extending their reach to rural regions.
- As of February, Maharashtra leads in 2W sales for FY 24, attributed to increased income levels and favorable government regulations. State targets 10% share of EVs in all new vehicle registrations by Dec 2025.
- Karnataka has set a goal to electrify 100% of three and four-wheeler cargo vehicles by December 2030.

Advantage India:

1) Growing Demand

- ▶ The Indian EV market is forecasted to expand from US\$ 3.21 billion in 2022 to US\$ 113.99 billion by 2029, with a 66.52% CAGR.
- ▶ India has established an objective to elevate the proportion of electric vehicle (EV) sales to 30% in private cars, 70% in commercial vehicles, 40% in buses, and 80% in two-wheelers and three-wheelers by the year 2030.
- ▶ The Indian EV battery market is projected to surge from US\$ 16.77 billion in 2023 to a remarkable US\$ 27.70 billion by 2028

2) Opportunities

- ▶ A cost-effective manufacturing base keeps costs lower by 10-25% relative to operations in Europe and Latin America.
- ▶ Presence of a large pool of skilled & semi-skilled workforce amidst a strong educational system.
- ▶ Opportunity for the EV sector lies with the establishment of 1.32 million charging stations in India by 2030, requiring 4,00,000 installations yearly.

3) Policy Support

- ▶ A dedicated policy FAME II with a budgetary outlay of US\$ 1.43 billion (Rs. 10,000 crore), to incentivize electric vehicle consumption and support manufacturing.
- ▶ 100% FDI allowed under automatic route for the auto components sector.

- ▶ Electric Mobility Promotion Scheme with a US\$ 60.18 million (Rs. 500 crore) budget to enhance green mobility and stimulate electric vehicle manufacturing in the country.
 - ▶ The government's objective is to establish India as a leading center for electric vehicle manufacturing on a global scale.
- 4) Increasing Investment**
- ▶ India is emerging as a global hub for auto component sourcing and the industry exports over 25% of its production annually.
 - ▶ India is on track to become the largest EV market by 2030, with rise in investment over the next 8-10 years.
 - ▶ Hyundai Motor intends to invest US\$ 2.45 billion in Tamil Nadu over the next decade to enhance its electric vehicle initiatives in India. Also, the company is planning to assemble EV battery packs and install 100 charging stations for EVs.

Market Overview

Product Segments

Robust growth

- The automotive industry's transition to electric vehicles is picking up speed. The rise in electric vehicle registrations in recent years has been fueled by supportive government policies and a shared goal of reducing CO2 emissions.
- In the past two years, sales of E2Ws have surged from around 143,000 in 2021 to over 859,376 in 2023, representing a tremendous growth. This increase is attributed to the growing demand for personal mobility, heightened environmental awareness, and the escalation in gasoline prices by ~46% between 2019 and 2022.

- The electric 3-wheeler (e3W) auto market, excluding e-rickshaws, experiences substantial growth, predominantly in the goods sector for last-mile delivery. Operating costs are 55% lower than conventional autos, spurred by e-commerce expansion and seamless transition.
- Sales of electric four-wheelers (e4W) surged in 2021 post-pandemic, driven by escalating gasoline costs and increasing demand for individual transportation solutions.
- As per the Ministry of Road Transport and Highways data, EV registrations made up 6.4% of total vehicle sales in India.
- In January 2024, the total registrations of two-wheeler EVs surged to 81,344 units. Ola Electric led the market with 32,000 units, while TVS Motor secured the second position with a notable increase in EV registrations to 15,181 units.

EV Infrastructure

- As of February 2024, there are 12,146 operational public EV charging stations nationwide, Maharashtra has the highest number of EV charging stations, followed by Delhi and other states.
- A recent Confederation of Indian Industry (CII) report emphasized the necessity of establishing at least 1.32 million charging stations in India by 2030 to facilitate the rapid growth of electric vehicles, requiring over 400,000 installations annually.
- Major industry players are striving to improve electric vehicle charging infrastructure, Hyundai Motor India is enhancing accessibility to electric vehicles nationwide, expanding its ultra-fast EV charging network with 11 new stations strategically located in cities including Mumbai, Pune, Ahmedabad, Hyderabad, Gurugram, and Bangalore, as well as along major highways.
- In December 2023, Under the FAME India Scheme phase-II, the Ministry of Heavy Industries has approved 7,432 EV Charging Stations for allocation to three Oil Marketing Companies (OMCs).

Policies to boost Electric Vehicle manufacturing I of II

1) FAME II for EV

- Scheme was Commenced on 1st April 2019 with a total budgetary support of US\$ 1.43 billion (Rs. 10,000 crore), 30% procurement of manufactured or processed products must be from SMEs.

- This phase primarily targets the electrification of public and shared transportation. It aims to provide demand incentives for 7,090 ebuses, 5 lakh e-3 Wheelers, 55,000 e-4 Wheeler Passenger Cars, and 10 lakh e-2 Wheelers. Additionally, the scheme supports the development of charging infrastructure.
- As of December 2023, electric vehicle manufacturers received a subsidy of US\$ 637 million (Rs. 5,294 crore) for selling 11,79,669 electric vehicles under Phase-II of the FAME India Scheme.
- The Ministry of Heavy Industries approved a capital subsidy of US\$ 96.28 million (Rs. 800 crore) to three Oil Marketing Companies (OMCs) under the Ministry of Petroleum and Natural Gas (MoPNG) for setting up 7,432 EV charging stations.
- They also authorized 6,862 electric buses for use in intracity operations by cities, STUs, and state government entities. Out of 6,862 ebuses, 3,487 e-buses have been supplied to STUs, as of November 2023.

2) Electric Mobility Promotion Scheme

- A scheme with a US\$ 60.18 million (Rs. 500 crore) budget will be operational from April 1 to July 31, 2024, aiming for effective implementation within this period. To enhance green mobility and stimulate electric vehicle manufacturing in the country, further measures will be taken to promote this sector.
- It is applicable on electric two-wheeler (e-2W) and three-wheeler (e-3W).
- The Scheme supports 3,72,215 EVs, comprising 3,33,387 e-2Ws, and 38,828 e-3Ws (including 13,590 rickshaws & e-carts and 25,238 e-3Ws in L5 category), offering incentives exclusively for advanced battery-equipped vehicles.

3) The government has outlined a scheme to transition 8,00,000 diesel buses to environmentally friendly alternatives, possibly supplanting FAME III

- The strategy involves substituting 8,00,000 diesel buses, comprising over one third of all vehicles on roads, with electric ones within seven years.
- This endeavor seeks to diminish vehicular emissions and stimulate investments in the national electric vehicle (EV) infrastructure.

4) Bihar cabinet approves new electric vehicle policy

- The Bihar Government has endorsed the Bihar Electric Vehicle (EV) Policy-2023, targeting a 15% incorporation of EVs in all vehicle registrations within the state by 2028.
- In order to stimulate the uptake of electric vehicles, the policy implements several measures, such as offering subsidies of up to 75% on Motor Vehicle (MV) Tax and purchase incentives of up to US\$ 15.04 billion (Rs. 1.25 lakh) for the initial 1,000 personal four-wheeler EVs.
- Additionally, the policy encourages the utilization of renewable energy for EV charging stations, establishing approved tariff rates of INR 8/kVA for high-tension EV charging stations in the fiscal year 2023-24.
- The state cabinet has approved a proposal from the transport department to procure 400 electric buses as part of the "PM-e Bus Sewa" program for six districts in Bihar.

5) Tamil Nadu is set to introduce a policy for battery manufacturing.

- Tamil Nadu aims to reveal a battery manufacturing policy as it strives to establish itself as a key player in global electric vehicle (EV) manufacturing. This policy is integral to the state's efforts to

bolster the EV sector's value chain. Tamil Nadu currently produces around 40% of the country's EV four-wheelers and 70% of two-wheelers.

Multipile factors for witnessing adoption of EV are as follows:

1) Evolving consumer preferences

The mounting concern over climate change and the ecological impact of traditional ICE vehicles is driving consumer preference toward electric mobility. This environmental consciousness has fuelled increased EV adoption, as EVs are renowned for their eco-friendly attributes, zero tailpipe emissions, and compatibility with renewable energy sources. Government incentives and corporate sustainability initiatives further boost their demand.

Simultaneously, women, attracted by the convenience, safety, and advanced features of EVs, are making one in every four EV purchases. EVs offer serene, quiet driving experiences due to their engine less design, reduced vibrations, and low maintenance.

The EV market's significant growth, competition, and innovation result from the entry of numerous manufacturers, enhancing battery efficiency and driving range, making EVs more accessible, aided by global incentives. Charging availability varies among states, with Maharashtra, Delhi, and Karnataka leading, indicating growing infrastructure support for EVs. Innovative solutions such as fast-charging stations and community charging options have emerged, enhancing convenience for EV owners.

2) Technology enabling growth

EVs require less maintenance than traditional ICE vehicles due to their simpler drivetrains and fewer moving parts, resulting in cost savings for owners. Safety in EVs is enhanced through the integration of ADAS, reducing the severity of accidents and preventing them. Some EV manufacturers are pioneering semi-autonomous driving capabilities, allowing for autonomous control on highways.

The Battery management System safeguards the battery's health, ensuring safety and prolonging its lifespan. It maintains secure charging and discharging limits, making EVs more appealing to consumers. Connected Car technology is on the rise with over 60 %year on year growth in India. It improves the driving experience through features like over the air software updates, real time traffic information, entertainment, navigation, and vehicle performance monitoring. This technology has played a crucial role in increasing consumer preference for EVs.

3) Charging infrastructure

The charging infrastructure in India has witnessed significant growth but accessibility remains a challenge. Multiple charge point operators in the industry, who come with their own set of apps and frameworks too perate their chargers, characterize the current state. This is hindering the widespread adoption of EVs. Another challenge includes the need for substantial investments to further expand this network, especially to remote areas. However, both the government initiatives and the private sector participation are working to overcome these financial hurdles. Innovations like fast-charging stations are game-changers, reducing charging times and making long-distance travel more feasible. Homecharging options provide convenience and flexibility, encouraging EV ownership. The future of charging infrastructure in India is closely tied to renewable energy sources, such as solar and wind power. These sources can generate clean electricity for charging stations, reducing carbon emissions and enhancing energy independence. Smart EV charging, using advanced technologies and data analytics, promises efficient load management, allowing EVs to be charged during peak renewable energy production, further reducing environmental impact and enhancing cost-effectiveness.

4) Way Forward

The EV Landscape in India is maturing at a rapid pace due to evolving consumer preferences and strong government support. EVs are not the future anymore, they are the present. It's the right time to embrace

them for sustainability, cost efficiency and advanced technology. This trend is set to further grow and position India's EV market as one of the largest in the world, propelled by the growing demand for eco friendly transport and the government's efforts to promote EVs through incentives and infrastructure investments.

However, expanding charging networks and improving accessibility is vital. Furthermore, advancements in battery tech are crucial for improved performance, range, and charging speed. Affordability will continue to attract a broader consumer base. Collaborative efforts among the government, industry stakeholders, and research institutions need to continue to overcome these challenges and drive sustainable EV adoption.

Threats and Challenges to the industry

The electric vehicle industry faces several threats as follows:

- 1) **Supply Chain Issues:** Dependence on specific materials like lithium and cobalt can lead to supply chain vulnerabilities and price volatility.
- 2) **Infrastructure Development:** Insufficient charging infrastructure can hinder consumer adoption and confidence in EVs.
- 3) **Consumer Preferences:** Resistance from consumers who prefer traditional vehicles due to range anxiety or perceived performance issues.
- 4) **Economic Factors:** Economic downturns can reduce consumer spending power and affect EV sales.

The electric vehicle industry faces several challenges as follows:

- 1) **Charging Infrastructure:** Limited availability of charging stations can hinder widespread adoption and consumer confidence.
- 2) **Technological Advancements:** Rapid advancements in technology can make existing models obsolete quickly, creating pressure to innovate continuously.
- 3) **Market Competition:** Intense competition from both established automakers and new entrants can lead to market saturation and price wars.
- 4) **Economic Factors:** Economic downturns can affect consumer purchasing power and investment in EV infrastructure.

OUR BUSINESS

VICTORY ELECTRIC VEHICLES INTERNATIONAL LIMITED

Our Company was originally incorporated as a private limited company under Companies Act, 2013 under the name “Victory Electric Vehicles International Private Limited” pursuant to a Certificate of Incorporation dated October 26, 2018 issued by Registrar of Companies - Central Registration Centre. Our company’s visionary spirit led us to become a Public Limited Company pursuant to shareholders resolution passed at the extra ordinary general meeting of the Company held on February 10, 2020 and name of our company was changed to “Victory Electric Vehicles International Limited” and a fresh certificate of incorporation dated February 28, 2020 was issued by Registrar of Companies, Delhi. The Corporate Identification Number of our Company is U31909DL2018PLC341184. Our company has its registered office at Plot no 6, Second Floor, A-5, Maa Bhagwati Apartment, Paschim Vihar, New Delhi-110063.

At Victory Electric Vehicles International Limited, we manufacture electric vehicles ranging from E-rickshaws, E-Cargo/Loader E -Rickshaws, Scooters etc. Our portfolio extends beyond conventional offerings to include customized E-Three Wheelers, catering to specific needs such as Food Three Wheelers and Ice Cream Three Wheelers etc. Our business focuses on capturing the opportunity arising out of electrification of mobility in India and we also seek opportunities to export our EVs in select international markets in the future.

At the helm of the company stands Mr. Sanjay Kumar Popli, the Managing Director, who brings substantial knowledge in electrical engineering, research and development. His extensive background in both traditional manufacturing and the electric vehicle sector positions him as a dynamic leader capable of navigating the complexities of the rapidly evolving electrical industry.

Our reach spans across the length and breadth of India, with a robust distribution network.

OUR VISION

Our Company strive to create a culture of excellence, integrity, honesty and social responsibility where our employees, customers and partners collaborate and thrive driving the growth and success of the company.

OUR MISSION

Our Company’s aim is to revolutionize the transportation industry by promoting Eco-friendly and efficient electric vehicles, empowering individuals and business to make a positive impact on the environment and society. Also, we aim to provide diverse range of E vehicles and services that cater to the unique requirements of our customers from passenger to cargo, tourism and more.

OUR VALUES

Safety	Prioritizing the safety of our employees, communities, and the environment at large is paramount.
Quality	Delivering products that meet the highest standards in quality of material and its performance.
Sustainability	Attaining operational efficiencies and building an ecosystem that minimizes environmental impact and utilizes resources responsibly.
Innovation	Embracing new technologies and approaches to improve efficiency, safety, and quality of products.
Commitment	Committed to excellence and continuous improvement in all aspects of the business and its responsibility.

Journey of the company:

Keys events and Milestones in the history of our Company:

Calendar Year	Particulars
2018	Our company incorporated as a Private Limited Company
2020	Our company converted from private limited to public limited
2020	Our company crossed the revenue of Rs. 20 Cr in FY 2019-20
2022	Our company increased the manufacturing capacity to 4,800 electric vehicles
2023	Our company crossed the revenue of Rs. 50 Cr in FY 2022-23
2024	Our company increased the manufacturing capacity to 6,000 electric vehicles
2024	Our company launched a new variant of electric vehicles L-5, with 5 new models in the portfolio

Key Offerings

Our products consist of the following:

1. L3 Electric Vehicles
2. L5 Electric Vehicles
3. Electric Scooty

L3 Electric Vehicle:

L3 electric vehicles are technically classified as electric rickshaws or E-Rickshaws or E-Carts. They have a maximum speed of up to **25 kmph** and a motor power of **1200 Watt or less**. These are primarily used for passenger transportation over short distances and carrying less load & weight and are widely visible on Indian roads. These E-Rickshaws (L3 category) are operational across India, offering affordable and eco-friendly transport solutions. These can be constructed and adapted for carrying goods by providing a separate load body or compartment with the maximum weight 310 kg in addition to driver.

The following are the technical specifications of L3 models with its variants:

Basis	Victory Vikrant (Base Model)	Victory + (Variant 1)	Victory Bhim (Variant 2)	Victory Bhim Cleaner+ (Variant 3)

L5 Electric Vehicles:

L5 electric vehicles are three-wheeled motor vehicles designed to carry people or goods. They have a maximum speed of up to 55 kmph vehicles and a motor power of 3000 Watt or less. The Gross Vehicle Weight (GVW) is up to 1,500 kilograms, excluding the weight of traction batteries. These vehicles are the electric equivalent of CNG and petrol autos seen on roads. L5 vehicles are suitable for both urban and semi-urban areas, enabling faster transportation and higher payload capacity compared to L3 vehicles.

The following are the technical specifications of L5 models with its variants:

Basis	Victory King (Base Model)	Victory City Star (Variant 1)	Victory Virat (Variant 2)	Victory Tejas (Variant 3)	Victory Jitto (Variant 4)

Manufacturing Process Flow

OUR BUSINESS PROCESS CAN BE EXPLAINED AS FOLLOWS:

Sr.	Production Stage	Description
1	Raw Material	The raw material such as Pipes, Sheets, Battery, Motors, Tyers, etc. are purchased to initiate the production process as per the customers' requirements.
2	Pipe cutting & Sheet bending	The company acquires raw steel sheets and metal pipes. These materials are then cut and bent to different sizes using CNC machines based on order specifications. The quality of the outcome is inspected, and any deviations from requirements are sent for rework.
3	Tack welding	Tack welding is a temporary welding process utilized to hold two metal pieces together before final welding. It ensures proper alignment and rigidity of the workpieces.
4	Final Welding	Once the alignment is confirmed, final welding is performed to permanently fuse the metal pieces together. Automatic welding machines are employed to enhance efficiency and save time and labor.
5	Grinding & Finishing	Following final welding, grinding using a stone grinder is conducted to eliminate excess weld metal and burrs. Finishing processes are then applied to achieve the desired appearance on the metal surface.
6	Material Cleaning	After grinding and finishing, all surfaces are cleaned to remove dirt, grime, stains, and other imperfections that could affect the painting process and the final product's appearance.
7	Pre-Treatment Tank Process	The color is mixed in a spray paint tank according to customer specifications. Standard PP colors of various shades are used by the company.
8	Paint base coating	The base coat, applied after the primer, provides the initial color and complexion to the surface, often influencing the finish of the topcoat.
9	Paint top coating	Following the base coat, the materials are top-coated with a thickness of 70-80 microns. They are then baked in a heat oven at around 220 degrees Celsius for curing.
10	Vehicle Assembly	After the final painting of all vehicle parts, they are assembled along with other components such as the vehicle battery, motors, shock absorbers, and seats. The assembled product undergoes testing by the technical team and is sent for rework if necessary.
11	Finished Goods	Upon successful testing by the technical team, the product is packaged using various types of plastics according to the dealer's requirements.

OUR COMPETITIVE STRENGTHS

Geographical presence in 12 states with dealers in all 12 states

Our company has widespread geographical reach, showcasing their commitment to sustainable mobility across India. It has strategically established a strong presence in states including Uttar Pradesh, Rajasthan, Haryana, Bihar, Madhya Pradesh, Jharkhand, Delhi, Chandigarh, Uttarakhand, Jammu & Kashmir, Gujarat and Maharashtra. These regions reflect its focus on E-Rickshaws, which continue to be important in urban and rural transportation.

Experienced Leadership Backed by a Skilled Professional Team

Our sustained business growth can be attributed to the extensive industry knowledge and expertise of our senior management, who collectively possess hands-on experience of more than a decade. Their rich experience has played a pivotal role in shaping and executing our business strategies and operational processes. By leveraging the profound market acumen of our promoters and senior management, we adeptly identify market opportunities

and tailor products and services to cater to specific customer segments. This collective wealth of market experience has significantly contributed to our business's remarkable growth trajectory and sustained profitability.

Robust Financial Performance: Maintaining Profitability through COVID-19 Challenges

We have demonstrated robust financial performance with a consistent track record of profitability, even amidst the challenges posed by the COVID-19 pandemic. For the Stub period ended December 31, 2024 and Financial Years 2024, 2023 and 2022, our profit after tax stood at ₹ 96.83 Lakhs, ₹ 489.22 Lakhs, ₹ 78.80 Lakhs and ₹ 64.55 Lakhs respectively. Additionally, we maintained a strong EBITDA of ₹ 140.45 Lakhs, ₹ 699.49 Lakhs, ₹ 180.36 Lakhs and ₹ 116.14 Lakhs respectively, for the corresponding periods. To enhance profitability, we have implemented measures such as optimizing production facility utilization, undertaking process improvement initiatives, and refining planning and execution strategies. Moreover, this strategy facilitates comprehensive customer service, boosting revenue per customer while maintaining cost-effectiveness and profitability.

Strong financial performance and healthy balance sheet

We always continue to evaluate the manner in which we can grow our business. Below are certain key financial metrics for the stub period ended December 31, 2024 and Financial Years ended March 31, 2024, March 31, 2023 and March 31, 2022 based on our Restated Financial Information:

OUR BUSINESS STRATEGIES

1) Increase and Strengthen Manufacturing Capacity:

We intend to increase and strengthen our manufacturing capacity which can meet the increasing demand of our products in future. And we can do so without any extra capital expenditure of purchasing land, by expanding one more floor on the existing floor which will approximately double our manufacturing capacity.

2) Geographical Expansion

We intend to grow our market share, increase revenue and diversify our customer base by entering in new states. To truly establish a Pan-India presence, the company is gearing up to expand into the following states:

For L3 Range: Remaining states of Punjab, Himachal Pradesh, West Bengal, Odisha, Karnataka, Tamil Nadu, Telangana, Andhra Pradesh, Assam, Kerala, Goa, Arunachal Pradesh, Mizoram, Meghalaya, Nagaland, Sikkim, Manipur, and Tripura will soon witness the introduction of our innovative L3 electric range, filling a gap in clean transportation options.

For L5 Auto Range: Expansion of the L5 Auto will focus on Punjab, Himachal Pradesh, West Bengal, Odisha, Karnataka, Telangana, Andhra Pradesh, Kerala, Goa, Arunachal Pradesh, Mizoram, Meghalaya, Nagaland, Sikkim, Manipur, and Tripura.

3) Expand the product portfolio.

Considering the significant growth potential in the EV industry, we aim to expand our product base. We currently have a product portfolio of different products which includes Passenger Electric 3-wheeler vehicles, Loading Electric 3 Wheeler vehicles, 2 wheelers and customizable products from L3 series and 5 different products in L5 series. We are further planning to add new products in all three categories and expand the customer base. For more details, please refer page 134 above.

4) Open warehouses at different locations to decrease Delivery time for small dealers

Currently, all the delivery takes place through our factory at Rohad, Bahadurgarh to all the dealers which is not suitable for small dealers due to increase in shipping cost. Hence, we intend to open warehouses at different locations to optimize the delivery chain and decrease delivery time for small dealers.

5) Building Charging Infrastructure

We aim to build charging stations across India in the near-term, to provide added convenience to our customers in charging their EV scooters.

These rules prescribe the responsibilities and functions of a producer, consumer, entity involved in collection, segregation, and treatment, refurbisher, and recycler of the batteries as well as lay down the provisions for imposition of environmental compensation. The rules cover all types of batteries regardless of chemistry, shape, volume, weight, material composition and use, (viz. electric vehicle batteries, portable batteries, automotive batteries, and industrial batteries), except those used in protection of essential security interests.

INTELLECTUAL PROPERTY LAWS

Trade Marks Act, 1999

The Trade Marks Act was enacted for the application and registration of trademarks in India. The purpose of this act is to register trademarks applied for in India and to provide for better protection of trademark for goods and services and also to prevent use of fraudulent marks. Application for the registration of trademarks has to be made to trademark registry by any person or persons claiming to be the proprietor of a trademark. This act prohibits any registration of trademarks which are identical/similar to other trademarks or commonly used name of chemical compound among others. It also provides for penalties for falsifying and falsely applying trademarks and using them to cause confusion among the public. This act provides for civil remedies in the event of infringement of registered trademarks or for passing off, including injunction, damages, account of profits or delivery-up of infringing labels and marks for destruction or erasure.

The Patents Act, 1970

The Patents Act, 1970 was enacted to provide the legal framework for protecting inventions and promoting innovation by granting exclusive rights to inventors for a limited period. It recognises both product and process patents and prescribes eligibility criteria for grant of patents, including the requirement that an invention must satisfy the requirements of novelty, utility and non-obviousness in order for it to avail patent protection. The act also lays down procedures for filing patent applications, including requirements for specification and disclosure of the invention.

Designs Act, 2000

The Designs Act, 2000 was enacted to regulate and protect the originality of an article's design by registering such designs with the Controller-General of Patents, Designs and Trade Marks and prohibits the unauthorised use of such designs. Designs means only the features of shape, configuration, pattern, ornament or composition of lines or colours applied to any article whether in two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye; but does not include any mode or principle of construction or anything which is in substance a mere mechanical device, and does not include any trade mark as defined in clause (v) of sub-section (1) of section 2 of the Trade and Merchandise Marks Act, 1958 or property mark as defined in section 479 of the Indian Penal Code or any artistic work as defined in clause (c) of section 2 of the Copyright Act, 1957. The act also provides exceptions for design which shall not be registered.

GOVERNMENT PLANS AND POLICIES

National Mission on Transformative Mobility and Battery Storage

National Mission on Transformative Mobility and Battery Storage spearheads innovative strategies to revolutionize mobility through EVs, their components, and batteries. This Mission will focus on a Phased Manufacturing Program (PMP) which will localize production across the entire Electric Vehicle (EV) value chain. Led by the National Mission on Transformative Mobility and Battery Storage, the PMP's framework will be meticulously crafted, detailing value addition milestones for each localization phase. With a robust Make in India approach, the Mission aims to coordinate with ministries, departments, and states, unifying efforts to catalyze India's mobility transformation.

The Automotive Mission Plan 2016-2026

The Automotive Mission Plan 2016-26 (AMP 2026) represents the collaborative vision of the Government of India and the Indian Automotive Industry for the next decade. It delineates the desired progress in terms of the size, contribution to India's development, global presence, technological advancement, competitiveness, and institutional capabilities of the Vehicles, Auto components, and Tractor industries.

The Charging Infrastructure for Electric Vehicles

On January 14, 2022, the Ministry of Power released updated consolidated guidelines for Charging Infrastructure for Electric Vehicles, replacing previous directives. These guidelines delineate requirements for public charging infrastructure, define criteria for the location of charging stations, establish tariffs for electricity supply to these stations, and include provisions for land allocation at promotional rates. They are aimed at proactively facilitating the development of electric vehicle charging infrastructure, enhancing the readiness of the electrical distribution system for integration, and advancing energy security and emission reduction efforts nationwide.

GOVERNMENT INCENTIVE SCHEMES

The Electric Mobility Promotion Scheme 2024

The Electric Mobility Promotion Scheme 2024 introduced by the Ministry of Heavy Industries, Government of India with the approval of the Department of Expenditure, Ministry of Finance, aims to boost EV adoption. With a budget of INR 500 crore over four months, from April 01 to July 31, 2024, the scheme targets the accelerated adoption of electric two-wheelers (e-2W) and three-wheelers including registered e-rickshaws and e-carts and L5 (e-3W), promoting green mobility and bolstering the EV manufacturing ecosystem. Eligible categories include e-2W and e-3W for commercial use, as well as privately or corporately owned e-2W. The scheme comprises subsidies/demand incentives and administrative costs, totaling the entire fund. It aims to support 3,72,215 EVs, prioritizing vehicles with advanced battery technology.

The Production Linked Incentive (PLI) Scheme for Automobile and Auto Component Industry and Guidelines for the PLI for Automobile and Auto Component Industry

On September 15, 2021, the Union Cabinet approved the PLI-Auto Scheme with a substantial budgetary allocation of Rupees 25,938 crore, spanning over five years (FY2022-23 to FY2026-27). This initiative aims to catalyze the production of Advanced Automotive Technology (AAT) Products, fostering deep localization and establishing robust domestic and global supply chains. Central to its objectives is the promotion of Zero Emission Vehicles (ZEVs), including Battery Electric Vehicles and Hydrogen Fuel Cell Vehicles. The scheme offers incentives from FY 2022-23 to FY 2026-27, with disbursements commencing in the subsequent financial year (FY 2023-24 to FY 2027-28). The PLI-Auto Scheme outlines eligibility criteria for both existing automotive companies and new non-automotive investors. Existing companies must meet financial standards, while new investors need a net worth of INR 1000 crores. All must make minimum domestic investments after April 1, 2021. Failure to meet investment conditions leads to the loss of incentives for that year. The scheme includes Champion OEM Incentive Scheme which is based on sales value, applicable to specific vehicles including Battery Electric and Hydrogen Fuel Cell Vehicles and Component Champion Incentive Scheme which is also based on sales value, applicable to Advanced Automotive Technology components for various vehicles. Both schemes require at least 50% domestic value addition and adherence to a Phased Manufacturing Programme.

Production Linked Incentive (PLI) Scheme for National Programme on Advanced Chemistry Cell

The Union Cabinet approved the National Programme on Advanced Chemistry Cell (ACC) Battery storage on May 12, 2021, allocating a budget of INR 18,100 crores. This initiative aims to bolster the Electric Mobility and Battery Storage ecosystem in India, focusing on enhancing manufacturing capabilities of Advanced Chemistry Cells (ACC) through the establishment of Giga-scale ACC and battery manufacturing facilities. Emphasizing maximum domestic value addition, the scheme aligns with the Make in India initiative. Beneficiary firms must ensure a minimum domestic value addition of 25%, increasing it to 60% within five years, alongside a mandatory investment of INR 225 crore per GWh for committed capacity within two years. The scheme entails an initial two-year Gestation Period from the Appointed Date i.e. January 01, 2023 up till December 31, 2024, followed by a Performance period of five years starting from January 01, 2025 up till December 31, 2029. Three beneficiary firms have been allocated a total capacity of 30 GWh, leaving 20 GWh available for fresh allocation.

The restated financial statements of the Company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP), and mandatory accounting standards as prescribed under section 133 of the Companies Act 2013 read with rule 7 of companies (Accounts) Rules, 2014 issued by the Ministry of Corporate Affairs. The company has complied in all material respects with the Accounting Standards notified under the Companies Act 2013. The financial statements have been prepared on an accrual & going concern basis and under the historical cost convention.

The accounting policies adopted in the preparation of restated financial statements are consistent with those of previous years, except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy with that to in use.

C. STATEMENT OF SIGNIFICANT ACCOUNTING POLICIES

1. USE OF ESTIMATES

The preparation of restated financial statements in conformity with Generally Accepted Accounting Principles, requires making of estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of financial statements and reported amounts of revenues and expenses during the reporting year. Although these estimates are based on the management's best knowledge of current events and actions, uncertainty about these assumptions and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

Differences between the actual results and estimates are recognized in the year in which the results are known/ materialized.

2. GOING CONCERN

The restated Financial Statements have been prepared on going concern basis using accrual concept except for the statement of cash flow

BASIS OF PREPARATION OF FINANCIAL STATEMENTS

The Restated Standalone Statement of Assets and Liabilities of the Company as on Dec 31, 2024, March 31, 2024, March 31, 2023, and March 31, 2022 and the Restated Standalone Statement of Profit and Loss and Restated Standalone Statements of Cash Flows for the year ended on Dec 31, 2024, March 31, 2024, March 31, 2023, and March 31, 2022 and the annexure thereto (collectively, the "**Restated Standalone Financial Statements**") have been extracted by the management from the Audited Financial Statements of the Company.

3. CURRENT VERSUS NON- CURRENT CLASSIFICATION

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

Assets:

An asset is treated as current when it is:

- Expected to be realized or intended to be sold or consumed in normal operating cycle.
- Held primarily for the purpose of trading
- Expected to be realized within twelve months after the reporting period, or
- Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period.
- All other assets are classified as non-current.

Liabilities:

A liability is current when:

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period
- e) All other liabilities are classified as non-current

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

Operating cycle: The operating cycle is the time between the acquisition of assets for processing and their realization in cash and cash equivalents. The Company has identified twelve months as its operating cycle.

4. REVENUE RECOGNITION

SALE OF PRODUCTS

Revenue is recognized upon transfer of control of the products to customers at a point in time i.e. when the products are delivered to the carrier in an amount that reflects the consideration that the company expects to receive in exchange for those products (i.e.) transaction price.

INTEREST

Interest is recognized on time proportion basis, determined by amount outstanding and the rate applicable and where no significant uncertainty as to measurability or collectability exists.

5. PROPERTY, PLANT AND EQUIPMENTS

- Fixed Assets are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost comprises purchase price, borrowing costs, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any subsidy/ reimbursement/ contribution received for installation and acquisition of any fixed assets is shown as deduction in the year of receipt. Capital work- in progress is stated at cost.
- Subsequent expenditure related to an item of fixed assets is added to its book value only if it increases the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing fixed
- assets, including day-to-day repairs and maintenance expenditure and cost of replacing parts, are charged to the Statement of Profit and Loss for the period during which such expenses are incurred.

6. DEPRECIATION

Depreciation on tangible assets is provided on the written down value method as per the useful life specified in Part "C" of Schedule II of the Companies Act, 2013 and after retaining the residual value of 5% of the original cost of the assets as specified in the said Schedule. r. Depreciation for assets purchased / sold during a period is proportionately charged. Further, the Schedule II to the Companies Act, 2013 requires that useful life and depreciation for significant components of an asset should be determined separately. As certified by management, there is no component that needs to be separately accounted for. Property, Plant and Equipment's having value less than ` 5,000 are fully depreciated.

Category	As Per Schedule II	As Per Management
Plant and Machinery	15 Years	15 Years
Computer & Accessories	3-6 Years	3-6 Years
Furniture and Fittings	10 Years	3 years
Vehicles	8 Years	8 Years

7. FOREIGN EXCHANGE TRANSACTIONS:

- i. Foreign currency transactions are recorded in the reporting currency, by applying to the foreign currency amount the exchange rate between the reporting currency and the foreign currency at the date of the transaction
- ii. Monetary items denominated in foreign currency are restated at exchange rate prevailing at the year end and overall net gain/loss is adjusted to the Statement of Profit & Loss. Non-Monetary items which are carried in terms of historical cost denominated in a foreign currency are reported using the exchange rate at the date of transaction.
- ii. The exchange differences arising on the settlement of monetary items or on reporting these items at rates different from rates at which these were initially recorded/reported in previous financial statement are recognized as income/expense in the year in which they arise

8. TAXES ON INCOME

Tax expense comprises current and deferred tax.

Current Tax

Current income-tax is measured at the amount expected to be paid to the tax authorities in accordance with the Income-tax Act, 1961 enacted in India and tax laws prevailing in the respective tax jurisdictions where the company operates. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Current income tax relating to items recognized directly in equity is recognized in equity and not in the statement of profit and loss.

Deferred Tax

Deferred tax is recognized on timing differences between the accounting income and the taxable income for the year, and quantified using the tax rates and was enacted or substantively enacted as on the Balance Sheet date. Deferred tax assets subject to consideration of prudence, are recognized and carried forward only to the extent that there is reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax assets and deferred tax liabilities are offset, if a legally enforceable right exists to set-off current tax assets against current tax liabilities and the deferred tax assets and deferred taxes relate to the same taxable entity and the same taxation authority.

9. BORROWING COSTS

Borrowing Costs that are directly attributable to acquisition or construction of assets are capitalized as part of the cost of such assets. A qualifying asset is one that necessary takes substantial period of the time to get ready for its intended use. All other borrowing costs are charged to the statement of profit and loss for the period for which they are incurred.

10. IMPAIRMENT OF ASSETS

QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Our Company’s Board of Directors has overall responsibility for the establishment and oversight of the Company’s risk management framework. The Board of Directors is responsible for developing and monitoring the company’s risk management policies. The company’s risk management policies are established to identify and analyse the risk faced by our company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and our company’s activities. The Company’s Board of Directors oversees how management monitors compliance with the company’s risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by our company. The Board of Directors is assisted in its oversight role by internal audit team. Internal audit team undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the Board of Directors.

Market Risk

Market risk is the risk that the changes in market prices such as foreign exchange rates, interest rates and equity prices will affect our company’s income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimising the return. The pre dominant currency of our company’s revenue and operating cash flows is Indian Rupees (INR). There is no foreign currency risk as there is no outstanding foreign currency exposure at the year end.

Interest Rate Risk

Our company has taken term loans and working capital loans from bank and financial institutions. Our company exposes to the risk of changes in market interest rates as our company’s long and short term debt obligations are of floating interest rate. Therefore, there are interest rate risks, since the carrying amount and the future cash flows will fluctuate because of change in market interest rates.

Credit Risk

Credit risk arises from the possibility that customers or counterparty to financial instruments may not be able to meet their obligations. To manage this, our company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, analysis of historical bad debts and ageing of accounts receivable. Credit risks arises from cash and cash equivalents, deposits with banks, financial institutions and others, as well as credit exposures to customers, including outstanding receivables. Our company evaluates the concentration of risk with respect to trade receivables as low, as none of its customers constitutes significant portions of trade receivables as at the year end. Our company considers factors such as track record, size of institutions, market reputation and service standards to select banks with which balances and deposits are maintained. the balances and fixed deposits are generally maintained with the banks with whom our company has regular transactions. Further, Our company does not maintain significant cash in hand other than those required for its day to day operations. Considering the same, Our company is not exposed to expected credit loss of cash and cash equivalent and bank balances.

Liquidity Risk

Liquidity risk is the risk that Our company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. Our company’s approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to Our company’s reputation. Management of the Company monitors rolling forecasts of Our company’s liquidity position and cash and cash equivalents on the basis of expected cash flows to ensure it has sufficient cash to meet operational needs. Such forecasting takes into consideration Our company’s debt financing plans, covenant compliance and compliance with internal statement of financial position ratio

targets.

Capital risk management

Our company manages its capital to ensure that it will be able to continue as a going concern so, that they can continue to provide returns to shareholders and benefits for other stakeholders and maintain an optimal capital structure to reduce cost of capital. Our company manages its capital structure and make adjustments to, in light of changes in economic conditions, and the risk characteristics of underlying assets. In order to achieve this overall objective, our company's capital management, amongst other things, aims to ensure that it meets financial covenants attached to the borrowings that define the capital structure requirements.

Consistent with others in the industry, Our company monitors capital on the basis of the gearing ratio. The ratio is calculated as net debt divided by equity. Net debt is calculated as total borrowing (including current and noncurrent) as shown in the balance sheet.

OTHER FACTORS

An analysis of reasons for the changes in significant items of income and expenditure is given hereunder:

1. Unusual or infrequent events or transactions

To our knowledge there have been no transactions or events which, in our judgment, would be considered unusual or infrequent.

2. Significant economic changes that materially affected or are likely to affect income from continuing operations.

Other than as described in this section and the sections of this Prospectus titled "**Risk Factors**" and "**Industry Overview**" on pages 27 and 112, respectively, there have been no significant economic changes that materially affected or are likely to affect our Company's income from operations.

3. Known trends or uncertainties that have had or are expected to have a material adverse impact on sales, revenue, or income from continuing operations.

Our business has been impacted and we expect will continue to be impacted by the trends identified above in "**Management's Discussion and Analysis of Financial Condition and Results of Operations—Factors Affecting Our Results of Operations**" and the uncertainties described in "**Risk Factors**" beginning on pages 33 and 27 respectively. To our knowledge, except as we have described in this Prospectus, there are no known factors that we expect to have a material adverse impact on our revenues or income from operations.

4. Future changes in relationship between costs and revenues

Other than as described in the sections "**Risk Factors**", "**Our Business**" and "**Management's Discussion and Analysis of Financial Condition and Results of Operations**" on pages 27, 133, and 228 respectively, to our knowledge, no future relationship between expenditure and income is expected to have a material adverse impact on our operations and finances.

5. Income and Sales on account of major product/main activities

For the period ended December 31, 2024, Financial Years ended 2024, 2023 and 2022, we have one primary business activity and operate in one industry segment, which is sale of electric vehicles.

6. Status of any publicly announced New Products or Business Segment

Except as disclosed in the Section "Our Business", our Company has not announced any new product or service.

7. Seasonality of business

Our orders are impacted by seasonality, corresponding with the seasonal fluctuation in demand for vehicles in the Indian automotive market which generally peaks between January and March each year and declines in February. Demand is generally lean between March and June and leaner between June and September due to the monsoon season, before picking up again during the festive season from September to November, followed by a decline in December as customers defer purchases to the following year. Such seasonal factors may also impact demand for our vehicles. See Risk Factor No. 45 on page no. 48 of the section "**Risk Factors**" heading "**Our results of operations**

may vary significantly from period to period due to the seasonality of our business and fluctuations in our operating cost.”

8. **Dependence on single or few customers or suppliers**

Please refer to our chapters “*Risk Factors*” and also “*Our Business*” on pages 27 & 133 for clarity on the dependence on single or few customers or suppliers.

9. **Competitive conditions**

Competitive conditions are as described under the Sections “*Industry Overview*” and “*Our Business*” beginning on pages 112, and 133 respectively of this Prospectus.

SECTION VI: LEGAL AND OTHER INFORMATION

OUTSTANDING LITIGATION AND MATERIAL DEVELOPMENT

*Except as disclosed in this section, there are no outstanding (i) criminal proceedings; (ii) actions taken by regulatory or statutory authorities; (iii) litigation involving claims related to direct and indirect taxes; and (iv) other pending litigation as determined to be material as per the materiality policy adopted pursuant to the Board resolution dated July 01, 2024, in each case involving our Company, its Subsidiaries, Group Companies, Promoter and Directors (“**Relevant Parties**”). Further, except as stated in this section, (a) there are no disciplinary actions including penalty imposed by the SEBI or stock exchanges against our Promoter in the last five Financial Years including any outstanding action; and (b) pending litigation involving our Group Companies which may have a material impact on our Company.*

*For the purpose of identification of material litigation in (iv) above, our Board has considered and adopted the following policy on materiality with regard to outstanding litigation to be disclosed by our Company in this Prospectus pursuant to the Board resolution dated July 01, 2024, (“**Materiality Policy**”). Accordingly, disclosures of the following types of litigation involving the Relevant Parties have been included.*

All outstanding litigation, including any litigation involving the Relevant Parties, other than criminal proceedings, actions by regulatory authorities and statutory authorities, disciplinary actions including any penalty imposed by SEBI or stock exchanges against our Promoter in the last five Financial Years including any outstanding actions, and tax matters (direct or indirect), would be considered ‘material’ if omission of an event or information, whose value or the expected impact in terms of value, exceeds the lower of the following:

- i. the monetary amount of claim by or against the entity or person in any such pending proceeding is in excess of 2% (two percent) of our Company’s Net Worth as on March 31, 2024 (except in case the arithmetic value of the net worth is negative), as per the latest audited balance sheet, being ₹96.89 lakhs ¹;*
- ii. the monetary amount of claim by or against the entity or person in any such pending proceeding is in excess of 2% (two percent) of our Company’s turnover as on March 31, 2024, as per the latest audited balance sheet, being ₹19.40 lakhs ²;*
- iii. the monetary amount of claim by or against the entity or person in any such pending proceeding is in excess 5% (five percent) of the average of absolute value of profit or loss after tax, as per the last three audited financial statements of our Company, being ₹10.54 lakhs ³; or*
- iv. where monetary liability is not quantifiable or where the monetary liability does not meet the materiality threshold set out above, where an adverse outcome would materially and adversely affect the business, operations, prospects, performance or financial position or reputation of our Company.*

In addition to the above, outstanding proceedings initiated by or against the customers of our Company or its Subsidiaries or its Group Companies, where the amount involved in an individual litigation does not exceed the materiality threshold disclosed above, have been disclosed on a consolidated basis.

It is clarified that for the above purposes, pre-litigation notices received by Relevant Parties from third parties (excluding those notices issued by statutory or regulatory or governmental or taxation authorities), have not been considered as litigation until such time that the Relevant Parties are not impleaded as a defendant in the litigation proceedings before any judicial/ quasi-judicial or arbitral forum, unless otherwise decided by our Board.

Except as stated in this section, there are no outstanding material dues to creditors of our Company. For this purpose, our Board has pursuant to the Board resolution dated July 01, 2024, considered and adopted a policy of materiality for identification of material outstanding dues to creditors. In terms of this materiality policy, outstanding dues to any creditor of our Company having

a monetary value which exceeds Materiality Policy is disclosed in this Prospectus, shall be considered as 'material'. Accordingly, as of December 31, 2024, outstanding dues exceeding the Materiality Policy have been considered as material outstanding dues for the purposes of disclosure in this section.

For outstanding dues to any micro, small or medium enterprise, the disclosure shall be based on information available with our Company regarding the status of the creditor as defined under the Micro, Small and Medium Enterprises Development Act, 2006 as amended, read with the rules and notification thereunder.

ALLOTMENT ONLY IN DEMATERIALISED FORM

In terms of Section 29 of Companies Act, 2013 and the SEBI ICDR Regulations, the Equity Shares shall be allotted only in dematerialised form. As per the SEBI ICDR Regulations, the trading of the Equity Shares shall only be in dematerialised form. In this context, two agreements have been signed among our Company, the respective Depositories and the Registrar and Share Transfer Agent to the Issue:

- a. Tripartite agreement dated October 26, 2020 between our Company, NSDL and the Registrar to the Issue.
- b. Tripartite agreement dated June 12, 2024 between our Company, CDSL and the Registrar and Share Transfer Agent to the Issue.
- c. The Company's shares bear ISIN INE0F8901022.

MINIMUM APPLICATION VALUE, ALLOTMENT OF EQUITY SHARES IN DEMATERIALIZED FORM, MARKET LOT, AND TRADING LOT

The trading of the Equity Shares will happen in the minimum contract size of 1,600 Equity Shares in terms of the SEBI circular no. CIR/MRD/DSA/06/2012 dated February 21, 2012 and the same may be modified by the Emerge Platform of NSE from time to time by giving prior notice to investors at large.

Allocation and allotment of Equity Shares through this Issue will be done in multiples of 1,600 Equity Shares and is subject to a minimum allotment of 1,6000 Equity Shares to the successful applicants in terms of the SEBI circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012.

Further, in accordance with Regulation 267(2) of the SEBI (ICDR) Regulations the minimum application size in terms of number of specified securities shall not be less than ₹1.00 Lakh per application.

MINIMUM NUMBER OF ALLOTTEES

In accordance with Regulation 268 (1) of SEBI (ICDR) Regulations, the minimum number of allottees in this Offer shall be 50 shareholders. In case the minimum number of prospective allottees is less than 50, no allotment will be made pursuant to this Issue and the amounts in the ASBA Account shall be unblocked within 4 Working Days of closure of Issue.

JURISDICTION

Exclusive jurisdiction for the purpose of the Issue is with the competent courts/authorities in Delhi, India.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable limits under laws or regulations.

JOINT HOLDERS

Where two or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint holders with benefits of survivorship.

NOMINATION FACILITY TO INVESTOR

In accordance with Section 72 of the Companies Act, 2013, the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the Applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013, be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

In accordance with Articles of Association of the Company, any Person who becomes a nominee by virtue of Section 72 of the Companies Act, 2013, shall upon the production of such evidence as may be required by the Board, elect either:

- a. to register himself or herself as the holder of the Equity Shares; or
- b. to make such transfer of the Equity Shares, as the deceased holder could have made

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the Equity Shares, and if the notice is not complied with within a period of 90 (ninety) days, the Board may thereafter withhold payment of all dividends, bonuses or other moneys payable in respect of the Equity Shares, until the requirements of the notice have been complied with.

Since the allotment of Equity Shares in the Issue is in dematerialized form, there is no need to make a separate nomination with us. Nominations registered with the respective depository participant of the applicant would prevail. If the investors require changing the nomination, they are requested to inform their respective depository participant.

WITHDRAWAL OF THE ISSUE

In accordance with the SEBI (ICDR) Regulations, our Company, in consultation with Lead Manager, reserves the right not to proceed with this issue at any time after the Issue Opening Date, but before our Board meeting for Allotment without assigning reasons thereof.

If our Company withdraws the Issue after the Issue Closing Date, we will give reason thereof within two days by way of a public notice which shall be published in the same newspapers where the pre-issue advertisements were published.

Further, the Stock Exchanges shall be informed promptly in this regard and the Lead Manager, through the Registrar to the Issue, shall notify the SCSBs to unblock the Bank Accounts of the ASBA Applicants within one Working Day from the date of receipt of such notification.

In case our Company withdraws the Issue after the Issue Closing Date and subsequently decides to undertake a public offering of Equity Shares, our Company will file a fresh Offer Document with the Stock Exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is also subject to obtaining the final Listing and Trading Approval of the Stock Exchange, which the Company shall apply for after Allotment. In terms of the SEBI Regulations, Non-Retail Applicants shall not be allowed to withdraw their Application after the Issue Closing Date.

On the Bid/ Issue Closing Date, extension of time will be granted by the Stock Exchange only for uploading Bids received from Retail Individual Bidders after taking into account the total number of Bids received and as reported by the Lead Manager to the Stock Exchange

The Registrar to the Issue shall submit the details of cancelled/ withdrawn/ deleted applications to the SCSBs on a daily basis within 60 minutes of the Bid closure time from the Bid/ Issue Opening Date till the Bid/ Issue Closing Date by obtaining the same from the Stock Exchanges. The SCSBs shall unblock such applications by the closing hours of the Working Day and submit the confirmation to the Lead Manager and the RTA on a daily basis.

To avoid duplication, the facility of re-initiation provided to Syndicate Members, if any shall preferably be allowed only once per Bid/batch and as deemed fit by the Stock Exchange, after closure of the time for uploading Bids.

It is clarified that applications not uploaded on the electronic bidding system or in respect of which the full application Amount is not blocked by SCSBs or under the UPI Mechanism, as the case may be, would be rejected.

Due to limitation of time available for uploading the Bids on the Bid/Offer Closing Date, Bidders are advised to submit their Bids one day prior to the Bid/Offer Closing Date and are advised to submit their Bids no later than prescribed time on the Bid/ Offer Closing Date. Any time mentioned in this Prospectus is IST. Bidders are cautioned that, in the event a large number of Bids are received on the Bid/Offer Closing Date, some Bids may not get uploaded due to lack of sufficient time. Such Bids that cannot be uploaded will not be considered for allocation under the Offer. Bids will be accepted only during Working Days, during the Bid/Offer Period. Investors may please note that as per letter no. List/smd/sm/2006 dated July 3, 2006 and letter no. NSE/IPO/25101- 6 dated July 6, 2006 issued by BSE and NSE respectively, Bids and any revision in Bids shall not be accepted on Saturdays, Sundays and public holidays as declared by the Stock Exchanges. Bids by ASBA Bidders shall be uploaded by the relevant Designated Intermediary in the electronic system to be provided by the Stock Exchanges. The Designated Intermediaries shall modify select fields uploaded in the Stock Exchange Platform during the Bid/Offer Period till 5.00 pm on the Bid/Offer Closing Date after which the Stock Exchange(s) send the bid information to the Registrar to the Offer for further processing.

In accordance with the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are not allowed to withdraw or lower the size of their applications (in terms of the quantity of the Equity Shares or the Applications Amount) at any stage. Retail Individual Investors can revise or withdraw their Applications prior to the Issue Closing Date. Except Allocation to Retail Individual Investors, allocation in the Issue will be on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or the electronic Application Form, for a particular Applicant, the details as per the file received from the Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Application Form, for a particular ASBA Applicant, the Registrar to the Issue shall ask the relevant SCSB/ RTAs / DPs / stock or the member of the Syndicate for rectified data.

MINIMUM SUBSCRIPTION

In accordance with Regulation 260(1) of SEBI (ICDR) Regulations, this Issue is 100% underwritten, so this issue is not restricted to any minimum subscription level. Thus, the underwriting obligations shall be for the entire hundred percent of the Issue through this Prospectus and shall not be restricted to the minimum subscription level. Further, in accordance with Regulation 267 (2) of the SEBI ICDR Regulations, our Company shall ensure that the minimum application size shall not be less than ₹ 1.00 Lakhs (Rupees One Lakh) per application.

As per section 39 of the new Companies Act, if the “stated minimum amount” has not been subscribed and the sum payable on application is not received within a period of thirty (30) days from the date of issue of Prospectus, the application money has to be returned within such period as may be prescribed.

If our Company does not receive the subscription of 100% of the Issue through this Issue Document including devolvement of Underwriters, our Company shall forthwith unblock the entire subscription amount received. If there is a delay beyond eight (8) days after our Company becomes liable to pay the amount, our Company shall pay interest prescribed under section 73 of the Companies Act, 2013 and applicable law.

The Equity Shares have not been and will not be registered, listed, or otherwise qualified in any other jurisdiction outside India and may not be Issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

ARRANGEMENTS FOR DISPOSAL OF ODD LOTS

The trading of the Equity Shares will happen in the minimum contract size of 1,600 equity shares in terms of the SEBI Circular No. CIR/MRD/DSA/06/2012 dated February 21, 2012. However, in terms of Regulation 261(5) of the SEBI (ICDR) Regulations, the Market Maker shall buy the entire shareholding of a shareholder in one lot, where value of such shareholding is less than the minimum contract size allowed for trading on the EMERGE Platform of NSE Limited (NSE EMERGE).

APPLICATION BY ELIGIBLE NRI'S, FPI'S/FII'S REGISTERED WITH SEBI, VCF'S REGISTERED WITH SEBI AND QFIs

It is to be understood that there is no reservation for Eligible NRIs or FPIs/FIIs registered with SEBI or VCFs or QFIs. Such Eligible NRIs, QFIs, FIIs registered with SEBI will be treated on the same basis with other categories for the purpose of Allocation.

NRIs, FPIs/FIIs and foreign venture capital investors registered with SEBI are permitted to purchase shares of an Indian company in a public Issue without the prior approval of the RBI, so long as the price of the equity shares to be issued is not less than the price at which the equity shares are issued to residents. The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment ("FDI") Policy and the non-resident shareholding is within the sectoral limits under the FDI policy; and (ii) the pricing is in accordance with the guidelines prescribed by the SEBI/RBI.

The current provisions of the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, provides a general permission for the NRIs, FPIs and foreign venture capital investors registered with SEBI to invest in shares of Indian companies by way of subscription in an IPO. However, such investments would be subject to other investment restrictions under the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident outside India) Regulations, 2000, RBI and/or SEBI regulations as may be applicable to such investors.

The Allotment of the Equity Shares to Non-Residents shall be subject to the conditions, if any, as may be prescribed by the Government of India/RBI while granting such approvals.

AS PER THE EXTANT POLICY OF THE GOVERNMENT OF INDIA, OCBs CANNOT PARTICIPATE IN THIS ISSUE

As per the existing regulations, OCBs are not eligible to participate in this Issue. The RBI has however clarified in its circular, A.P. (DIR Series) Circular No. 44, dated December 8, 2003 that OCBs which are incorporated and are not under the adverse notice of the RBI are permitted to undertake fresh investments as incorporated non-resident entities in terms of Regulation 5(1) of RBI Notification No.20/2000-RB dated May 3, 2000 under FDI Scheme with the prior approval of Government if the

investment is through Government Route and with the prior approval of RBI if the investment is through Automatic Route on case by case basis. OCBs may invest in this Issue provided it obtains a prior approval from the RBI. On submission of such approval along with the Application Form, the OCB shall be eligible to be considered for share allocation.

The above information is given for the benefit of the Applicants. The Applicants are advised to make their own enquiries about the limits applicable to them. Our Company and the Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated hereinabove. Our Company and the Lead Manager are not liable to inform the investors of any amendments or modifications or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares Applied for do not exceed the applicable limits under laws or regulations.

SEBI through its circular no. (SEBI/HO/CFD/DIL2/CIR/P/2018/138) dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (—UPI I) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for RIIs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

With effect from July 1, 2019, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, read with circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019 with respect to Applications by RIIs through Designated Intermediaries (other than SCSBs), issued by SEBI, the existing process of physical movement of forms from such Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism for such Bids with existing timeline of T+6 days will continue for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”). The applicability of UPI Phase II was extended from time to time. Thereafter, pursuant to SEBI circular SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023, the final reduced timeline of T+3 days using the UPI Mechanism for applications by UPI Bidders (“UPI Phase III”) was implemented by SEBI, voluntarily for all public issues opening on or after September 1, 2023 and has been made mandatory for all public issues opening on or after December 1, 2023. Accordingly, the Offer will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular shall come into force for initial public offers opening on or after May 1, 2021 and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all UPI applicants in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹5.00 lakhs shall use the UPI Mechanism. For details, please refer to “Interest in case of delay in allotment or Refund” on page 138 of this Prospectus.

Please note that the information stated/covered in this chapter may not be complete and/or accurate and as such would be subject to modification/change. Our Company and the Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this chapter and the General Information Document. Applicants are advised to make their independent investigations and ensure that their applications do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Prospectus and the Prospectus.

This chapter applies to all the Applicants, please note that all the Applicants are required to make payment of the full Application Amount along with the Application Form.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE (UPI)

SEBI has issued circular bearing number SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/85 dated July 26, 2019, circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019 and circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020 (collectively the “UPI Circulars”) in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, the UPI Mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIBs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment mechanism, the UPI Circular proposes to introduce and implement the UPI payment mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a Retail Individual had the option to submit the Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six working days.

Phase II: This phase has become applicable from July 1, 2019 and was to initially continue for a period of three months or floating of five main board public issues, whichever is later. Subsequently, it was decided to extend the timeline for implementation of Phase II until March 31, 2020. Further still, as per SEBI circular SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount is continued till further notice. Under this phase, submission of the ASBA Form by RIBs through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI payment mechanism. However, the time duration from public issue closure to listing continues to be six working days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 (“T+3 Notification”). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Offer shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The processing fees for applications made by UPI Bidders using the UPI Mechanism may be released to the SCSBs only after such banks provide a written confirmation, in compliance with the SEBI RTA Master Circular in a format as prescribed by SEBI, from time to time, and such payment of processing fees to the SCSBs shall be made in compliance with circulars prescribed by SEBI and applicable law. The Offer will be made under UPI Phase III of the UPI Circular.

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Applicants into the UPI payment mechanism.

SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to ₹ 500,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than ₹ 200,000 and up to ₹ 500,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers. Subsequently, pursuant to SEBI circular no SEBI/HO/CFD/DIL2/P/CIR/2022/75 dated May 30, 2022, applications made using the ASBA facility in initial public offerings (opening on or after September 1, 2022) shall be processed only after application monies are blocked in the bank accounts of investors (all categories).

For further details, refer to the General Information Document available on the websites of the Stock Exchange and the Lead Manager.

MAXIMUM AND MINIMUM APPLICATION SIZE

For Retail Individual Applicants:

The Application must be for a minimum of 1,600 Equity Shares and in multiples of 1,600 Equity Shares thereafter, so as to ensure that the Application Price payable by the Applicant does not exceed ₹ 2,00,000. In case of revision of Applications, the Retail Individual Applicants have to ensure that the Application Price does not exceed ₹ 2,00,000. As the application price payable by the Retail Individual Applicants cannot exceed ₹ 2,00,000 they can make Application only for maximum 1 lot i.e., for 1,600 Equity Shares.

For Other than Retail Individual Applicants (Non-Institutional Applicants and QIBs):

The Application must be for a minimum of such number of Equity Shares that the Application Amount exceeds ₹ 2,00,000 and in multiples of 1,600 Equity Shares thereafter. An application cannot be submitted for more than the Net Issue Size. However, the maximum Application by a QIB investor should not exceed the investment limits prescribed for them by applicable laws. Under existing SEBI Regulations, a QIB Applicant cannot withdraw its Application after the Issue Closing Date and is required to pay 100% QIB Margin upon submission of Application.

The identity of QIBs applying in the Net Issue shall not be made public during the Issue Period. In case of revision in Application, the Non-Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than ₹ 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Prospectus.

The above information is given for the benefit of the Applicants. The Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Prospectus. Applicants are advised to ensure that any single Application from them does not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or regulation or as specified in this Prospectus.

In case of revision in Applications, the Non-Institutional Applicants, who are individuals, have to ensure that the Application Amount is greater than Rs 2,00,000 for being considered for allocation in the Non-Institutional Portion.

Minimum Bid Lot: 1,600 Equity Shares

BASIS OF ALLOTMENT

Allotment will be made in consultation with the Designated Stock Exchange. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

- a. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e., the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for)
- b. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e., Total number of Shares applied for into the inverse of the over subscription ratio).
- c. For applications where the proportionate allotment works out to less than 1,600 Equity Shares the allotment will be made as follows:
 - (1) Each successful applicant shall be allotted 1,600 Equity Shares;
 - (2) The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- d. If the proportionate allotment to an applicant works out to a number that is not a multiple of 1,600 Equity Shares, the applicant would be allotted Shares by rounding off to the lower nearest multiple of 1,600 Equity Shares subject to a minimum allotment of 1,600 Equity Shares.
- e. If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the lower nearest multiple of 1,600 Equity Shares, results in the actual allotment being higher than the shares issued, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the issued specified under the Capital Structure mentioned in this Prospectus.
- f. The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for Retail Individual applicants as described below:
 - As per Regulation 253(2) of the SEBI (ICDR) Regulations, as the Retail Individual Investor category is entitled to minimum fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 - Remaining to Individual applicants other than retail individual investors and other investors including corporate bodies or institutions, irrespective of the number of specified securities applied for;
 - The unsubscribed portion in either of the categories specified in (i) or (ii) above may be available for allocation to the applicants in the other category, if so required.

“Retail Individual Investor” means an investor who applies for shares of value of not more than ₹2,00,000/-. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with the designated stock exchange.

The Executive Director/Managing Director of the Designated Stock Exchange in addition to Lead Manager and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

PARTICIPATION BY ASSOCIATES/ AFFILIATES OF THE LEAD MANAGER AND THE SYNDICATE MEMBERS

The Lead Manager and the Syndicate Members, if any, shall not be allowed to purchase in this Issue in any manner, except towards fulfilling their underwriting obligations. However, the associates and affiliates of the Lead Manager and the Syndicate Members, if any, may subscribe the Equity Shares in the Issue, in the Non-Institutional Category where the allocation is on a proportionate basis and such subscription may be on their own account or on behalf of their clients. All categories of investors, including associates or affiliates of Lead Manager and syndicate members, shall be treated equally for the purpose of allocation to be made on a proportionate basis.

Neither (i) the Lead Manager or any associates of the Lead Manager, except Mutual Funds sponsored by entities which are associates of the Lead Manager or insurance companies promoted by entities which are associate of Lead Manager or AIFs sponsored by the entities which are associate of the Lead Manager or FPIs (other than individuals, corporate bodies and family offices), sponsored by the entities which are associates of the Lead Manager nor; (ii) any “person related to the Promoter and members of the Promoter Group” shall apply in the Issue under the Anchor Investor Portion.

INFORMATION FOR THE APPLICANTS

1) Our Company will file the Prospectus with the Registrar of Companies at least 3 (three) days before the Issue Opening Date.

2) Our Company shall, after registering the Prospectus with the RoC, make a pre-issue advertisement, in the form prescribed under the ICDR Regulations, in English and Hindi national newspapers and one regional newspaper with wide circulation. In the pre-issue advertisement, our Company and the Lead Manager shall advertise the Issue Opening Date, the Issue Closing Date. This advertisement shall be in the prescribed format as per ICDR Regulations.

3) Copies of the Application Form and the abridged Prospectus will be available at the offices of the Lead Manager, the Designated Intermediaries, and Registered Office of our Company. An electronic copy of the Application Form will also be available for download on the websites of the Stock Exchange.

4) Any applicant who would like to obtain the Prospectus and/ or the Application Form can obtain the same from our Registered Office.

5) Applicants who are interested in subscribing for the Equity Shares should approach the Designated Intermediaries to register their applications.

6) Applications made in the Name of Minors and/or their nominees shall not be accepted.

7) The Application Form can be submitted either in physical or electronic mode, to the SCSBs with whom the ASBA Account is maintained or UPI ID linked account is maintained in case of retail individual investor, or other Designated Intermediaries (Other than SCSBs). SCSBs may provide the electronic mode of collecting either through an internet enabled collecting and banking facility or such other secured, electronically enabled mechanism for applying and blocking funds in the ASBA Account or alternatively, the Retail Individual Applicants wishing to apply through UPI Channel, may provide the UPI ID and validate the blocking of the funds and the Application Forms that do not contain such details are liable to be rejected.

8) Applicants applying directly through the SCSBs should ensure that the Application Form is submitted to a Designated Branch of SCSB, where the ASBA Account is maintained or UPI ID linked account is maintained in case of retail individual investor. Applications submitted directly to the SCSBs or other Designated Intermediaries (Other than SCSBs), the relevant SCSB shall block an amount in the ASBA Account equal to the Application Amount specified in the Application Form, before entering the ASBA application into the electronic system.

The Applicant should specify that the Application is being made in the name of the HUF in the Application Form as follows: “Name of sole or first Applicant: XYZ Hindu Undivided Family applying through XYZ, where XYZ is the name of the Karta”. Applications by HUFs may be considered at par with Applications from individuals.

APPLICATIONS BY ELIGIBLE NRIS ON REPATRIATION BASIS

NRIs may obtain copies of Application Form from the offices of the Lead Manager and the Designated Intermediaries. Only Bids accompanied by payment in Indian Rupees or freely convertible foreign exchange will be considered for Allotment. Eligible NRI Applicants making application on a repatriation basis by using the Non-Resident Forms, should authorize their SCSB or should confirm / accept the UPI Mandate Request (in case of RIIs using the UPI Mechanism) to block their Non-Resident External (“NRE”) accounts, or Foreign Currency Non-Resident (“FCNR”) ASBA Accounts, and eligible NRI Applicant applying on a non-repatriation basis by using Resident Forms should authorize their SCSB or should confirm / accept the UPI Mandate Request (in case of RIIs applying using the UPI Mechanism) to block their Non-Resident External (NRE) accounts, or Foreign Currency Non-Resident (FCNR) or ASBA Accounts for the full Application Amount, at the time of the submission of the Application Form. Participation of Eligible NRIs in the Issue shall be subject to the FEMA regulations. NRIs applying in the Issue through the UPI Mechanism are advised to enquire with the relevant bank whether their bank account is UPI linked prior to making such Application.

Eligible NRIs applying on a repatriation basis are advised to use the Application Form meant for Non-Residents (blue in colour).

Eligible NRIs applying on non-repatriation basis are advised to use the Application Form for residents (white in colour).

For details of investment by NRIs, see “Restrictions on Foreign Ownership of Indian Securities” beginning on page 305 of this Prospectus. Participation of eligible NRIs shall be subject to NDI Rules

APPLICATION BY INDIAN PUBLIC INCLUDING ELIGIBLE NRIS APPLYING ON NON-REPATRIATION

Application must be made only in the names of individuals, limited companies or statutory corporations / institutions and not in the names of minors (other than minor having valid depository accounts as per demographic details provided by the depository), foreign nationals, non-residents (except for those applying on non-repatriation), trusts, (unless the trust is registered under the Societies Registration Act, 1860 or any other applicable trust laws and is authorized under its constitution to hold shares and debentures in a company), Hindu Undivided Families (HUF), partnership firms or their nominees. In case of HUFs, application shall be made by the Karta of the HUF.

Eligible NRIs applying on a non-repatriation basis may make payments by inward remittance in foreign exchange through normal banking channels or by debits to NRE / FCNR accounts as well as NRO accounts.

An applicant in the Net Public Category cannot make an application for that number of Equity Shares exceeding the number of Equity Shares offered to the public.

APPLICATIONS BY ELIGIBLE FPIs INCLUDING FIIs ON REPATRIATION BASIS

In terms of the SEBI FPI Regulations, the issue of Equity Shares to a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our total paid-up Equity Share capital on a fully diluted basis. Further, in terms of the FEMA Rules, the total holding by each FPI shall be less than 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs could be up to 100%, being the sectoral cap, of the paid-up Equity Share capital of our Company on a fully diluted basis.

In case of Applications made by FPIs, a certified copy of the certificate of registration issued under the SEBI FPI Regulations is required to be attached to the Application Form, failing which our Company reserves the right to reject any Application without assigning any reason. FPIs who wish to participate in the Issue are advised to use the Application Form for Non-Residents (blue in colour).

In case the total holding of an FPI increases beyond 10% of the total paid-up Equity Share capital, on a fully diluted basis or 10% or more of the paid-up value of any series of debentures or preference shares or share warrants issued that may be issued by our Company, the total investment made by the FPI will be re-classified as FDI subject to the conditions as specified by SEBI and the RBI in this regard and our Company and the investor will be required to comply with applicable reporting requirements.

As specified in 4.1.4.2 (b)(i) and 4.1.4.2 (c)(iv) of the General Information Document, it is hereby clarified that bids received from FPIs bearing the same PAN shall be treated as multiple Bids and are liable to be rejected, except for Applications from FPIs that utilize the multiple investment manager structure in accordance with the Operational Guidelines for Foreign Portfolio Investors and Designated Depository Participants issued to facilitate implementation of SEBI FPI Regulations (“MIM Structure”), provided such Applications have been made with different beneficiary account numbers, Client IDs and DP IDs. Accordingly, it should be noted that multiple Applications received from FPIs, who do not utilize the MIM Structure, and bear

the same PAN, are liable to be rejected. In order to ensure valid Applications, FPIs making multiple Applications using the same PAN, and with different beneficiary account numbers, Client IDs and DP IDs, are required to provide a confirmation along with each of their Application Forms that the relevant FPIs making multiple Applications utilize the MIM Structure and indicate the name of their respective investment managers in such confirmation. In the absence of such confirmation from the relevant FPIs, such multiple Applications are liable to be rejected.

Further, in the following cases, the Applications by FPIs will not be considered as multiple Applications: involving the MIM Structure and indicating the name of their respective investment managers in such confirmation; offshore derivative instruments (“ODI”) which have obtained separate FPI registration for ODI and proprietary derivative investments; sub funds or separate class of investors with segregated portfolio who obtain separate FPI registration;

FPI registrations granted at investment strategy level / sub fund level where a collective investment scheme or fund has multiple investment strategies / sub-funds with identifiable differences and managed by a single investment manager; multiple branches in different jurisdictions of foreign bank registered as FPIs; Government and Government related investors registered as Category 1 FPIs; and Entities registered as Collective Investment Scheme having multiple share classes.

With effect from the April 1, 2020, the aggregate limit shall be the sectoral caps applicable to the Indian company as prescribed in the FEMA Rules with respect to its paid-up equity capital on a fully diluted basis. While the aggregate limit as provided above could have been decreased by the concerned Indian companies to a lower threshold limit of 24% or 49% or 74% as deemed fit, with the approval of its board of directors and its shareholders through a resolution and a special resolution, respectively before March 31, 2020, our Company has not decreased such limit and accordingly the applicable limit with respect to our Company is 100%.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 21 of the SEBI FPI Regulations, an FPI, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only by persons registered as Category I FPIs; (ii) such offshore derivative instruments are issued only to persons eligible for registration as Category I FPIs; (iii) such offshore derivative instruments are issued after compliance with ‘know your client’ norms; and (iv) such other conditions as may be specified by SEBI from time to time.

An FPI issuing offshore derivative instruments is also required to ensure that any transfer of offshore derivative instruments issued by or on its behalf, is carried out subject to inter alia the following conditions:

- a. such offshore derivative instruments are transferred only to persons in accordance with Regulation 22(1) of the SEBI FPI Regulations; and
- b. prior consent of the FPI is obtained for such transfer, except when the persons to whom the offshore derivative instruments are to be transferred to are pre-approved by the FPI.

Participation of FPIs in the Issue shall be subject to the FEMA Rules

APPLICATION BY SEBI REGISTERED ALTERNATIVE INVESTMENT FUND (AIF), VENTURE CAPITAL FUNDS AND FOREIGN VENTURE CAPITAL INVESTORS

The SEBI (Venture Capital Funds) Regulations, 1996 and the SEBI (Foreign Venture Capital Investor) Regulations, 2000 prescribe investment restrictions on venture capital funds and foreign venture capital investors registered with SEBI. Further, the SEBI, AIF Regulations prescribes, among others, the investment restrictions on AIFs.

The holding by any individual venture capital fund registered with SEBI in one Company should not exceed 25% of the corpus of the venture capital fund; a Foreign Venture Capital Investor can invest its entire funds committed for investments into India in one Company. Further, Venture Capital Funds and Foreign Venture Capital investor can invest only up to 33.33% of the funds available for investment by way of subscription to an Initial Public Offer.

The SEBI (Alternative Investment funds) Regulations, 2012 prescribes investment restrictions for various categories of AIF's.

The category I and II AIFs cannot invest more than 25% of the corpus in one investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A Venture capital fund registered as a category I AIF, as defined in the SEBI Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI Regulations shall

continue to be regulated by the VCF Regulations until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

Participation of AIFs, VCFs and FVCIs was subject to the FEMA Rules

All FIIs and FVCIs should note that refunds, dividends and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the Lead Manager will not be responsible for loss, if any, incurred by the Applicants on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all such Applicants will be treated on the same basis with other categories for the purpose of allocation.

APPLICATIONS BY LIMITED LIABILITY PARTNERSHIP

In case of applications made by limited liability partnerships registered under the Limited Liability Partnership Act, 2008, a certified copy of certificate of registration issued under the Limited Liability Partnership Act, 2008, must be attached to the Application Form. Failing which, the Company reserves the right to reject any application, without assigning any reason thereof.

APPLICATION BY INSURANCE COMPANIES

In case of applications made by insurance companies registered with the IRDA, a certified copy of certificate of registration issued by IRDA must be attached to the Application Form. Failing this, our Company reserves the right to reject any application, without assigning any reason thereof.

The exposure norms for insurers, prescribed under the Insurance Regulatory and Development Authority (Investment) Regulations, 2000, as amended (The “IRDA Investment Regulations”), are broadly set forth below:

- a. Equity shares of a Company: the least of 10% of the investee Company’s subscribed capital (face value) or 10% of the respective fund in case of life insurer or 10% of investment assets in case of general insurer or reinsurer;
- b. The entire group of the investee Company: not more than 15% of the respective fund in case of a life insurer or 15% of investment assets in case of a general insurer or reinsurer or 15% of the investment assets in all companies belonging to the group, whichever is lower; and
- c. The industry sector in which the investee company belong to: not more than 15% of the fund of a life insurer or a general insurer or a reinsurer or 15% of the investment asset, whichever is lower.

The maximum exposure limit, in the case of an investment in equity shares, cannot exceed the lower of an amount of 10% of the investment assets of a life insurer or general insurer and the amount calculated under (a), (b) and (c) above, as the case may be.

** The above limit of 10% shall stand substituted as 15% of outstanding equity shares (face value) for insurance companies with investment assets of ₹ 2,500,000 million or more and 12% of outstanding equity shares (face value) for insurers with investment assets of ₹ 500,000 million or more but less than ₹ 2,500,000 million.*

Insurance companies participating in this Issue shall comply with all applicable regulations, guidelines and circulars issued by IRDAI from time to time including the Insurance Regulatory and Development Authority (Investment) Regulations, 2016 (“IRDA Investment Regulations”).

APPLICATION BY PROVIDENT FUNDS/PENSION FUNDS

Failing this, the Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason therefore.

In the case of Applications made by to the power of attorney by FIIs, a certified copy of the power of attorney the relevant resolution or authority, as the case may be along with the certified copy of SEBI registration certificate must be lodged with the Application Form. Failing this, the Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof.

In the case of Applications made by provident funds, subject to applicable law, with minimum corpus of ₹ 2500 Lacs and pension funds with minimum corpus of ₹ 2500 Lacs, a certified copy of a certificate from a chartered accountant certifying the corpus of the provident fund/pension fund must be lodged along with the Application Form. Failing this, the Company reserves the right to accept or reject any Application in whole or in part, in either case, without assigning any reason thereof.

Our Company in consultation with the LM, in their absolute discretion, reserves the right to relax the above condition of simultaneous lodging of the power of attorney along with the Application Form, subject to such terms and conditions that our Company in consultation with the LM, may deem fit.

The above information is given for the benefit of the Applicants. The Company and the LM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of the Prospectus. Applicants are advised to make their independent investigations and ensure that the number of Equity Shares applied for do not exceed the applicable investments limits or maximum number of the Equity Shares that can be held by them under applicable law or regulation or as specified in this Prospectus or the Prospectus .

In accordance with RBI regulations, OCBs cannot participate in the Issue.

The Applicants should note that in case the PAN, the DP ID and Client ID mentioned in the Application Form and entered into the electronic system of the Stock Exchanges does not match with the PAN, DP ID and Client ID available in the database of Depositories, the Application Form is liable to be rejected.

INDICATIVE PROCESS FLOW FOR APPLICATIONS IN PUBLIC ISSUE

ASBA PROCESS

In accordance with the SEBI circular no. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Applicants have to compulsorily apply through the ASBA Process. Our Company and the Lead Manager are not liable for any amendments, modifications, or changes in applicable laws or regulations, which may occur after the date of the Prospectus. ASBA Applicants are advised to make their independent investigations and to ensure that the ASBA Application Form is correctly filled up, as described in this chapter.

Lists of banks that have been notified by SEBI to act as SCSB (Self Certified Syndicate Banks) for the ASBA Process are provided on www.sebi.gov.in. For details on designated branches of SCSB collecting the Application Form, please refer the below mentioned SEBI link:

<https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=35>
<https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=34>

A Resident Retail Individual Investor shall submit his Application through an Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Applicant or bank account utilized by the ASBA Applicant (“ASBA Account”) is maintained. The SCSB shall block an amount equal to the Application Amount in the bank account

specified in the ASBA Application Form, physical or electronic, on the basis of an authorization to this effect given by the account holder at the time of submitting the Application.

The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against the allocated shares to the ASBA Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the ASBA Application, as the case may be.

The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchange. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Applicants to the ASBA Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the Lead Manager.

ASBA Applicants are required to submit their Applications, either in physical or electronic mode. In case of application in physical mode, the ASBA Applicant shall submit the ASBA Application Form at the Designated Branch of the SCSB or Registered Brokers or Registered RTA's or DP's registered with SEBI. In case of application in electronic form, the ASBA Applicant shall submit the Application Form either through the internet banking facility available with the SCSB, or such other electronically enabled mechanism for applying and blocking funds in the ASBA account held with SCSB, and accordingly registering such Applications.

CHANNELS OF SUBMISSION OF APPLICATION FORMS

From July 1, 2019 in Phase II, RIIs shall use only Channel I, Channel II and Channel IV (as described below) for making applications in a public issue:

Category of Investor	Channel I	Channel II	Channel III	Channel IV
Retail Individual Investor (RII)	Investor may submit the Application Form with ASBA as the sole mechanism for making payment either physically (at the branch of the SCSB) or online.	Investor may submit the Application Form online using the facility of linked online trading, demat and bank account (3-in-1 type accounts) provided by Registered Brokers.	Not Applicable	RIIs may submit the Application Form with any of the Designated Intermediaries and use his/her UPI ID for the purpose of blocking of funds.
Non-institutional Investor (NII) including Qualified institutional Buyer (QIB)	For such applications the existing process of uploading the Application and blocking of funds in the RIIs account by the SCSB would continue.		Investor may submit the Application Form with any of the Designated Intermediaries, along with details of his/her ASBA Account for blocking of funds. For such applications the Designated Intermediary will upload the Application in the stock exchange bidding platform and forward the application form to Designated Branch of the concerned SCSB for blocking of funds.	Not Applicable

Upon receipt of the Application Form, submitted whether in physical or electronic mode, the Designated Branch of the SCSB shall verify if sufficient funds equal to the Application Amount are available in the ASBA Account, as mentioned in the Application Form, prior to uploading such Applications with the Stock Exchange.

If sufficient funds are not available in the ASBA Account, the Designated Branch of the SCSB shall reject such Applications and shall not upload such Applications with the Stock Exchange.

If sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the Application Form and will enter each Application into the electronic bidding system as a separate Application and generate a TRS for each price and demand option. The TRS shall be furnished to the ASBA Applicant on request.

The Application Amount shall remain blocked in the aforesaid ASBA Account until finalisation of the Basis of Allotment and consequent transfer of the Application Amount against the Allotted Equity Shares to the Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the Application Form, as the case may be.

Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the SCSB for unblocking the relevant ASBA Accounts and for transferring the amount allocable to the successful Applicants to the Public Issue Account. In case of withdrawal/failure of the Offer, the blocked amount shall be unblocked on receipt of such information from the Registrar to the Offer.

PROCESS FLOW FOR APPLICATIONS IN PUBLIC ISSUE SUBMITTED BY RETAIL INDIVIDUAL INVESTOR

In addition to application to be submitted to SCSB, with whom the bank account to be blocked, is maintained, a RII would also have the option to submit application form with any of the intermediary and use his / her bank account linked UPI ID for the purpose of blocking of funds with effect from January 1, 2019.

The detailed process in this regard is as detailed hereunder:

Application and validation process

- a. submission of the application with the intermediary, the RII would be required to have / create a UPI ID, with a maximum length of 45 characters including the handle (Example: InvestorID@bankname).
- b. RII will fill in the Application details in the application form along with his/ her bank account linked UPI ID and submit the application with any of the intermediary.
- c. The intermediary upon receipt of form will upload the Application details along with UPI ID in the stock exchange bidding platform.
- d. Once the Application has been entered in the bidding platform, the exchange will undertake validation of the PAN and Demat Account details of RII with the depository.
- e. Depository will validate the aforesaid Application details on a real time basis and send response to stock exchange which would be shared by stock exchange with intermediary through its platform, for corrections, if any.
- f. SMS from exchange to RII for applying: Once the Application details are uploaded on the stock exchange platform, the stock exchange shall send an SMS to the RII regarding submission of his / her application, daily at the end of day basis, during bidding period. For the last day of applying, the SMS may be sent out the next working day.

The Block Process

- a. Post undertaking validation with depository, the stock exchange will, on a continuous basis, electronically share the Application details along with RIIs UPI ID, with the Sponsor Bank appointed by the issuer.
- b. The Sponsor Bank will initiate a mandate request on the RII i.e. request the RII to authorize blocking of funds equivalent to application amount and subsequent debit of funds in case of allotment. For all pending UPI Mandate Requests, the Sponsor Bank will initiate requests for blocking of funds in the ASBA Accounts of relevant investors with a confirmation cut-off time of 12:00 pm on the first Working Day after the Bid/Issue Closing Date (“**Cut-Off Time**”). Accordingly, RIIs using the UPI Mechanism need to accept UPI Mandate Requests for blocking off funds prior to the Cut-Off Time and all pending UPI Mandate Requests after the Cut-Off Time will lapse.
- c. The request raised by the Sponsor Bank, would be electronically received by the RII as a SMS / intimation on his/ her mobile no. / Mobile app, associated with UPI ID linked bank account.
- d. The RII would be able to view the amount to be blocked as per his / her Application in such intimation. The RII would also be able to view an attachment wherein the IPO Application details submitted by RII will be visible. After reviewing

the details properly, RII would be required to proceed to authorize the mandate. Such mandate raised by sponsor bank would be a one-time mandate for each application in the IPO.

e. Upon successful validation of block request by the RII, as above, the said information would be electronically received by the RIIs' bank, where the funds, equivalent to application amount, would get blocked in RIIs account. Intimation regarding confirmation of such block of funds in RIIs account would also be received by the RII.

f. The information containing status of block request (e.g. – accepted / decline / pending) would also be shared with the Sponsor Bank, which in turn would be shared with stock exchange. The block request status would also be displayed on stock exchange platform for information of the intermediary.

g. The information received from Sponsor Bank, would be shared by stock exchange with RTA in the form of a file for the purpose of reconciliation.

h. RIIs would continue to have the option to modify or withdraw the Application till the closure of the Issue period. For each such modification of Application, RII will submit a revised Application and shall receive a mandate request from sponsor bank to be validated as per the process indicated above.

Post closure of the Offer, the stock exchange will share the Application details with the Registrar along with the final file received from the Sponsor Bank containing status of blocked funds or otherwise, along with the ASBA Account details with respect to applications made by RIIs using UPI ID.

NUMBER OF APPLICATIONS PER BANK ACCOUNT

An investor making application using any of channels under UPI Payments Mechanism, shall use only his / her own bank account or only his / her own bank account linked UPI ID to make an application in public issues. Applications made using third party bank account or using third party linked bank account UPI ID are liable for rejection. Sponsor Bank shall provide the investors UPI linked bank account details to RTA for purpose of reconciliation. RTA shall undertake technical rejection of all applications to reject applications made using third party bank account.

HOW TO APPLY?

In accordance with the SEBI circular no. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 all the Applicants has to compulsorily apply through the ASBA Process. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

MODE OF PAYMENT

Upon submission of an Application Form with the SCSB, whether in physical or electronic mode, each ASBA Applicant shall be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount, in the bank account maintained with the SCSB.

Applicants must specify the Bank Account number, or the UPI ID, as applicable, in the Application Form. The Application Form submitted by applicant and which is accompanied by cash, demand draft, cheque, money order, postal order or any mode of payment other than blocked amounts in the ASBA Account, may not be accepted. The SCSB or Sponsor Bank shall keep the Application Amount in the relevant bank account blocked until withdrawal/ rejection of the application or receipt of instructions from the Registrar to unblock the Application Amount.

However, Non-Retail Applicants shall neither withdraw nor lower the size of their applications at any stage. In the event of withdrawal or rejection of the Application Form or for unsuccessful Application Forms, the Registrar to the Issue shall give instructions to the SCSBs to unblock the application money in the relevant bank account within one day of receipt of such instruction. The Application Amount shall remain blocked in the ASBA Account until finalisation of the Basis of Allotment in the Issue and consequent transfer of the Application Amount to the Public Issue Account, or until withdrawal/ failure of the Issue or until rejection of the application by the ASBA Applicant, as the case may be.

Please note that, in terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018 and all related circulars issued thereafter, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility

for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application.

On the Designated Date, the SCSBs shall transfer the amounts allocable to the ASBA Applicants from the respective ASBA Account, in terms of the SEBI Regulations, into the ASBA Public Issue Account. The balance amount, if any against the said Application in the ASBA Accounts shall then be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue.

In case of applications made by using any of channels under UPI Payments Mechanism, post closure of the Offer, the stock exchange will share the Application details with the Registrar along with the final file received from the Sponsor Bank containing status of blocked funds or otherwise, along with the ASBA Account details with respect to applications made by RIIs using UPI ID.

The RTA, based on information of Applications and blocking received from stock exchange, would undertake reconciliation of the Applications data and block confirmation corresponding to the Applications by all investor category applications (with and without the use of UPI) and prepare the basis of allotment.

Upon approval of basis of allotment, RTA will share the debit file with Sponsor bank (through Stock exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the RIIs account. The Sponsor bank based on the mandate approved by the RII at the time of blocking of funds, will raise the debit / collect request from RIIs bank account, whereupon the funds will be transferred from RIIs account to public issue account and remaining funds, if any, will be unblocked without any manual intervention by RII or his / her bank.

Upon confirmation of receipt of funds in the public issue account, shares would be credited to the RII's account. RII will be notified for full/partial/no allotment. For partial allotment the remaining funds would be unblocked. For no allotment, mandate would be revoked and application amount would be unblocked for the RII.

UNBLOCKING OF ASBA ACCOUNT

On the basis of instructions from the Registrar to the Issue, the SCSBs shall transfer the requisite amount against each successful ASBA Applicant to the ASBA Public Issue Account as per section 40(3) of the Companies Act, 2013 and shall unblock excess amount, if any in the ASBA Account.

In case of applications made by using any of channels under UPI Payments Mechanism, Registrar to the Issue will share the debit file with Sponsor bank (through Stock exchange) and SCSBs, as applicable, for credit of funds in the public issue account and unblocking of excess funds in the RIIs account. The Sponsor bank based on the mandate approved by the RII at the time of blocking of funds, will raise the debit / collect request from RIIs bank account, whereupon the funds will be transferred from RIIs account to public issue account and remaining funds, if any, will be unblocked without any manual intervention by RII or his / her bank.

However, the Application Amount may be unblocked in the ASBA Account or Bank Account link in UPI Mechanism prior to receipt of intimation from the Registrar to the Issue by the Controlling Branch of the SCSB regarding finalization of the Basis of Allotment in the Issue, in the event of withdrawal/failure of the Issue or rejection of the ASBA Application or Application made through UPI Mechanism, as the case may be.

OPTION TO RECEIVE EQUITY SHARES IN DEMATERIALIZED FORM

Furnishing the details of depository account is mandatory and applications without depository account shall be treated as incomplete and rejected.

Investors should note that Allotment of Equity Shares to all successful Applicants will only be in the dematerialized form in compliance of the Companies Act, 2013.

The Equity Shares on Allotment shall be traded only in the dematerialized segment of the Stock Exchanges.

Applicants will not have the option of getting Allotment of the Equity Shares in physical form. Allottees shall have the option to re-materialize the Equity Shares, if they so desire, as per the provision of the Companies Act and the Depositories Act.

INFORMATION FOR THE APPLICANTS

- a. The Company will file the Prospectus with the Registrar of Companies at least 3 (three) working days before the Issue Opening Date.

- b. The Lead Manager will circulate copies of the Prospectus along with the Application Form to potential investors.
- c. Any investor, being eligible to invest in the Equity Shares offered, who would like to obtain the Prospectus and/ or the Application Form can obtain the same from the Company's Registered Office or from the Registered Office of the Lead Manager.
- d. Applicants who are interested in subscribing to the Equity Shares should approach the Lead Manager or their authorized agent(s) to register their Applications.
- e. Applications made in the name of Minors and/or their nominees shall not be accepted.

NUMBER OF APPLICATIONS PER BANK ACCOUNT

An investor making application using any of channels under UPI Payments Mechanism, shall use only his / her own bank account or only his / her own bank account linked UPI ID to make an application in public issues. Applications made using third party bank account or using third party linked bank account UPI ID are liable for rejection. Sponsor Bank shall provide the investors UPI linked bank account details to RTA for purpose of reconciliation. RTA shall undertake technical rejection of all applications to reject applications made using third party bank account

INFORMATION FOR THE APPLICANTS

In addition to the instructions provided to the Applicants in the General Information Document for Investing in Public Issues, Applicants are requested to note the following additional information in relation to the Issue.

- a. The Issue Period shall be for a minimum of three Working Days and shall not exceed ten working days. The Issue Period may be extended, if required, by an additional three working days, subject to the total Issue Period not exceeding ten working days
- b. The relevant Designated Intermediary will enter each Application into the electronic bidding system as a separate Application and generate an acknowledgement slip ("Acknowledgement Slip"), for each price and demand option and give the same to the Applicant. Therefore, an Applicant can receive up to three Acknowledgement Slips for each Application Form. It is the Applicant's responsibility to obtain the TRS from the relevant Designated Intermediary. The registration of the Application by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated / allotted. Such Acknowledgement will be non-negotiable and by itself will not create any obligation of any kind. When an Applicant revises his or her Application (in case of revision in the Price), he / she shall surrender the earlier Acknowledgement Slip and may request for a revised TRS from the relevant Designated Intermediary as proof of his or her having revised the previous Application.
- c. In relation to electronic registration of Applications, the permission given by the Stock Exchanges to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, and / or the Lead Manager are cleared or approved by the Stock Exchanges; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of this Prospectus or the Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.
- d. In the event of an upward revision in the Price, Retail Individual Applicants could either (i) revise their Application or (ii) shall make additional payment based on the revised Price (such that the total amount i.e., original Application Amount plus additional payment does not exceed ₹ 2 Lakhs. The revised Applications must be submitted to the same Designated Intermediary to whom the original Application was submitted. If the total amount (i.e., the original Application Amount plus additional payment) exceeds ₹ 2 Lakhs, the Applicant will be considered for allocation under the Non-Institutional Portion. If, however, the Retail Individual Applicant does not either revise the Application or make additional payment the number of Equity Shares applied for shall be adjusted downwards for the purpose of allocation, such that no additional payment would be required from the Retail Individual Applicant and the Retail Individual Applicant is deemed to have approved such revised Application.
- e. In the event of a downward revision in the Price, Retail Individual Applicant may revise their application; otherwise, the excess amount paid at the time of Application would be unblocked after Allotment is finalised.
- f. Any revision of the Application shall be accompanied by instructions to block the incremental amount, if any, to be paid on account of the upward revision of the Application.

The Applicants should note that in case the PAN, the DP ID and Client ID mentioned in the Application Form and entered into the electronic system of the Stock Exchanges does not match with the PAN, DP ID and Client ID available in the database of Depositories, the Application Form is liable to be rejected.

PRE-ISSUE ADVERTISEMENT

As provided in Section 30 of the Companies Act, 2013 and 264(2) of the SEBI (ICDR) Regulations, 2018, the Company shall, after registering the Prospectus with the ROC, publish a pre-Issue advertisement, in the form prescribed by the SEBI Regulations, in one widely circulated English national daily newspaper and one widely circulated Hindi national daily newspaper and one regional language daily newspaper, each with wide circulation. In the pre- Issue advertisement, we shall state the Issue Opening Date and the Issue Closing Date. This advertisement, subject to the provisions of Section 30 of the Companies Act, 2013, shall be in the format prescribed in Part A of Schedule XIII of the SEBI Regulations.

MODE OF REFUND

Within four (4) Working Days of the Issue Closing Date, the Registrar to the Issue may give instructions to SCSBs or in case of Applications by RIIs applying through the UPI mechanism to the Sponsor Bank, to revoke the mandate and for unblocking the amount in ASBA Accounts of unsuccessful Applicants and also for any excess amount blocked on Applications.

The Registrar to the Issue may instruct the controlling branch of the SCSB to unblock the funds in the relevant ASBA Account for any withdrawn, rejected or unsuccessful ASBA Applications or in the event of withdrawal or failure of the Issue.

METHODOLOGY ON THE ALLOTMENT PROCESS:

Method of allotment as may be prescribed by SEBI from time to time. The below outline summarizes the steps followed from the receipt of applications to the final allotment:

Allotment Process Methodology

1. Post-Approval of Basis of Allotment from the Exchange

Once the basis of allotment is approved by the stock exchange, the following steps are initiated:

- Random Allocation: The basis of allotment is based on a reverse application number to ensure a random lottery system, eliminating any discretion in the allotment process.
- Sharing of Lucky Numbers: The Exchange provides the lucky numbers based on the ratio determined for each investor category.

2. Reversal of Application Numbers

- Reversal Process: For each valid application, the application number is reversed. For example, an application number of 12345678 becomes 87654321 after reversal.
- Arrangement: All reversed application numbers are arranged in ascending order for each investor category.

3. Segregation into Buckets

- Bucket Creation: If the ratio for allotment is determined to be 2:5, the applications are segregated into buckets of five. This allows for a structured allocation approach.
- Selection of Lucky Numbers: The Exchange assigns lucky numbers (e.g., 3 and 4) to determine which applications will receive shares from each bucket.

4. Allotment Determination

- Allocating Shares: For every bucket of applications:

Applications numbered 3 and 4 in each bucket will be selected for allotment.

This process is repeated for all categories that require allotment via the lottery system.

Note on Allotment Process

1. Receipt & Validation of Bid Data

- Data Download: Bid data is downloaded from the stock exchanges through SFTP (Secure File Transfer Protocol)

- Validation Checks: The data is validated against depository records to check for:
Invalid demat accounts
Invalid client status
PAN mismatch records
- Error Marking: Any errors identified are marked with the corresponding rejection criteria.

2. Collection of Final Certificates (FCs) and Schedule Data

- Follow-Up: The RTA follows up with Self-Certified Syndicate Banks (SCSBs) to collect Final Certificates confirming:
The total amount blocked.
The number of applications.
- Reconciliation Process:
A reconciliation is performed between bid data and bank schedule data. Applications without funds blocked are removed from the master list.
Post-reconciliation, a valid dataset of applications is prepared for the allotment process.

3. Technical Rejection Process

- Identification of Valid Applications: The technical rejection process as per the terms outlined in the letter of offer is executed, which identifies valid applications eligible for the basis of allotment.

4. Basis of Allotment

- Category-wise Allocation: The basis of allotment is prepared for different categories:
Market Makers
Eligible Employees
Retail Individual Investors (RII) (applications under ₹2 lakhs)
High Net worth Individual Investors (HNI) (applications over ₹2 lakhs)
- Tagging Applications: Applications are tagged according to the above categories for allotment processing.
- Allocable Shares Calculation: Allocable shares for each category are determined as per the RHP and in proportion to subscriptions among each category.

Illustration of HNI Basis of Allotment

Assuming the following:

- Lot Size: 1,000 shares
- Allocable Shares as per RHP: 75,000 shares

No. of Shares applied for (Category wise)	Number of applications received	Total No. of Shares applied in each category	% to total	Proportionate shares available	Allocation per Applicant (Before rounding off)	Allocation per Applicant (After rounding off)	Ratio of allottees to applicants	Number of successful applicants (after rounding off)	Total No. of Shares allocated/ allotted	Surplus/ Deficit [14]-[7]

Allotment Process

1. Submission to Stock Exchange: The basis of allotment is submitted to the stock exchange for approval.
2. Draw of Lucky Numbers: The exchange assigns lucky numbers to each application category.
3. Application Number Reversal: Valid application numbers are reversed and sorted in ascending order.
4. Allocation Process: Based on the lucky numbers and the sorted application numbers, allotment is determined according to the previously defined ratio. For example, in the first category of 1000 lot, the 30 application numbers will be reversed and arranged in ascending order. They will be assigned numbers from 1 to 3 repeatedly in loop. If the lucky numbers chosen by stock exchange is 1 & 3 for this category, then those applications which were assigned with numbers 1 & 3 will be allottee applications and the applications assigned with number 2 will be non-allottee application.
5. Final Confirmation: Successful applicants are notified, and shares are credited to their demat accounts. Refunds for unsuccessful applications are processed accordingly.

Conclusion

This comprehensive methodology outlines the RTA's operational process from receiving applications to final allotment. By implementing these steps, the RTA ensures a fair, transparent, and efficient allotment process in accordance with regulatory guidelines and market practices.

In terms of the Reserve Bank of India Circular No. DBOD No. FSC BC 42/ 24.47.00/ 2003-04 dated November 5, 2003; the option to use the stock invest instrument in lieu of cheques or bank drafts for payment of Application money has been withdrawn. Hence, payment through stock invest would not be accepted in this Issue.

OTHER INSTRUCTIONS

Joint applications in the case of individuals

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple applications

An Applicant should submit only one Application (and not more than one). Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- a. All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications
- b. Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- c. Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 (Twenty) valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of "know your client" norms by the depositories. The Company reserves the right to reject, in its absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application or Application through UPI Mechanism either in physical or electronic mode, an Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB. Submission of a second Application in such manner will be deemed a multiple Application and would be rejected.

An investor making application using any of channels under UPI Payments Mechanism, shall use only his / her own bank account or only his / her own bank account linked UPI ID to make an application in public issues. Applications made using third party bank account or using third party linked bank account UPI ID are liable for rejection. Sponsor Bank shall provide the investors UPI linked bank account details to RTA for purpose of reconciliation. RTA shall undertake technical rejection of all applications to reject applications made using third party bank account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple applications and are liable to be rejected. The Company, in consultation with the Lead Manager reserves the right to reject, in its absolute discretion, all or any multiple applications in any or all categories. In this regard, the procedure which would be followed by the Registrar to the Issue to detect multiple applications is given below:

- a. All Applications will be checked for common PAN. For Applicants other than Mutual Funds and FII sub- accounts, Applications bearing the same PAN will be treated as multiple Applications and will be rejected.
- b. For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number ("PAN") to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 2, 2007. Each of the Applicants should mention his/her PAN allotted under the Income Tax Act, 1961. Applications without the PAN will be considered incomplete and are liable to be rejected. It is to be specifically noted that Applicants should not submit the General Index Registration ("GIR") number instead of the PAN, as the Application is liable to be rejected on this ground.

Our Company/ Registrar to the Issue/ Lead Manager can, however, accept the Application(s) in which PAN is wrongly entered into by ASBA SCSB's in the ASBA system, without any fault on the part of Applicant.

RIGHT TO REJECT APPLICATIONS

In case of QIB Applicants, the Company in consultation with the Lead Manager may reject Applications provided that the reasons for rejecting the same shall be provided to such Applicant in writing. In case of Non-Institutional Applicants, Retail Individual Applicants who applied, the Company has a right to reject Applications based on technical grounds.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the FEMA, the Consolidated FDI Policy and the circulars and notifications issued thereunder. Unless specifically restricted, foreign investment is freely permitted in all sectors of the Indian economy, subject to certain applicable pricing and reporting requirements. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India (“RBI”) and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”).

The Government of India, from time to time, has made policy pronouncements on Foreign Direct Investment (“FDI”) through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (“DIPP”), has issued consolidated FDI Policy 2020 (“FDI Policy 2020”), which is effective from October 15, 2020, consolidates and supersedes all previous press notes, press releases and clarifications on FDI Policy issued by the DIPP that were in force. The Government proposes to update the consolidated circular on FDI policy once every year and therefore, FDI Policy 2020 will be valid until the DIPP issues an updated circular.

The RBI also issues Master Circular on Foreign Investment in India every year. Presently, FDI in India is being governed by Master Circular on Foreign Investment, as updated from time to time by RBI and Master Direction– Foreign Investment in India (updated up to March 08, 2019). In terms of the Master Circular, an Indian company may issue fresh shares to people resident outside India (who is eligible to make investments in India, for which eligibility criteria are as prescribed). Such fresh issue of shares shall be subject to inter-alia, the pricing guidelines prescribed under the Master Circular and Master Direction. The Indian company making such fresh issue of shares would be subject to the reporting requirements, inter-alia with respect to consideration for issue of shares and also subject to making certain filings including filing of Form FC-GPR.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT, all investments by entities incorporated in a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government of India, as prescribed in the Consolidated FDI Policy.

As per the existing policy of the Government, OCBs were not permitted to participate in this issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge, or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates, and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

In terms of the FEMA NDI Rules, a person resident outside India may make investments into India, subject to certain terms and conditions, and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

The transfer of shares between an Indian resident to a non-resident does not require the prior approval of the RBI, subject to fulfilment of certain conditions as specified by DIPP/RBI, from time to time. Such conditions include:

the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the Takeover Regulations;

the non-resident shareholding is within the sectoral limits under the FDI policy; and

the pricing is in accordance with the guidelines prescribed by the SEBI / RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country (“Restricted Investors”), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction / purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government

of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required, and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Issue in writing about such approval along with a copy thereof within the Issue Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not offer, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

INVESTMENT CONDITIONS/RESTRICTIONS FOR OVERSEAS ENTITIES

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Schedule I to X of Foreign Exchange Management (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment up to aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non- resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

INVESTMENT BY FPIS UNDER PORTFOLIO INVESTMENT SCHEME (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall be less than 10 % of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paid-up value of each series of debentures or preference shares or share warrants. The said limit of 10 percent and 24 percent will be called the individual and aggregate limit, respectively. However, this aggregate limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

INVESTMENT BY NRI OR OCI ON REPATRIATION BASIS

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as “Capital Instruments”) of a listed Indian company on a recognised stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Schedule III of the Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The total holding by any individual NRI or OCI shall not exceed 5 percent of the total paid-up equity capital on a fully diluted basis or should not exceed 5 percent of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10 percent of the total paid-up equity capital on a fully diluted basis or shall not exceed 10 percent of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10 percent may be raised to 24 percent if a special resolution to that effect is passed by the general body of the Indian company.

INVESTMENT BY NRI OR OCI ON NON-REPATRIATION BASIS

As per current FDI Policy 2020, Investment by NRIs under Schedule IV of Foreign Exchange Management (Non- Debt Instruments) Rules, 2019 will be deemed to be domestic investment at par with the investment made by residents– Purchase/sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non-repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended (“US Securities Act”) or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of “US Persons” as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers, and sale occur.

Further, no Issue to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the “Prospectus Directive”) has been or will be made in respect of the Issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such Issue made under exemptions available under the Prospectus Directive, provided that no such Issue shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold, and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and **regulations**.

- (ii) To every such separate meeting, the provisions of these regulations relating general meetings shall *mutatis mutandis* apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.
- 7.** The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further share ranking *pari passu* therewith.

8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

Lien

9 . (i) The company shall have a first and paramount lien—

(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and

(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company:

Provided that the Board of directors may at any time declare any share to wholly or in part exempt from the provisions of this clause.

(ii) The company's lien, if any, on a share shall extend to all dividend bonuses declared from time to time in respect of such shares.

10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:

Provided that no sale shall be made—

(a) unless a sum in respect of which the lien exists is presently payable; or

(b) until the expiration of fourteen days after a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

11. (i) To give effect to any such sale, the Board may authorise some person to transfer the shares sold to the purchaser thereof.

(ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.

(iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

12. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

Calls on Shares

13. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call

(ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.

(iii) A call may be revoked or postponed at the discretion of the Board

14. A call shall be deemed to have been made at the time when the resolution of the Board authorising the call was passed and may be required to be paid by instalments.

15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

16. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent. per annum or at such lower rate, if any, as the Board may determine.

(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.

17. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.

(ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

18. The Board—

(a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and

(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent. per annum, as may be agreed upon between the Board and the member paying the sum in advance.

Transfer of Shares

19. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.

(ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

20. The Board may, subject to the right of appeal conferred by section 58 decline to register—

(a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or

(b) any transfer of shares on which the company has a lien.

21. The Board may decline to recognise any instrument of transfer unless—

(a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;

(b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and

(c) the instrument of transfer is in respect of only one class of shares.

22. On giving not less than seven days' previous notice in accordance with section 91 and rules made thereunder, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

Transmission of shares

23. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a shareholder, shall be the only persons recognized by the company as having any title to his interest in the shares.

(ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

24. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either—

(a) to be registered himself as holder of the share; or

(b) to make such transfer of the share as the deceased or insolvent member could have made.

(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

25. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.

(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have complied with.

Forefeiture of Shares

27. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.

28. The notice aforesaid shall—

(a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and

(b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

29. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect

30. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.

(ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

31. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.

(ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.

32. (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;

(ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;

(iii) The transferee shall thereupon be registered as the holder of the share; and

(iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

33. The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified.

Alteration of Capital

34. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.

35. Subject to the provisions of section 61, the company may, by ordinary resolution,—

(a) consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;

(b) convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;

(c) sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;

(d) cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken

by any person.

36. Where shares are converted into stock,—

(a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

(b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words “share” and “shareholder” in those regulations shall include “stock” and “stock-holder” respectively.

37. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorised and consent required by law,—

(a) its share capital;

(b) any capital redemption reserve account; or

(c) any share premium account.

Capitalisation of Profits

38. (i) The company in general meeting may, upon the recommendation of the Board, resolve—

(a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company’s reserve accounts, or to the credit of the profit and loss account, or otherwise available for distribution; and

(b) that such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

(ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards—

(A) paying up any amounts for the time being unpaid on any shares held by such members respectively;

(B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;

(C) partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);

(D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;

(E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.

39. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall—

(a) make all appropriations and applications of the undivided profits resolved to be capitalised thereby, and all allotments and issues of fully paid shares if any; and

(b) generally do all acts and things required to give effect thereto.

(ii) The Board shall have power—

(a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and

(b) to authorise any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalisation, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalised, of the amount or any part of the amounts remaining unpaid on their existing shares;

(iii) Any agreement made under such authority shall be effective and binding on such members.

Buy back of Shares

40. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

General Meetings

41. All general meetings other than annual general meeting shall be called extraordinary general meeting.

42. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.

(ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

Procedure at General Meetings

43 (i) No business shall be transacted at any general meeting unless a quorum of members is present at the time when the meeting proceeds to business.

(ii) Save as otherwise provided herein, the quorum for the general meetings shall be as provided in section 103.

44 . The chairperson, if any, of the Board shall preside as Chairperson at every general meeting of the company.

45. If there is no such Chairperson, or if he is not present within fifteen minutes after the time appointed for holding the meeting, or is unwilling to act as chairperson of the meeting, the directors present shall elect one of their members to be Chairperson of the meeting.

46. If at any meeting no director is willing to act as Chairperson or if no director is present within fifteen minutes after the time appointed for holding the meeting, the members present shall choose one of their members to be Chairperson of the meeting.

Adjournment of Meetings

47 . (i) The Chairperson may, with the consent of any meeting at which a quorum is present, and shall, if so directed by the meeting, adjourn the meeting from time to time and from place to place.

(ii) No business shall be transacted at any adjourned meeting other than the business left unfinished at the meeting from which the adjournment took place.

(iii) When a meeting is adjourned for thirty days or more, notice of the adjourned meeting shall be given as in

the case of an original meeting.

(iv) Save as aforesaid, and as provided in section 103 of the Act, it shall not be necessary to give any notice of an adjournment or of the business to be transacted at an adjourned meeting.

Voting Rights

48. Subject to any rights or restrictions for the time being attached to any class or classes of shares,—

(a) on a show of hands, every member present in person shall have one vote; and

(b) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

49. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.

50. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

(ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.

51. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.

52. Any business other than that upon which a poll has been demanded may be proceeded with, pending the taking of the poll.

53. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid.

54. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.

(ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

55. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarised copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

56. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105.

57. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Board of Directors

58. The number of the directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them.

Following shall be the first directors of the Company:

- Sanjay Kumar Popli
- Seema

59. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.

(ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them—

(a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company; or

(b) in connection with the business of the company.

60. The Board may pay all expenses incurred in getting up and registering the company.

61. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that (section) make and vary such regulations as it may think fit respecting the keeping of any such register.

62. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.

63. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.

64. (i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.

(ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

Proceedings of the Board

65. (i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.

(ii) A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.

66. (i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.

(ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.

67. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.

68. (i) The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.

(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.

69. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.

(ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.

70 . (i) A committee may elect a Chairperson of its meetings.

(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.

71. (i) A committee may meet and adjourn as it thinks fit.

(ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.

72. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

73. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer

74. Subject to the provisions of the Act,—

(i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;

(ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

75. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

The Seal

76. (i) The Board shall provide for the safe custody of the seal.

(ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorised by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

Dividends and Reserve

77. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

78. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

79. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be

applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.

(ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

80. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

(ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

(iii) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

81. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

82. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

(ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

83. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

84. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

85. No dividend shall bear interest against the company.

Accounts

86. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

(ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorised by the Board or by the company in general meeting.

Winding Up

87. Subject to the provisions of Chapter XX of the Act and rules made thereunder—

(i) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.

(ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

(iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

88. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal.
